(6) "Benefit value" means a numerical value based on the expected dollar value of benefits payable to an insured under a health benefit plan. The benefit value must be calculated by the small employer carrier using an actuarially based method and must take into account all health care expenses covered by the health benefit plan and all cost-sharing features of the health benefit plan, including deductibles, coinsurance, copayments, and the insured individual's maximum out-of-pocket expenses. (a) an insurance company or health service corporation that is an affiliate of a health maintenance organization located in this state;

(b) a health maintenance organization located in this state that is an affiliate of an insurance company or health service corporation; or

(c) a health maintenance organization that operates only one health maintenance organization in an established geographic service area of this state.

(9) "Case characteristics" means demographic or other objective characteristics of a small employer that are considered by the small employer carrier in the determination of premium rates for the small employer, provided that gender, claims experience, health status, and duration of coverage are not case characteristics for purposes of this part.

The term includes a sole proprietor, a partner of a partnership, and an independent contractor if the sole proprietor, partner, or independent contractor is included as an employee under a health benefit plan of a small employer. The term also includes those persons eligible for coverage under 2-18-704.

(13) "Established geographic service area" means a geographic area, as approved by the commissioner and based on the carrier's certificate of authority to transact insurance in this state, within which the carrier is authorized to provide coverage.

(14) "Health benefit plan" means any hospital or medical policy or certificate providing for physical and mental health care issued by an insurance company, a fraternal benefit society, or a health service corporation or issued under a health maintenance organization subscriber contract. Health benefit plan does not include coverage of excepted benefits, *as defined in 33-22-140*, if coverage is provided under a separate policy, certificate, or contract of insurance.

In the case of an employer that was not in existence throughout the preceding calendar year, the determination of whether the employer is a small or large employer must be based on the average number of employees reasonably expected to be employed by the employer in the current calendar year. In determining the number of eligible employees, companies are considered one employer if they:

- (a) are affiliated companies;
- (b) are eligible to file a combined tax return for purposes of state taxation; or
- (c) are members of a bona fide association.

(21) "Small employer carrier" means a carrier that offers health benefit plans that cover eligible employees of one or more small employers in this state.

(22) "Standard health benefit plan" means a health benefit plan that is developed by a small employer carrier and that contains the provisions required pursuant to 33-22-1828."

Section 1. Class B-13—nonresident youth big game combination license. (1) Except as otherwise provided in this chapter, a person who is not a resident, as defined in 87-2-102, and who is 12 years of age or older or will turn 12 years old before or during the season for which the license is issued and who is

under 18 years of age may, upon payment of a fee of one-half the cost of a regularly priced Class B-10 nonresident big game combination license, [plus the nonresident hunting access enhancement fee in 87-2-202(3)(d),] and subject to the limitations prescribed by law and department regulation, apply to the fish, wildlife, and parks office in Helena, Montana, to purchase a Class B-13 nonresident youth big game combination license.

(2) The holder of a Class B-13 license is entitled to all the privileges of a Class B license, a Class B-1 license, a Class B-7 license, an elk tag, and a nonresident wildlife conservation license. When using a Class B-13 license, the holder must be accompanied by an adult immediate family member who is the holder of a valid nonresident Class B-10 or Class B-11 combination license or who is the holder of a valid resident deer or elk tag. As used in this subsection, an adult immediate family member means an applicant's natural or adoptive parent, grandparent, brother, or sister who is 18 years of age or older.

(3) Not more than 300 Class B-13 licenses are authorized for sale each license year. Class B-13 licenses are not included in the limit on the number of available Class B-10 nonresident big game combination licenses issued pursuant to 87-2-505.

(4) The holder of a valid Class B-13 license may apply for a Class B-12 nonresident elk B tag license when authorized by the commission pursuant to 87-2-104. Section 2. Section 87-2-104, MCA, is amended to read:

"87-2-104. Number of licenses allowed — fees. (1) It is unlawful for any person to apply for, purchase, or possess more than one license of any one class or more than one special license for any one species listed in 87-2-701. This provision does not apply to Class B-4 or Class B-5 licenses or to licenses issued under subsection (3) for game management purposes. However, when more than one license is authorized by the commission, it is unlawful to apply for, purchase, or possess more licenses than are authorized.

(2) The department may prescribe rules and regulations for the issuance or sale of a replacement license in the event the original license is lost, stolen, or destroyed upon payment of a fee not to exceed \$5.

An applicant must have a Class A-5 or Class A-7 license to be eligible for a Class A-9 license. An applicant must have a Class B-10 or Class B-13 license to be eligible for a Class B-12 license. The commission shall determine the hunting districts or portions of hunting districts for which Class A-9 and Class B-12 licenses are to be issued, the number of licenses to be issued, and all terms and conditions for the use of the licenses.

(5) The fee for any resident or nonresident license of any class issued under subsection (3) must be set annually by the department and may not exceed the regular fee provided by law for that class or species.”

Section 3. Section 87-2-511, MCA, is amended to read:

(1) As provided in 87-1-265, the department may establish and administer a voluntary program to enhance the block management program, to be known as the hunting access enhancement program. The program must be designed to provide tangible benefits to participating private landowners who grant access to their land for public hunting.

(2) Land is not eligible for inclusion in the hunting access enhancement program if outfitting or commercial hunting restricts public hunting opportunities.

(3) A contract for participation in the hunting access enhancement program is established through a cooperative agreement between the landowner and the department that will guarantee reasonable access for public hunting. Landowners may also form a voluntary association when development of a unified cooperative agreement is advantageous. A cooperative agreement must contain a detailed description of the plan developed by the landowner and the department and may include but is not limited to:

An affected landowner’s management goals and personal observations regarding game populations and habitat use must be considered in developing the plan.

(5) The commission shall develop rules for determining tangible benefits to be provided to a landowner for providing public hunting access. Benefits will be provided to offset potential impacts associated with public hunting access, including but not limited to those associated with general ranch maintenance, conservation efforts, weed control, fire protection, liability insurance, roads, fences, and parking area maintenance. Factors used in determining benefits may include but are not limited to:

(a) the number of days of public hunting provided by a participating landowner;

- (b) wildlife habitat provided;
- (c) resident game populations;
- (d) number, sex, and species of animals taken; and
- (e) access provided to adjacent public lands.

(6) Benefits earned by a landowner under this section may be applied in, but application is not limited to, the following manner:

(a) A landowner may direct weed control payments to be made directly to the county weed control board or may elect to receive payments directly.

(b) A landowner may direct fire protection payments to be made to the local fire district or the county where the landowner resides or may elect to receive payments directly.

(c) A landowner may receive direct payment to offset insurance costs incurred for allowing public hunting access.

(8) The restriction on liability of a landowner, agent, or tenant that is provided under 70-16-302(1) applies to a landowner who participates in the hunting access enhancement program. (Terminates March 1, 2006—sec. 6, Ch. 544, L. 1999; sec. 9, Ch. 216, L. 2001.)”

(1) The governor shall appoint a committee of persons interested in issues related to hunters, anglers, landowners, and outfitters, including but not limited to the hunting access enhancement program, the fishing access enhancement program, landowner-hunter relations, outfitting industry issues, and other issues related to private lands and public wildlife. The committee must have broad representation of landowners, outfitters, and sportspersons. The department may provide administrative assistance as necessary to assist the review committee.

(2) (a) The review committee shall report to the governor and to ~~the 58th~~ *each* legislature regarding the success of various elements of the hunting access enhancement program, including a report of annual landowner participation, the number of acres annually enrolled in the program, hunter harvest success on enrolled lands, the number of qualified applicants who were denied enrollment because of a shortfall in funding, and an accounting of program expenditures, and make ~~suggestions~~ *recommendations* for funding, modification, or improvement needed to achieve the objectives of the program. *The department shall provide fiscal analyses of all hunting access enhancement program funding sources to the review committee for review and recommendations.*

(3) The director may appoint additional advisory committees that are considered necessary to assist in the implementation of the hunting access enhancement program and the fishing access enhancement program and to advise the commission regarding the development of rules implementing the hunting access enhancement program and the fishing access enhancement program. (Terminates March 1, 2006—sec. 6, Ch. 544, L. 1999; sec. 6, Ch. 196, L. 2001.)”

Section 5. Section 87-2-702, MCA, is amended to read:

“87-2-702. Restrictions on special licenses. (1) A person who has killed or taken any game animal, except a deer, an elk, or an antelope, during the current license year is not permitted to receive a special license under this chapter to hunt or kill a second game animal of the same species.

(2) The commission may require applicants for special permits authorized by this chapter to obtain a valid big game license for that species for the current year prior to applying for a special permit.

CHAPTER NO. 475

[HB 331]

AN ACT PROVIDING FOR MEDICAL MALPRACTICE INSURANCE WHEN
THE INSURANCE IS NOT REASONABLY AVAILABLE; CREATING AN

ASSOCIATION CONSISTING OF CERTAIN CASUALTY INSURERS TO PROVIDE THE INSURANCE; PROVIDING A PROCESS FOR DETERMINING AVAILABILITY OF MEDICAL MALPRACTICE INSURANCE; CREATING A STABILIZATION RESERVE FUND; AND AMENDING SECTION 33-11-105, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The legislature finds that if a crisis exists because of the potential unavailability of medical malpractice insurance caused by carrier withdrawals from the Montana market, carrier insolvency, underwriting practices of existing carriers, high cost, and other reasons not attributable to neglect, oversight, or willfulness of a prospective policyholder, alternative programs should be employed to help ensure that medical malpractice insurance remains available to Montana health care providers and health care facilities. The purpose of [sections 1 through 20] is to provide a solution to the unavailability of medical malpractice insurance. Although [sections 1 through 20] will not resolve the underlying causes of unavailability and high cost, which extend beyond the insurance mechanism, it is anticipated that future legislation will deal on a more permanent basis with the root causes of the current crisis.

Section 2. Definitions. As used in [sections 1 through 20], the following definitions apply:

(1) "Association" means the joint underwriting association established pursuant to the provisions of [sections 1 through 20].

(2) "Committee" means a committee designated by the commissioner to coordinate the activities of the market assistance plan and composed of licensed insurance producers, insurers authorized to sell medical malpractice insurance in this state, and eligible surplus lines insurers.

(3) "Health care provider" has the meaning provided in 27-6-103.

(4) "Market assistance plan" means a voluntary mechanism operated by a committee to assist health care providers and health care facilities to buy medical malpractice insurance when medical malpractice insurance is not reasonably available in the voluntary market.

(5) "Medical malpractice insurance" means insurance coverage against the legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death of or injury to any person as the result of negligence in rendering professional service by a health care provider.

(6) "Net direct premiums" means gross direct premiums on casualty insurance, excluding premiums written by a risk retention group as defined in 33-11-102, written pursuant to the provisions of the insurance laws of Montana, including the liability component of multiple-peril package policies as computed by the commissioner, less return premiums or the unused or unabsorbed portions of premium deposits.

(7) "Voluntary market" means insurers authorized to write medical malpractice insurance in this state, captive insurers authorized to write medical malpractice insurance in this state, and eligible surplus lines insurers, if approved by the commissioner based on financial stability of the surplus lines insurer and the cost and coverage of the medical malpractice policies available from the surplus lines insurers.

Section 3. Market review. (1) After providing notice to all insurers eligible to sell medical malpractice insurance in this state, including eligible surplus lines insurers, the commissioner shall perform a market review to determine the availability of medical malpractice insurance before implementing a market assistance plan under [section 4] or a joint underwriting association under [section 5].

(2) The commissioner shall compile a list of insurers in the voluntary market.

(3) After holding a hearing, the commissioner shall determine whether medical malpractice insurance is reasonably available pursuant to subsection (4) for:

- (a) health care providers, other than health care facilities; or
- (b) health care facilities.

(4) In determining whether medical malpractice insurance is reasonably available, the commissioner shall consider whether:

(a) there is a significant likelihood of a lack of available health care services to the public because of the cost or unavailability of medical malpractice insurance;

(b) a significant portion of the members of a class of health care providers:

(i) cannot obtain medical malpractice insurance from medical malpractice insurers for reasons not attributable to negligence, neglect, oversight, or willfulness of the health care providers; or

(ii) is uninsured as a result of new underwriting restrictions unrelated to the acts or omissions of the health care providers or because of the insolvency of a medical malpractice insurer.

Section 4. Market assistance plan. (1) If the commissioner determines under [section 3] that medical malpractice insurance is not reasonably available, the commissioner shall attempt to form a market assistance plan for medical malpractice insurance before implementing a joint underwriting association under [section 5].

(2) The commissioner may establish a market assistance plan only if the commissioner determines that there exists a sufficient number of insurers in the voluntary market willing to underwrite standard risks at adequate coverage limits.

(3) If an insurer in the voluntary market declines to participate in the market assistance plan, the insurer shall state both the business and the financial reasons for not participating in the market assistance plan.

(4) The commissioner, in consultation with the committee, shall develop a plan of operation for the market assistance plan.

(5) The market assistance plan may include a reasonable processing fee to applicants that seek medical malpractice insurance coverage through the market assistance plan.

(6) Licensed insurance producers may receive a reasonable commission for medical malpractice insurance placed in the market assistance plan. The plan of operation may allow a commission to be paid regardless of whether the producer is appointed or otherwise represents the insurer accepting the risk.

Section 5. Joint underwriting association. (1) A joint underwriting association is created, consisting of all insurers authorized to write or engaged in writing casualty insurance within this state, including insurers writing multiple-peril package policies but excluding risk retention groups. Each insurer shall remain a member of the association as a condition of the insurer's authority to continue to write casualty insurance in this state. The purpose of the association is to provide medical malpractice insurance on a self-supporting basis.

(2) The association may not commence underwriting operations for health care providers, other than health care facilities, until the commissioner has conducted a market review under [section 3], determined that medical malpractice insurance is not reasonably available for health care providers, other than health care facilities, in the voluntary market, and attempted to establish a market assistance plan. Upon the commissioner determining that the market assistance plan has not achieved reasonably available medical malpractice insurance, the commissioner shall notify the association that it may issue policies of medical malpractice insurance to health care providers, other than health care facilities. The association need not be the exclusive agency through which medical malpractice insurance may be written in this state on a primary basis for health care providers, other than health care facilities.

(3) The association may not commence underwriting operations for health care facilities until the commissioner has conducted a market review under [section 3], determined that medical malpractice insurance is not reasonably available for those facilities in the voluntary market, and attempted to establish a market assistance plan. Upon the commissioner determining that the market assistance plan has not achieved reasonably available medical malpractice insurance, the commissioner shall notify the association that it may issue policies of medical malpractice insurance to health care facilities. The association need not be the exclusive agency through which medical malpractice insurance may be written in this state on a primary basis.

(4) If the commissioner determines at any time that medical malpractice insurance is reasonably available in the voluntary market for the health care providers referred to in either subsection (2) or (3), the association shall cease its underwriting operations for the medical malpractice insurance that the commissioner has determined is reasonably available in the voluntary market.

(5) The association may operate for a period of 3 years. At the end of the 3-year period, the association must be dissolved unless the commissioner, after notice and a hearing, reauthorizes the operations of the association. If the commissioner determines that adequate medical malpractice insurance is available in the voluntary market, the commissioner shall order the association to end its underwriting operations and shall supervise the dissolution of the association, including settlement of all financial and legal obligations and distribution of any remaining assets.

Section 6. Authority to issue policies. The association may:

(1) subject to limits specified in the association's plan of operation, but not to exceed \$2 million for each claimant under one policy and \$4 million for all claimants under one policy in any 1 year, issue or cause to be issued policies of medical malpractice insurance to applicants, including incidental coverages;

(2) underwrite the medical malpractice insurance and assume reinsurance from its members; and

(3) cede reinsurance.

Section 7. Plan of operation — submission — amendment. (1) Within 45 days after the creation of the association, the board of directors of the association shall submit to the commissioner for the commissioner's review a proposed plan of operation consistent with the provisions of [sections 1 through 20]. The plan is effective upon order of the commissioner.

(2) The plan of operation must provide for economic, fair, and nondiscriminatory administration and for the prompt and efficient provision of medical malpractice insurance. The plan must contain a preliminary assessment against all members for initial expenses necessary to commence operations and establish necessary facilities and an annual assessment against all members for the costs of managing the association, losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers, and procedures for determining amounts of medical malpractice insurance to be provided by the association.

(3) The plan of operation must provide that the premium for all policyholders of the association, as a group, must be equal to the administrative expenses, loss, loss adjustment expenses, and taxes, plus a reasonable allowance for contingencies and servicing. Policyholders must be given full credit for all association investment income, after deduction of association expenses and a reasonable management fee, on policyholder premiums.

(4) Amendments to the plan of operation may be made by the board of directors of the association, subject to the approval of the commissioner.

Section 8. Application for coverage. (1) After a determination of unavailability is made under [section 5(2) or (3)], a health care provider may apply to the association for coverage. The application may be made on behalf of an applicant by a broker or agent authorized by the applicant.

(2) If the association determines that the applicant meets the underwriting standards of the association as prescribed in the plan of operation and that there is no unpaid, uncontested premium due from the applicant for prior medical malpractice insurance, as shown by the insured having failed to make written objections to the premium charges within 30 days after billing, then the association, upon receipt of the premium or the portion of the premium that is prescribed in the plan of operation, shall issue a policy of medical malpractice insurance for a term of 1 year.

Section 9. Rates — approval. (1) The rates, rating plans, rating rules, rating classifications, territories, policy forms applicable to the medical malpractice insurance written by the association, and related statistics pursuant to 33-1-501, 33-1-502, and Title 33, chapter 16, must give consideration to the past and prospective loss and expense experience for medical malpractice insurance of the association, trends in the frequency and severity of losses, the investment income of the association, and other information that the commissioner may require.

(2) Within the time directed by the commissioner, the association shall submit an initial filing of policy forms, classifications, rates, rating plans, and rating rules applicable to medical malpractice insurance to be written by the association pursuant to 33-1-501, 33-1-502, and Title 33, chapter 16.

(3) After the initial year of operation, rates, rating plans, rating rules, and any provision for recoupment through member assessment or a premium rate increase must be based upon the association's loss and expense experience,

together with other information based upon that experience that the commissioner considers appropriate. Any resulting member assessment or a premium rate increase must be on an actuarially sound basis and be calculated to make the association self-supporting.

Section 10. Recoupment of deficit and member assessments. (1) (a) If the association experiences an underwriting deficit for any year, the deficit must be recouped as provided in the plan of operation and the rating plan must contain the procedures provided for in subsections (1)(b) and (1)(c).

(b) The board of directors shall certify the underwriting deficit to the commissioner. The certification is subject to the review of the commissioner.

(c) After review of the certification, the deficit must be recouped by:

(i) first, reimbursement of the deficit in the following order:

(A) from the stabilization reserve fund, as provided in [section 11];

(B) a premium contingency assessment on the association's policyholders, as provided in [section 12], if the reimbursement in subsection (1)(c)(i)(A) is insufficient; and

(C) an assessment upon the members, as provided in [section 15], if the reimbursement in subsections (1)(c)(i)(A) and (1)(c)(i)(B) is insufficient; and

(ii) second, a premium rate increase on the association's policyholders applicable prospectively, as provided in [section 9].

(2) Reimbursements from the stabilization reserve fund and premium contingency assessments imposed under this section and premiums collected under [sections 9 and 16] and subsection (1)(c)(ii) of this section must be sufficient to recoup all expenses of the association and to reimburse the members for all assessments imposed on them by the association.

Section 11. Stabilization reserve fund. (1) The commissioner shall establish a stabilization reserve fund.

(2) (a) Each policyholder shall pay to the association a stabilization reserve fund charge equal to 15% of each premium payment due for insurance through the association. The stabilization reserve fund charge must be stated separately in the policy and is payable with each premium payment. The association shall cancel the policy of any policyholder who fails to pay the premium stabilization reserve fund charge.

(b) The stabilization reserve fund charge does not constitute a part of the premium and is not subject to premium taxation, servicing fees, acquisition costs, commissions, or any other charges. The stabilization reserve fund charge may not be considered a premium for the purpose of any assessments levied under [section 15].

(3) (a) The association shall collect and administer the stabilization reserve fund charge. The stabilization reserve fund charge must be treated as a liability of the association along with and in the same manner as premium and loss reserves.

(b) All money received by the stabilization reserve fund must be held in trust by a corporate trustee selected by the association. The corporate trustee may invest the money held in trust, subject to the approval of the association. All investment income must be credited to the stabilization reserve fund. All expenses of administration of the stabilization reserve fund must be charged against the fund. The money held in trust may be used only for the purpose of

recoupment of any deficit sustained by the association, as provided in [section 10].

(c) Collections of the stabilization reserve fund charge continue throughout each calendar year for which the fund is established. However, a charge may not be assessed:

(i) during the next succeeding calendar year if the net balance in the stabilization reserve fund after recoupment of any prior year's deficit equals or exceeds the association's estimate of the projected sum of premiums to be written in the calendar year following the valuation date of the fund; or

(ii) in any year in which a premium contingency assessment is collected, as provided in [section 12].

(4) The stabilization reserve fund charge is not refundable if the policy is canceled after the 90th day of coverage.

(5) Upon dissolution of the association as provided in [section 5(5)], the commissioner shall order that any funds remaining in the stabilization reserve fund be reimbursed to the policyholders in proportion to the amounts of the stabilization reserve fund charges paid by the policyholders.

Section 12. Premium contingency assessment to cover deficit. (1) If the association suffers an underwriting deficit for any year and recoupment of the underwriting deficit by reimbursement, as provided in [section 10(1)(c)(i)(A)], is insufficient, each association policyholder shall pay to the association a premium contingency assessment as provided in the plan of operation. The assessment must bear the same ratio to the amount of the deficit as the policyholder's premium for the year for medical malpractice insurance written or reinsured by the association bore to the total premiums paid to the association for the year. The association may cancel any policy of any policyholder who fails to pay the premium contingency assessment and need not defend or pay any future claims against that policyholder. A deficit premium contingency assessment that cannot be collected from a policyholder may not be assessed against any other policyholder.

(2) The association shall amend the amount of its certification of deficit to the commissioner as the value of its incurred losses becomes finalized, and the association, may amend its recoupment procedure accordingly.

(3) The board of directors may require all members to contribute on a temporary basis to the financial requirements of the association prior to recoupment of any deficit in the proportion specified in the plan.

(4) The association may not collect stabilization reserve assessments, as provided in [section 11], in any year in which premium contingency assessments are collected under this section.

Section 13. Claims-made policies. The association shall offer policies on a claims-made basis. The premiums charged for claims-made policies must be established on an actuarially sound basis and as provided in Title 33, chapter 16.

Section 14. Risk management. (1) The association shall establish a risk management program for persons or entities insured by the association.

(2) The risk management program must include:

(a) standards for systematic investigation and reporting of claims and incidents; and

(b) a loss control program. The loss control program must include procedures for:

- (i) analysis of claim frequency, severity, and causes of loss;
- (ii) identification of situations that may produce large losses;
- (iii) development of measures to control losses;
- (iv) monitoring of the effectiveness of the loss control measures that are implemented; and
- (v) education of insured health care providers and health care facilities on methods to reduce or prevent losses.

(3) The commissioner shall appoint an advisory council consisting of three health care providers and three professional insurance risk managers to provide advice to the association on risk management activities.

Section 15. Financial participation by association members. (1) Each member of the association shall participate in the association's medical malpractice insurance policies, expenses, profits, and losses in the proportion that the net direct premiums of the member during the preceding calendar year, after excluding that portion of premiums attributable to the operation of the association, bears to the aggregate net direct premiums of all members of the association.

(2) Each member's participation in the association must be determined annually on the basis of the net direct premiums written during the preceding calendar year as reported in the annual statements and other reports filed by the insurer with the commissioner.

(3) A member is not obligated to reimburse the association for the member's proportionate share in a deficit from operations of the association in any calendar year in an amount greater than 1% of the member's net direct written premium for the preceding calendar year on policies written in this state for casualty insurance. The aggregate amount not reimbursed must be reallocated among the remaining members in accordance with the method of determining participation after excluding from the computation the total net direct premiums of all members not sharing in the excess deficit. If the deficit from operations allocated to all members of the association in any calendar year exceeds 1% of the member's net direct written premium for the preceding calendar year on policies written in this state for casualty insurance, the amount of the deficit must be allocated to each member in accordance with the method of determining participation. A member may not be assessed an amount that would jeopardize that member's solvency.

Section 16. Recognition of assessments in rates. The rates and premiums charged for insurance policies to which [sections 1 through 20] apply must include amounts sufficient to recoup a sum equal to the amounts paid to the association by the member less any amounts returned to the member by the association, and these rates may not be considered excessive because they contain an amount reasonably calculated to recoup assessments paid by the member.

Section 17. Directors. The association must be governed by an annually elected board of directors. Eight directors must be elected by cumulative voting of members of the association, whose votes must be weighted in the proportion that a member's net direct premiums during the preceding calendar year bears to the net direct premiums of all the members during the preceding calendar

year. Three directors must be appointed by the commissioner as representatives of the medical profession, and the appointments must be made at or before each annual meeting. The eight directors serving on the first board who are to be elected by members of the association must be elected at a meeting of the members held at a time and place designated by the commissioner.

Section 18. Appeals and judicial review. For matters that the law or the plan of operation defines as appealable, an applicant for medical malpractice insurance, insured health care provider or health care facility, or association member may appeal to the commissioner within 30 days after a decision by or on behalf of the association. An order of the commissioner is subject to judicial review as provided in Title 33.

Section 19. Annual statements. The association shall file in the office of the commissioner on or before March 1 of each year a statement containing information with respect to the association's transactions, condition, operations, and affairs during the preceding calendar year. The statement must contain the matters and information and be in the format prescribed by the commissioner. The commissioner may at that time require the association to furnish additional information that the commissioner believes to be material and of assistance in evaluating the scope, operation, and experience of the association.

Section 20. Examination of association's affairs. The commissioner shall examine the affairs of the association at least annually.

Section 21. Section 33-11-105, MCA, is amended to read:

"33-11-105. Compulsory associations. (1) A risk retention group may not join or contribute financially to any insurance insolvency guaranty fund or similar mechanism in this state. In addition, a risk retention group or its insureds may not receive any benefit from any guaranty fund for claims arising out of the operations of the risk retention group.

(2) (a) ~~Except as provided in subsection (2)(b),~~ a risk retention group shall participate in this state's joint underwriting associations, mandatory liability pools, and similar mechanisms.

(b) *A risk retention group is excluded from participating in the joint underwriting association provided for in [section 5] and related financing mechanisms.*

(3) When a purchasing group obtains insurance covering its members' risks from an insurer not authorized in this state or from a risk retention group, the risks, wherever resident or located, may not be covered by any insurance guaranty fund or similar mechanism in this state.

(4) When a purchasing group obtains insurance covering its members' risks from an authorized insurer, only risks resident or located in this state may be covered by the state guaranty fund, subject to Title 33, chapter 10, part 1."

Section 22. Codification instruction. [Sections 1 through 20] are intended to be codified as an integral part of Title 33, chapter 23, and the provisions of Title 33 apply to [sections 1 through 20].

[HB 351]

AN ACT REQUIRING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO EXPLAIN THE REQUIREMENTS OF FIXING VALUES OF IMPROVEMENTS BY ARBITRATION; REQUIRING A LESSEE TO PROVIDE A LIST OF IMPROVEMENTS AND THEIR REASONABLE VALUE PRIOR TO RENEWAL OF A LEASE AND REQUIRING THAT THE INFORMATION BE PROVIDED TO A PARTY REQUESTING TO BID ON THE LEASE; CHANGING COURT VENUE FOR CONTESTING VALUES; AMENDING SECTIONS 77-6-302 AND 77-6-306, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-6-302, MCA, is amended to read:

“77-6-302. Compensation for improvements — actual costs. (1) *Prior to renewal of a lease, the department shall request from the lessee a listing of improvements on the land associated with the lease, including the reasonable value of the improvements. This information must be provided to any party requesting to bid on the lease.* When another person becomes the lessee of the lands, the person shall pay to the former lessee the reasonable value of the improvements. The reasonable value may not be less than the full market value of the improvements.

(2) If the former lessee is unable to produce records establishing the reasonable value or if the former lessee and the new lessee are unable to agree on the reasonable value of the improvements, the value must be ascertained and fixed as provided in 77-6-306. The former lessee shall initiate this process within 60 days of notification from the department that there is a new lessee. *The department notification must include an explanation of the requirements of 77-6-306.* Failure to initiate the process within this time period results in all improvements becoming the property of the state.

(3) Upon the termination of a lease, the department may grant a license to the former lessee to remove the movable improvements from the land. Upon authorization, the movable improvements must be removed within 60 days or they become the property of the state unless the department for good cause grants additional time for the removal. The department shall charge the former lessee for the period of time that the improvements remain on the land after the termination of the lease.”

Section 2. Section 77-6-306, MCA, is amended to read:

“77-6-306. Arbitrators to fix value of improvements. (1) If the owner of any improvements on state lands of the type authorized by law at the time they were placed on state lands desires to sell these improvements to the new lessee and they are unable to agree on the value of the improvements pursuant to 77-6-302, the value must be ascertained and fixed by three arbitrators, one of whom is appointed by the owner of the improvements, one by the new lessee, and the third by the two appointed arbitrators. If any party refuses to appoint an arbitrator within 15 days of being requested to do so by the director of the department, the director may appoint an arbitrator for that party. An arbitrator appointed by the director has the same duties and powers as if appointed by one of the parties. The value of the improvements must be ascertained and fixed pursuant to 77-6-302.

(2) The reasonable compensation that the arbitrators may fix for their services must be paid in equal shares by the owner of the improvements and the new lessee.

(3) The value of the improvements ascertained and fixed is binding on both parties. If either party is dissatisfied with the valuation, the party may within 10 days appeal from the decision to the department. The department shall examine the records pertaining to the costs of the improvements, and except as provided in subsection (4), its decision is final. The department shall charge and collect the actual cost of the reexamination to the owner and the new lessee in the proportion as, in its judgment, justice may demand.

(4) If either party is dissatisfied with the valuation fixed by the department, the party may within 30 days after receipt of the department's decision petition the district court in the county in which the majority of the state land is located ~~or the district court of Lewis and Clark County for judicial review of the decision for judicial review of the decision.~~

Section 2. Section 61-5-107, MCA, is amended to read:

"61-5-107. Application for license, instruction permit, or motorcycle endorsement. (1) Each application for an instruction permit, driver's license, commercial driver's license, or motorcycle endorsement must be made upon a form furnished by the department. Each application must be accompanied by the proper fee, and payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of 6 months from the date of application. driving record from each jurisdiction in which the applicant was licensed in the preceding 10-year period. The driving record may be transmitted manually or by electronic medium.

(b) When received, the driving records must be appended to the driver's record created and maintained in this state. The department may rely on information contained in driving records received under this section to determine the appropriate action to be taken against the applicant upon subsequent receipt of a report of a conviction or other conduct requiring suspension or revocation of a driver's license under state law. (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)”

(3) (a) When a person applies for renewal of a driver's license, the department shall conduct a records check in accordance with 61-5-110(1) to determine the applicant's eligibility status and shall test the applicant's eyesight. The department may also require the applicant to submit to a knowledge and skills test if:

- (i) the renewal applicant has a physical or mental disability, limitation, or condition that impairs, or may impair, the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway; and

(iv) The term of a license renewed by mail is 4 years, and a person may not renew by mail for consecutive license terms.

(e) The department shall mail a driver's license renewal notice no earlier than 60 days and no later than 30 days prior to the expiration date of a driver's license. The department shall mail the notice to the Montana mailing address shown on the driver's license unless the licensee has submitted a change of address as required by 61-5-115.

(4) (a) Except as provided in subsections (4)(b), ~~and~~ (4)(c), *and* (4)(d), a license expires on the anniversary of the licensee's birthday 8 years or less after the date of issue or on the licensee's 75th birthday, whichever occurs first.

(c) A license issued to a person who is under 21 years of age expires on the licensee's 21st birthday.

(d) *A license issued to a person who is a foreign national whose presence in the United States is temporarily authorized under federal law expires, as determined by the department, no later than the expiration date of the official document issued to the person by the bureau of citizenship and immigration services of the department of homeland security authorizing the person's presence in the United States.*

(5) Whenever the department issues an original license to a person under the age of 18 years, the license must be designated and clearly marked as a "provisional license". Any license designated and marked as provisional may be

suspended by the department for a period of not more than 12 months when its records disclose that the licensee, subsequent to the issuance of the license, has been guilty of careless or negligent driving.

(6) Fees for driver's licenses are:

(a) driver's license, except a commercial driver's license — \$5 a year or fraction of a year;

(b) motorcycle endorsement — 50 cents a year or fraction of a year;

(c) commercial driver's license:

(i) interstate — \$5 a year or fraction of a year;

(ii) intrastate — \$3.50 a year or fraction of a year;

Section 4. Section 61-5-125, MCA, is amended to read:

"61-5-125. Authority of department — rulemaking authority. (1) The department shall administer and enforce the provisions of this chapter.

The violation letter must describe the provision of the statute, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The letter must also recommend corrective actions that are necessary to return to compliance. Issuance of a*

violation letter under this subsection does not limit the authority of the department under this part to bring a judicial action for penalties or injunctive relief or to initiate an administrative enforcement action.

(b) the violator's prior history of violations;

(c) the economic benefit or savings, if any, to the violator resulting from the violator's action;

The person or operator, by filing a written request stating the reason for the request within 20 days of receipt of the notice of proposed penalty, is entitled to a hearing before the board on the issues of whether the alleged violation has occurred and whether the penalty proposed to be assessed is proper. These penalties are recoverable in an action brought by the department in district court.~~

(6) (a) *In addition to the violation letter sent pursuant to subsection (1), the department may also issue an order if it has credible information that a violation listed in subsection (2) has occurred. The order must specify the provision of the part, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The order may require necessary corrective action within a reasonable period of time, may assess an administrative penalty determined in accordance with this section, or both. After a hearing, the board shall affirm, modify, or rescind the order.*

~~(5)(7) Legal actions for penalties or injunctive relief under this section must be brought in the district court of the county in which the alleged violation occurred or, if mutually agreed to by the parties to the action, in any other judicial district. (b) ~~an additional civil~~ *an administrative* penalty of not less than \$100 or more than \$1,000 for each day during which a violation continues ~~following the service of notice of the violation.~~

(3) *The department may bring a judicial action seeking a penalty of not more than \$5,000 against a person who violates any of the provisions of this part, rules*

adopted or orders issued under this part or provisions of a permit, and a penalty of not more than \$5,000 for each day that the violation continues. In determining the amount of the penalty, the district court shall consider the factors in subsection (4).

(2)(4) The department shall take into account the following factors in determining whether to institute a civil penalty action and in determining the penalty amount:

- (a) the nature, circumstances, extent, and gravity of the violation;
- (b) the violator's prior history of violations within the past 3 years;
- (c) the economic benefit or savings, if any, to the violator resulting from the violator's action;
- (d) the amounts voluntarily expended by the violator to address or mitigate the violation or impacts of the violation; and
- (e) other matters that justice may require to decrease the amount of penalty.

~~(3) The department shall notify the person or operator of the violation. The department shall issue a statement of proposed penalty, including the penalty calculation that identifies and describes the factors considered pursuant to subsection (2), no more than 10 days after issuing the notice of violation. After a hearing provided for in 82-4-427, the board shall make findings of fact, issue a written decision as to the occurrence of the violation and, if the board finds that the violation occurred, the amount of penalty warranted, and order the payment of a penalty in that amount. If the time for requesting a hearing expires without a hearing request, the department shall make the findings of fact and issue the written decision and order. The person or operator shall remit the amount of any penalty within 30 days of the order. If the person or operator wishes to obtain judicial review of the assessment, the person or operator shall submit with the penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. A person or operator who fails to request and submit testimony at the hearing provided for in this subsection or who fails to pay the assessed penalty under protest within 30 days of the order assessing the penalty forfeits the right to seek judicial review of the violation or penalty determinations. These penalties are recoverable in an action brought by the department in the district court of the first judicial district, Lewis and Clark County, or in the district court of the county in which the open-cut mine is located.~~

(5) (a) *In addition to the violation letter sent pursuant to subsection (1), the department may also issue an order if it has credible information that a violation listed in subsection (2) has occurred. The order must specify the provision of the part, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The order may require necessary corrective action within a reasonable period of time, may assess an administrative penalty determined in accordance with this section, or both. The order must be served personally or by certified mail.*

(b) *An order issued pursuant to subsection (5)(a) becomes final unless, within 30 days after the order is served, the person to whom the order is issued submits to the board a written request for a hearing stating the reason for the request. Service of an order by mail is complete 3 business days after mailing. If a request for a hearing is filed, a hearing must be held within a reasonable time under the contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6. After a hearing, the board shall affirm, modify, or rescind the order.*

~~(4)(6)~~ The department may bring an action to enjoin an operator or other person violating or threatening to violate this part, rules adopted pursuant to this part, or a permit issued pursuant to this part. *Actions for injunctions or penalties must be filed in the district court of the first judicial district, Lewis and Clark County, or in the district court of the county in which the opencut mine is located or, if mutually agreed on by both parties in the action, in the first judicial district, Lewis and Clark County.*

(7) The provisions of this section do not limit the authority of the department to bring a judicial action for penalties or injunctive relief prior to or instead of initiating an administrative enforcement action under this part."

Section 4. Coordination instruction. If both House Bill No. 429 and [this act] are passed and approved, then the amendments to 82-4-441 in both House Bill No. 429 and [this act] are void and 82-4-441 must read as follows:

"82-4-441. Penalty Administrative and judicial penalties — enforcement. (1) *When the department has reason to believe that a person is in violation of this part, a rule adopted or an order issued under this part, or a term or condition of a permit issued under this part, it shall send a violation letter to the person. The violation letter must describe the provision of the statute, rule, order, or permit alleged to be violated and the facts alleged to constitute the violation. The letter must also recommend corrective actions that are necessary to return to compliance. Issuance of a violation letter under this subsection does not limit the authority of the department under this part to bring a judicial action for penalties or injunctive relief or to initiate an administrative enforcement action.*

~~(1)(2)~~ By issuance of an order pursuant to subsection (5), the department may assess against a person who violates any of the provisions of this part, rules adopted or orders issued under this part, or provisions of a reclamation permit:

(a) ~~a civil~~ an administrative penalty of not less than \$100 or more than \$1,000 for the violation; and

In determining the amount of the penalty, the district court shall consider the factors in subsection (4).

(4) Penalties assessed under this section must be determined in accordance with the penalty factors in [section 3 of House Bill No. 429].

~~(2) The department shall take into account the following factors in determining whether to institute a civil penalty action and in determining the penalty amount:~~

~~(a) the nature, circumstances, extent, and gravity of the violation;~~

~~(b) the violator's prior history of violations within the past 3 years;~~

~~(c) the economic benefit or savings, if any, to the violator resulting from the violator's action;~~

~~(3) The department shall notify the person or operator of the violation. The department shall issue a statement of proposed penalty, including the penalty calculation that identifies and describes the factors considered pursuant to subsection (2), no more than 10 days after issuing the notice of violation. After a hearing provided for in 82-4-427, the board shall make findings of fact, issue a written decision as to the occurrence of the violation and, if the board finds that the violation occurred, the amount of penalty warranted, and order the payment of a penalty in that amount. If the time for requesting a hearing expires without a hearing request, the department shall make the findings of fact and issue the written decision and order. The person or operator shall remit the amount of any penalty within 30 days of the order. If the person or operator wishes to obtain judicial review of the assessment, the person or operator shall submit with the penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. A person or operator who fails to request and submit testimony at the hearing provided for in this subsection or who fails to pay the assessed penalty under protest within 30 days of the order assessing the penalty forfeits the right to seek judicial review of the violation or penalty determinations. The order may require necessary corrective action within a reasonable period of time, may assess an administrative penalty determined in accordance with this section, or both. The order must be served personally or by certified mail.

(b) An order issued pursuant to subsection (5)(a) becomes final unless, within 30 days after the order is served, the person to whom the order is issued submits to the board a written request for a hearing stating the reason for the request. ~~(4)(6) The department may bring an action to enjoin an operator or other person violating or threatening to violate this part, rules adopted pursuant to this part, or a permit issued pursuant to this part. Be it enacted by the Legislature of the State of Montana:

Section 1. Penalty factors. (1) In determining the amount of an administrative or civil penalty to which subsection (4) applies, the department of environmental quality or the district court, as appropriate, shall take into account the following factors:

- (a) the nature, extent, and gravity of the violation;
- (b) the circumstances of the violation;
- (c) the violator's prior history of any violation, which:
 - (i) must be a violation of a requirement under the authority of the same chapter and part as the violation for which the penalty is being assessed;
 - (ii) must be documented in an administrative order or a judicial order or judgment issued within 3 years prior to the date of the occurrence of the violation for which the penalty is being assessed; and
 - (iii) may not, at the time that the penalty is being assessed, be undergoing or subject to administrative appeal or judicial review;
- (d) the economic benefit or savings resulting from the violator's action;
- (e) the violator's good faith and cooperation;
- (f) the amounts voluntarily expended by the violator, beyond what is required by law or order, to address or mitigate the violation or impacts of the violation; and
- (g) other matters that justice may require.

(2) After the amount of a penalty is determined under (1), the department of environmental quality or the district court, as appropriate, may consider the violator's financial ability to pay the penalty and may institute a payment schedule or suspend all or a portion of the penalty.

(3) The department of environmental quality may accept a supplemental environmental project as mitigation for a portion of the penalty. For purposes of this section, a "supplemental environmental project" is an environmentally beneficial project that a violator agrees to undertake in settlement of an enforcement action but which the violator is not otherwise legally required to perform.

(4) This section applies to penalties assessed by the department of environmental quality or the district court under Title 75, chapters 2, 5, 6, 11, and 20; Title 75, chapter 10, parts 2, 4, 5, and 12; and Title 76, chapter 4.

(5) The board of environmental review and the department of environmental quality may, for the statutes listed in subsection (4) for which each has rulemaking authority, adopt rules to implement this section.

Section 2. Collection of penalties, fees, late fees, and interest. (1) If the department of environmental quality is unable to collect penalties, fees, late fees, or interest assessed pursuant to the provisions of Title 75 or Title 76, chapter 4, the department of environmental quality may assign the debt to a collection service or transfer the debt to the department of revenue pursuant to Title 17, chapter 4, part 1.

(2) (a) The reasonable collection costs of a collection service, if approved by the department of environmental quality, or assistance costs charged the department of environmental quality by the department of revenue pursuant to 17-4-103(3) may be added to the debt for which collection is being sought.

(b) (i) All money collected by the department of revenue is subject to the provisions of 17-4-106.

(ii) All money collected by a collection service must be paid to the department of environmental quality and deposited in the general fund or the accounts specified in statute for the assessed penalties, fees, late fees, or interest, except that the collection service may retain those collection costs or, if the total debt is not collected, that portion of collection costs that are approved by the department.

Section 3. Penalty factors. (1) In determining the amount of an administrative or civil penalty assessed under the statutes listed in subsection (4), the department of environmental quality or the district court, as appropriate, shall take into account the following factors:

(a) the nature, extent, and gravity of the violation;

(b) the circumstances of the violation;

(c) the violator's prior history of any violation, which:

(i) must be a violation of a requirement under the authority of the same chapter and part as the violation for which the penalty is being assessed;

(ii) must be documented in an administrative order or a judicial order or judgment issued within 3 years prior to the date of the occurrence of the violation for which the penalty is being assessed; and

(iii) may not, at the time that the penalty is being assessed, be undergoing or subject to administrative appeal or judicial review;

- (d) the economic benefit or savings resulting from the violator's action;
- (e) the violator's good faith and cooperation;
- (f) the amounts voluntarily expended by the violator, beyond what is required by law or order, to address or mitigate the violation or impacts of the violation; and
- (g) other matters that justice may require.

(2) Except for penalties assessed under 82-4-254, after the amount of a penalty is determined under (1), the department of environmental quality or the district court, as appropriate, may consider the violator's financial ability to pay the penalty and may institute a payment schedule or suspend all or a portion of the penalty.

(3) Except for penalties assessed under 82-4-254, the department of environmental quality may accept a supplemental environmental project as mitigation for a portion of the penalty. For purposes of this section, a "supplemental environmental project" is an environmentally beneficial project that a violator agrees to undertake in settlement of an enforcement action but which the violator is not otherwise legally required to perform.

(4) This section applies to penalties assessed by the department of environmental quality or the district court under 82-4-141, 82-4-254, 82-4-361, and 82-4-441.

(5) The board of environmental review and the department of environmental quality may, for the statutes listed in subsection (4) for which each has rulemaking authority, adopt rules to implement this section.

Section 4. Collection of penalties, fees, late fees, and interest. (1) If the department of environmental quality is unable to collect penalties, fees, late fees, or interest assessed pursuant to the provisions of Title 82, chapter 4, the department of environmental quality may assign the debt to a collection service or transfer the debt to the department of revenue pursuant to Title 17, chapter 4, part 1.

(2) (a) The reasonable collection costs of a collection service, if approved by the department of environmental quality, or assistance costs charged the department of environmental quality by the department of revenue pursuant to 17-4-103(3) may be added to the debt for which collection is being sought.

(b) (i) All money collected by the department of revenue is subject to the provisions of 17-4-106.

(ii) All money collected by a collection service must be paid to the department of environmental quality and deposited in the general fund or the accounts specified in statute for the assessed penalties, fees, late fees, or interest, except that the collection service may retain those collection costs or, if the total debt is not collected, that portion of collection costs that are approved by the department.

Section 5. Section 75-2-401, MCA, is amended to read:

"75-2-401. Enforcement — notice — order for corrective action — administrative penalty. (1) When the department believes that a violation of this chapter, a rule adopted under this chapter, or a condition or limitation imposed by a permit issued pursuant to this chapter has occurred, it may cause written notice to be served personally or by certified mail on the alleged violator or the violator's agent. The notice must specify the provision of this chapter, the

rule, or the permit condition or limitation alleged to be violated and the facts alleged to constitute a violation. The notice may include an order to take necessary corrective action within a reasonable period of time stated in the order or an order to pay an administrative penalty, or both. The order becomes final unless, within 30 days after the notice is received, the person named requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing.

(2) If, after a hearing held under subsection (1), the board finds that violations have occurred, it shall issue an appropriate order for the prevention, abatement, or control of the emissions involved or for the taking of other corrective action or assess an administrative penalty, or both. As appropriate, an order issued as part of a notice or after a hearing may prescribe the date by which the violation must cease; time limits for particular action in preventing, abating, or controlling the emissions; or the date by which the administrative penalty must be paid. If, after a hearing on an order contained in a notice, the board finds that a violation has not occurred or is not occurring, it shall rescind the order.

(3) (a) An action initiated under this section may include an administrative civil penalty of not more than \$10,000 for each day of each violation, not to exceed a total of \$80,000. If an order issued by the board under this section requires the payment of an administrative civil penalty, the board shall state findings and conclusions describing the basis for its penalty assessment.

(b) Administrative penalties collected under this section must be deposited in the alternative energy revolving loan account established in 75-25-101.

(c) Penalties imposed by an administrative order under this section may not be assessed for any day of violation that occurred more than ~~12 months~~ 2 years prior to the issuance of the initial notice and order by the department under subsection (1).

(d) In determining the amount of penalty to be assessed for an alleged violation under this section, the department or board, as appropriate, shall consider *the penalty factors in [section 1]:*

~~(i) the alleged violator's ability to pay and the economic impact of the penalty on the alleged violator;~~

~~(ii) the alleged violator's full compliance history and good faith efforts to comply;~~

~~(iii) the duration of the violation as established by any credible evidence, including evidence other than the applicable test method;~~

~~(iv) payment by the violator of penalties previously assessed for the same violation;~~

~~(v) the economic benefit of noncompliance;~~

~~(vi) the seriousness of the violation; and~~

~~(vii) other matters as justice may require.~~

(e) *The department may bring a judicial action to enforce a final administrative order issued pursuant to this section. The action must be filed in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.*

(4) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing conducted under this section.

(5) Instead of issuing the order provided for in subsection (1), the department may either:

(a) require that the alleged violators appear before the board for a hearing at a time and place specified in the notice and answer the charges complained of; or

(b) initiate action under 75-2-412 or 75-2-413.

(6) This chapter does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means.

(7) In connection with a hearing held under this section, the board may and on application by a party shall compel the attendance of witnesses and the production of evidence on behalf of the parties."

Section 6. Section 75-2-413, MCA, is amended to read:

"75-2-413. Civil penalties — ~~venue out-of-state litigants~~ — effect of action — presumption of continuing violation under certain circumstances. (1) (a) A person who violates any provision of this chapter, a rule adopted under this chapter, or any order or permit made or issued under this chapter is subject to a civil penalty not to exceed \$10,000 ~~per~~ *for each* violation. Each day of each violation constitutes a separate violation. The department may institute and maintain in the name of the state any enforcement proceedings under this section. Upon request of the department, the attorney general or the county attorney of the county of violation shall petition the district court to impose, assess, and recover the civil penalty. The civil penalty is in lieu of the criminal penalty provided for in 75-2-412, except for civil penalties for violation of the operating permit program required by Subchapter V of the federal Clean Air Act.

(b) *Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in [section 1].*

(2) (a) Action under subsection (1) is not a bar to enforcement of this chapter or of a rule, order, or permit made or issued under this chapter by injunction or other appropriate civil remedies.

(b) An action under subsection (1) or to enforce this chapter or a rule, order, or permit made or issued under this chapter may be brought in the district court of any county where a violation occurs or is threatened ~~if the defendant cannot be located in Montana~~ *or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.*

(3) If the department has notified a person operating a commercial hazardous waste incinerator of a violation and if the department makes a prima facie showing that the conduct or events giving rise to the violations are likely to have continued or recurred past the date of notice, the days of violation are presumed to include the date of the notice and every day after the notice until the person establishes that continuous compliance has been achieved. This presumption may be overcome to the extent that the person operating a commercial hazardous waste incinerator can prove by a preponderance of evidence that there were intervening days when a violation did not occur, that the violation was not continuing in nature, or that the telemetering device was compromised or otherwise tampered with.

(4) Money collected under this section must be deposited in the alternative energy revolving loan account established in 75-25-101. This subsection does not apply to money collected by an approved local air pollution control program.”

Section 7. Section 75-2-514, MCA, is amended to read:

“75-2-514. Civil penalties — venue for actions to recover disposition of civil penalties. (1) (a) A district court may assess a civil penalty of not more than \$25,000 a day upon a person that violates any provision of this part, a rule adopted under this part, or a permit or order issued under this part. In the case of a continuing violation, each day the violation continues constitutes a separate violation.

(b) *Penalties assessed under this subsection (1) must be determined in accordance with the penalty factors in [section 1].*

(2) An action under this section is not a bar to enforcement by injunction or other appropriate civil or administrative remedies.

(3) *Penalties provided for in subsection (1) are recoverable in an action brought by the department. The action must be filed in the district court of the county in which the violation occurred or, if mutually agreed on by the parties in the action, in the district court of the first judicial district, Lewis and Clark County.”*

Section 8. Section 75-2-515, MCA, is amended to read:

“75-2-515. Administrative enforcement. (1) The department may deny, suspend, or revoke the accreditation of a person that:

(a) fraudulently or deceptively obtains or attempts to obtain accreditation;

(b) fails to meet the qualifications for accreditation or fails to comply with the requirements of this part, a rule adopted under this part, or a permit or order issued under this part; or

(c) fails to meet an applicable federal or state standard for asbestos projects.

(2) When the department believes that a violation of this part, a rule adopted under this part, or a permit or order issued under this part has occurred, it may serve written notice of the violation personally or by certified mail on the alleged violator or the violator’s agent. The notice must specify the provision of this part or the rule, permit, or order alleged to be violated and the facts alleged to constitute a violation. The notice may include an order to take necessary corrective action within a reasonable period of time stated in the order, or an order to pay an administrative civil penalty, or both. An order becomes final unless, within 30 days after the order is received, the person that has been named requests, in writing, a hearing before the board.

(3) On receipt of a hearing request, the board shall schedule a hearing. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to any hearing conducted under this section. If, after a hearing, the board finds that a violation has not occurred or is not occurring, it shall rescind the order.

(4) (a) An action initiated under this section may include an administrative civil penalty of not more than \$10,000 for each day of each violation, not to exceed a total of \$80,000. Any order issued by the department under this section requiring payment of an administrative civil penalty must specify the basis for the penalty assessment.

(b) A penalty may not be assessed under this section for any day of violation that occurred more than 3 years prior to the department issuing the order requiring payment of the penalty.

(c) In determining the amount of a penalty assessed to a person under this section, the department shall consider *the penalty factors in [section 1].*:

- ~~(i) the seriousness of the violation;~~
- ~~(ii) the duration of the violation;~~
- ~~(iii) any economic benefit derived from the violation;~~
- ~~(iv) the person's good faith efforts to comply with the requirements in question;~~
- ~~(v) the person's compliance history;~~
- ~~(vi) the person's ability to pay a penalty; and~~
- ~~(vii) other matters as justice may require.~~

(5) In addition to or instead of issuing an order under subsection (2), the department may:

(a) require the alleged violator to appear before the board for a hearing at a time and place specified in the notice of hearing to answer the charges complained of; or

(b) initiate action under 75-2-514.”

Section 9. Section 75-5-611, MCA, is amended to read:

“75-5-611. Violation of chapter — administrative actions and penalties — notice and hearing. (1) When the department has reason to believe that a violation of this chapter, a rule adopted under this chapter, or a condition of a permit or authorization required by a rule adopted under this chapter has occurred, it may have a written notice letter served personally or by certified mail on the alleged violator or the violator's agent. The notice letter must state:

- (a) the provision of statute, rule, permit, or approval alleged to be violated;
- (b) the facts alleged to constitute the violation;
- (c) the specific nature of corrective action that the department requires;
- (d) as applicable, the amount of the administrative penalty that will be assessed by order under subsection (2) if the corrective action is not taken within the time provided under subsection (1)(e); and
- (e) as applicable, the time within which the corrective action is to be taken or the administrative penalty will be assessed. For the purposes of this chapter, service by certified mail is complete on the date of receipt. Except as provided in subsection (2)(a)(ii), an administrative penalty may not be assessed until the provisions of subsection (1) have been complied with.

(2) (a) The department may issue an administrative notice and order in lieu of the notice letter provided under subsection (1) if the department's action:

- (i) does not involve assessment of an administrative penalty; or
- (ii) seeks an administrative penalty only for an activity that it believes and alleges has violated or is violating 75-5-605.

(b) A notice and order issued under this section must meet all of the requirements specified in subsection (1).

(3) In a notice and order given under subsection (1), the department may require the alleged violator to appear before the board for a public hearing and to answer the charges. The hearing must be held no sooner than 15 days after service of the notice and order, except that the board may set an earlier date for hearing if it is requested to do so by the alleged violator. The board may set a later date for hearing at the request of the alleged violator if the alleged violator shows good cause for delay.

(4) If the department does not require an alleged violator to appear before the board for a public hearing, the alleged violator may request the board to conduct the hearing. The request must be in writing and must be filed with the department no later than 30 days after service of a notice and order under subsection (2). If a request is filed, a hearing must be held within a reasonable time. If a hearing is not requested within 30 days after service upon the alleged violator, the opportunity for a contested case appeal to the board under Title 2, chapter 4, part 6, is waived.

(5) If a contested case hearing is held under this section, it must be public and must be held in the county in which the violation is alleged to have occurred or in Lewis and Clark County.

(6) (a) After a hearing, the board shall make findings and conclusions that explain its decision.

(b) If the board determines that a violation has occurred, it shall also issue an appropriate order for the prevention, abatement, or control of pollution, the assessment of administrative penalties, or both.

(c) If the order requires abatement or control of pollution, the board shall state the date or dates by which a violation must cease and may prescribe timetables for necessary action in preventing, abating, or controlling the pollution.

(d) If the order requires payment of an administrative penalty, the board shall explain how it determined the amount of the administrative penalty.

(e) If the board determines that a violation has not occurred, it shall declare the department's notice void.

(7) The alleged violator may petition the board for a rehearing on the basis of new evidence, which petition the board may grant for good cause shown.

AN ACT PROVIDING BRAILLE SERVICES TO A BLIND OR VISUALLY IMPAIRED CHILD; DETERMINING THE NEED FOR BRAILLE INSTRUCTION; REQUIRING THE BOARD OF PUBLIC EDUCATION TO ADOPT STANDARDS FOR PERSONNEL WHO PROVIDE BRAILLE INSTRUCTION; REQUIRING A SCHOOL DISTRICT TO ENSURE THE AVAILABILITY OF TEXTBOOKS THAT COMPLY WITH FEDERAL LAW IN A TIMELY MANNER; REQUIRING THE MONTANA SCHOOL FOR THE DEAF AND BLIND TO ESTABLISH A BRAILLE ELECTRONIC EQUIPMENT LOAN PROGRAM; PROVIDING AN APPROPRIATION; AMENDING SECTION 20-7-602, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Article X, section 1(1), of the Montana Constitution establishes the state's goal of providing a system of education that will develop the full educational potential of each person and guarantees equality of educational opportunity to each person; and

WHEREAS, according to an article in a 1998 edition of *Star Student*, a preliminary study evaluating the correlation between adult literacy skills and employment conducted by Dr. Ruby Ryles, the founding coordinator of the master's program in orientation and mobility at the Louisiana Tech University, found that in a study of 74 adults who were born legally blind and were patrons of the Library for the Blind, 44% of the participants who had learned to read in Braille were unemployed, while those who had learned to read using print had a 77% unemployment rate; and

WHEREAS, the preliminary unemployment results prompted Dr. Ryles to conduct a study to establish the correlations between present literacy rates and the early reading education by comparing the results of 45 legally blind high school students from 45 cities, towns, and rural communities in 11 eastern and southern states with those of 15 sighted students attending the same schools as the legally blind students; and

WHEREAS, Dr. Ryles discovered that early Braille readers outperformed sighted students in vocabulary by a 5% margin on the comprehension, vocabulary, and other subtests of the Stanford achievement test and nearly matched their sighted classmates on the Woodcock Johnson R (revised) test; and

WHEREAS, in the capitalization and punctuation portion of the Woodcock Johnson R (revised) test, early Braille reading students who received Braille instruction 4 to 5 days each week in the 1st through 3rd grades produced a mean score that was 7 percentage points higher than their sighted classmates, 25 percentage points higher than students who received Braille instruction fewer than 4 days each week, and 42 percentage points higher than their legally blind classmates who received no Braille instruction; and

WHEREAS, in the spelling portion of the Woodcock Johnson R (revised) test, early Braille learners averaged 1 percentage point higher than fully sighted readers, 32 percentage points higher than students who received Braille instruction fewer than 4 days each week in 1st through 3rd grades, and 38 percentage points higher than legally blind students who received no instruction in reading Braille; and

WHEREAS, the studies performed by Dr. Ryles lead to the inescapable conclusion that early Braille education is crucial to literacy and that literacy is crucial to employment.

(2) The following money is appropriated from the CPF from the proceeds for the bonds authorized by [section 3] to the department of natural resources and conservation for the capital projects described in this section, contingent upon the authorization of general obligation bonds by the 59th legislature and the sale of bonds by the board of examiners:

DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION

St. Mary Water Project — State Support	10,000,000
--	------------

State Cost Share — Fort Belknap Water Compact	9,500,000

The bonds must be issued in accordance with the terms and in the manner required by Title 17, chapter 5, part 8. The authority granted to the board by this section is in addition to any other authorization to the board to issue and sell general obligation bonds.

When a review shows that a capital project will result in energy improvements, that project must be submitted to the energy conservation program for funding consideration. Funding provided under the energy conservation program guidelines must be used to offset or add to the authorized funding for the project, and the amount will be dependent on the annual utility savings resulting from the facility improvement. Agencies must be notified of potential funding after the review.

Section 6. Legislative consent. The appropriations authorized in [section 2] constitute legislative consent for the capital projects contained in [section 2] within the meaning of 18-2-102.

All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the vehicle, and must be removed upon sale or other disposition of the vehicle.

(11) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability. If the vehicle to which the license plate is attached is permanently registered, the owner of the vehicle shall maintain evidence of continued eligibility to use the license plate, which must be attached to the registration document in the vehicle.

(12) The provisions of this section do not apply to a motor vehicle, trailer, or semitrailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

If the small miner posts a surety bond, the surety is liable to the state to the extent of

the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(5) If a small miner who conducts a placer or dredge mining operation fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (6), before or after it incurs those costs.

(6) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (5), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs that it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs that it considers reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(7) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation in which the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of. The acreage disturbed by the operation using cyanide ore-processing reagents or other metal leaching solvents or reagents and covered by the operating permit is excluded from the 5-acre limit specified in 82-4-303(15)(a)(i) and (15)(a)(ii).

(8) (a) *Except for a small miner proposing to conduct a placer or dredge mining operation, a small miner who intends to use an impoundment to store waste from ore processing shall obtain approval for the design, construction, operation, and reclamation of that impoundment and post a performance bond for that part of the small miner's operation before constructing an impoundment. The small miner shall post a performance bond equal to the state's documented cost estimate of reclaiming the disturbed land. If the small miner has posted a bond for reclamation of that site with a federal government agency, the small miner is exempt from the requirements of this subsection (8)(a).*

(b) *The department shall conduct a review of the adequacy of the bond posted by a small miner using an impoundment pursuant to this section at least once every 5 years and adjust the bond if necessary to ensure reclamation of the impoundment. The acreage disturbed by the portion of the operation that uses an*

impoundment to store waste from ore processing is included in the 5-acre limit specified in 82-4-303(15)(a)(i) and (15)(a)(ii) and is subject to the provisions of this subsection (8).

(c) If a small miner under this subsection (8) fails to reclaim the operation, the small miner is liable to the department for all its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and for state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(d) If a small miner under this subsection (8) fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (8)(e), before or after it incurs those costs.

(e) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (8)(d), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs that it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs that it considers reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(f) Except for a small miner who conducts a placer or dredge mining operation, a small miner utilizing an impoundment to store waste from ore processing on or after [the effective date of this act] shall obtain approval of the design, construction, operation, and reclamation of that impoundment and post a performance bond within 6 months of [the effective date of this act]. If the small miner has posted a bond for reclamation of that site with a federal government agency, the small miner is exempt from the requirements of this subsection (8)(f).

(8)(9) The exemption provided in this section does not apply to a person:

(a) whose failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond, unless that person meets the conditions described under 82-4-360;

(b) who has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) who has failed to post a reclamation bond required by this section, unless the department has certified that the area for which the bond should have been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation; or

(d) who has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

~~(9)~~(10) The exemption provided in this section does not apply to an area:

(a) under permit pursuant to 82-4-335;

(b) that has been permitted pursuant to 82-4-335 and reclaimed by the permittee, the department, or any other state or federal agency; or

(c) that has been reclaimed by or has been subject to remediation of contamination or pollution by a public agency, under supervision of a public agency, or using public funds.

~~(10)~~(11) A small miner may not use mercury except in a contained facility that prevents the escape of any mercury into the environment.”

CHAPTER NO. 507

[HB 645]

AN ACT REVISING LAWS GOVERNING SPECIAL LICENSE PLATES FOR PERMANENTLY DISABLED PERSONS; ALLOWING A PERSON WHO HAS A PERMANENT DISABILITY THAT MEETS CERTAIN CRITERIA TO

CONTINUE TO DISPLAY A SPECIAL LICENSE PLATE BEARING THE SYMBOL OF A WHEELCHAIR UPON VEHICLE REREGISTRATION WITHOUT SUBMITTING AN ADDITIONAL APPLICATION; AMENDING SECTIONS 49-4-301 AND 61-3-332, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 49-4-301, MCA, is amended to read:

“49-4-301. Eligibility for special parking permit. (1) The department of justice shall issue a special parking permit to a person who has a disability that limits or impairs the person’s mobility and who, as determined by a licensed physician, a licensed chiropractor, or a licensed advanced practice registered nurse, as provided in 37-8-202, meets one of the following criteria:

- (a) cannot walk 200 feet without stopping to rest;
- (b) is severely limited in ability to walk because of an arthritic, neurological, or orthopedic condition;
- (c) is so severely disabled that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
- (d) uses portable oxygen;
- (e) is restricted by lung disease to the extent that forced expiratory respiratory volume, when measured by spirometry, is less than 1 liter per second or the arterial oxygen tension is less than 60 mm/hg on room air at rest;
- (f) has impairment because of cardiovascular disease or a cardiac condition to the extent that the person’s functional limitations are classified as class III or IV under standards accepted by the American heart association; or
- (g) has a disability resulting from an acute sensitivity to automobile emissions or from another disease or physical condition that limits or impairs the person’s mobility and that is documented by the licensed physician, the licensed chiropractor, or the licensed advanced practice registered nurse as being comparable in severity to the other conditions listed in this subsection (1).

(2) (a) A person who has a condition expected to improve within 6 months may be issued a temporary placard for a period not to exceed 6 months but may not be issued a special license plate under 61-3-332(11). If the condition exists after 6 months, a new temporary placard must be issued for the time period prescribed by the applicant’s physician, chiropractor, or advanced practice registered nurse, not to exceed 24 months, upon receipt of a new certification from the disabled person’s physician, chiropractor, or advanced practice registered nurse that the conditions specified in subsection (1) continue to exist and are expected to continue for the time specified.

(b) *A person who meets one of the criteria in subsection (1) for what is considered to be a permanent condition, as determined by a licensed physician, a licensed chiropractor, or a licensed advanced practice registered nurse, may, upon written application on a form prescribed by the department of justice, be issued a special license plate under 61-3-332(11) and is not required to reapply for the special license plate when the vehicle is reregistered.*

(3) The department of justice may issue special parking permits to an agency or business that provides transportation as a service for persons with a disability. The permits must be used only to load and unload persons with a

disability in the special parking place provided for in 49-4-302. As used in this subsection, "disability" means a physical impairment that severely limits a person's ability to walk.

(4) Except as provided in subsection (3), an applicant may not receive more than one permit."

Section 2. Section 61-3-332, MCA, is amended to read:

"61-3-332. Number plates. (1) A motor vehicle that is driven upon the streets or highways of Montana must display both front and rear number plates, bearing the distinctive number assigned to the vehicle.

(2) In addition to special license plates, collegiate license plates, and generic specialty license plates authorized under this chapter, a separate series of number plates must be issued, in the manner specified, for each of the following vehicle or dealer types:

(a) passenger vehicles, including automobiles, vans, and sport utility vehicles;

(b) motorcycles and quadricycles, bearing the letters "MC" or "CYCLE";

(c) trucks, bearing the letter "T" or the word "TRUCK";

(d) trailers, bearing the letters "TR" or the word "TRAILER";

(e) dealers of new, or new and used, motor vehicles, including trucks and trailers, bearing the letter "D" or the word "DEALER";

(f) dealers of used motor vehicles only, including trucks and trailers, bearing the letters "UD" or the letter "U" and the word "DEALER";

(g) dealers of motorcycles or quadricycles, bearing the letters "MCD" or the letters "MC" and the word "DEALER";

(h) dealers of trailers or semitrailers, bearing the letters "DTR" or the letters "TR" and the word "DEALER"; and

(i) dealers of recreational vehicles, bearing the letters "RV" or the letter "R" and the word "DEALER".

(3) (a) Except as provided in 61-3-479 and subsections (3)(b), (4)(c), and (4)(d) of this section, all number plates for motor vehicles must be issued for a minimum period of 4 years, bear a distinctive marking, and be furnished by the department. In years when number plates are not issued, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-527 or 61-3-315 and 61-3-562 and vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered vehicle.

(4) (a) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after December 31, 2005, to replace at renewal, as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(b) Beginning January 1, 2006, the department shall manufacture and issue new number plates after the existing plates have been used for a minimum period of 4 years.

(c) A light vehicle that is registered for a 24-month period, as provided in 61-3-315 and 61-3-560, may display the number plate and plate design in effect at the time of registration for the entire 24-month registration period.

(d) A light vehicle described in subsection (3)(b) that is permanently registered may display the number plate and plate design in effect at the time of registration for the entire period that the vehicle is permanently registered.

(5) For passenger vehicles and trucks, plates must be of metal 6 inches wide and 12 inches in length. Except for generic specialty license plates, the outline of the state of Montana must be used as a distinctive border on the license plates, and the word "Montana" must be placed on each plate. Registration plates must be treated with a reflectorized background material according to specifications prescribed by the department.

(6) The distinctive registration numbers must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, and generic specialty license plates, the distinctive registration number or letter-number combination assigned to the vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(7) For the use of exempt motor vehicles and motor vehicles that are exempt from the registration fee as provided in 61-3-560(2)(a), in addition to the markings provided in this section, number plates must bear the following distinctive markings:

(a) For vehicles owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For vehicles that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the number plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these number plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the number plates requires it and a year number may not be displayed on the number plates.

(8) Number plates issued to a passenger vehicle, truck, trailer, motorcycle, or quadricycle may be transferred only to a replacement passenger vehicle, truck, trailer, motorcycle, or quadricycle. A registration fee may not be assessed upon a transfer of a number plate under 61-3-317 and 61-3-335.

(9) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55; Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(10) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (6), except that the county number must be replaced by a nonremovable design or decal designating the group or organization to which the applicant belongs. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of regular license plates, must be placed or mounted on a vehicle owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the vehicle, and must be removed upon sale or other disposition of the vehicle.

(11) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the vehicle to which the license plate is attached is permanently registered, the owner of the vehicle shall maintain evidence of continued eligibility to use the license plate, which must be attached to the registration document in the vehicle.

(c) *A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (11), is not required to reapply upon reregistration of the vehicle or upon transfer of the special plate as provided in subsection (8).*

(12) The provisions of this section do not apply to a motor vehicle, trailer, or semitrailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

Section 3. Coordination instruction. If both House Bill No. 671 and [this act] are passed and approved, then 49-4-301 must be amended as follows:

"49-4-301. Eligibility for special parking permit. (1) The department of justice shall issue a special parking permit to a person who has a disability that limits or impairs the person's mobility and ~~who, as determined by~~ *for whom* a licensed physician, a licensed chiropractor, or a licensed advanced practice registered nurse, as provided in 37-8-202, *submits a certification to the department, by electronic or other means*

prescribed by the department, that the person meets one of the following criteria:

(a) cannot walk 200 feet without stopping to rest;

(b) is severely limited in ability to walk because of an arthritic, neurological, or orthopedic condition;

(c) is so severely disabled that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;

(d) uses portable oxygen;

(e) is restricted by lung disease to the extent that forced expiratory respiratory volume, when measured by spirometry, is less than 1 liter per second or the arterial oxygen tension is less than 60 mm/hg on room air at rest;

(f) has impairment because of cardiovascular disease or a cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American heart association; or

(g) has a disability resulting from an acute sensitivity to automobile emissions or from another disease or physical condition that limits or impairs the person's mobility and that is documented by the licensed physician, the licensed chiropractor, or the licensed advanced practice registered nurse as being comparable in severity to the other conditions listed in this subsection (1).

(2) (a) A person who has a condition expected to improve within 6 months may be issued a temporary placard for a period not to exceed 6 months but may not be issued a special license plate under ~~61-3-332(11)~~ 61-3-332(9). If the condition exists after 6 months, a new temporary placard must be issued for the time period prescribed by the applicant's physician, chiropractor, or advanced practice registered nurse, not to exceed 24 months, upon receipt of a ~~new~~ *later paper or electronic* certification from the disabled person's physician, chiropractor, or advanced practice registered nurse that the conditions specified in subsection (1) continue to exist and are expected to continue for the time specified.

(b) *A person who meets one of the criteria in subsection (1) for what is considered to be a permanent condition, as determined by a licensed physician, a licensed chiropractor, or a licensed advanced practice registered nurse, may, by application to the department, by electronic or other means prescribed by the department, be issued a special license plate under 61-3-332(9) and is not required to reapply for the special license plate when the vehicle is reregistered.*

(3) The department of justice may issue special parking permits to an agency or business that provides transportation as a service for persons with a disability. The permits must be used only to load and unload persons with a disability in the special parking place provided for in 49-4-302. As used in this subsection, "disability" means a physical impairment that severely limits a person's ability to walk.

(4) Except as provided in subsection (3), an applicant may not receive more than one permit."

Section 4. Coordination instruction. If both House Bill No. 671 and [this act] are passed and approved, then the code commissioner shall change all of the references to vehicle in subsection (11)(c) of 61-3-332 in [this act] to references to motor vehicles.

CHAPTER NO. 508

[HB 652]

AN ACT ALLOWING A SCHOOL DISTRICT TO EXTEND A BUS ROUTE ACROSS ANOTHER SCHOOL DISTRICT IN ORDER TO PROVIDE TRANSPORTATION TO STUDENTS WITHIN ITS OWN DISTRICT; AMENDING SECTION 20-10-126, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-10-126, MCA, is amended to read:

“20-10-126. Establishment of transportation service areas. (1) The territory of a transportation service area is the territory of a school district unless the county transportation committee approves alternative boundaries after determining that the adjustments will improve pupil safety, transportation efficiency, or the cost-effectiveness of the pupil transportation system of the county.

(2) (a) *Except as provided in subsection (2)(b), a district may not extend a bus route to transport pupils from outside its transportation service area unless the district has a written agreement with the district that the county transportation committee has assigned to transport the pupils.*

(b) *A district may extend a bus route across another transportation service area if the district determines that it is necessary in order to provide transportation to pupils in the district's own transportation service area. Under this subsection (2)(b), a district may not transport pupils from outside its transportation service area.*

(3) When the trustees of two or more districts enter into a written agreement to authorize transportation services among transportation service areas, a copy of the agreement must be submitted to the county superintendent and approved by the county transportation committee. Upon approval by the committee, the transportation agreements are valid for the current school year.

(4) The trustees of any district who object to a particular bus route or transportation service area to which the district has been assigned may request a transfer to another bus route or transportation service area. The county transportation committee may transfer the territory of the district to an adjacent transportation service area or approved bus route with the consent of the district providing transportation in the adjacent transportation service area.

(5) The trustees of any district who object to a bus route operated by another district may bring that route to the attention of the county transportation committee. If the committee agrees that the district is operating a portion of its route as an unapproved route outside of its district boundaries, the committee shall file with the district a written warning concerning the unapproved route, and if the district, in spite of the warning, continues to operate the route, the committee may withdraw its approval of the entire route.

(6) If the qualified electors of the district object to the decision of the county transportation committee and the adjacent district is willing to provide school bus service, 20% of the qualified electors, as prescribed in 20-20-301, may petition the trustees to conduct an election on the proposition that the territory of the district be transferred for pupil transportation purposes to the adjacent

transportation service area. If a satisfactory petition is presented to the trustees, the trustees shall call an election on the proposition in accordance with 20-20-201 for the next ensuing regular school election day. The election must be conducted in accordance with the school election laws. If a majority of those voting at the election approve the transfer, the transfer is effective on July 1 of the ensuing school fiscal year.

(7) Unless a transfer of territory from one transportation service area or approved bus route to another area or bus route is approved by the superintendent of public instruction and the county transportation committee, the state transportation reimbursement is limited to the reimbursement amount for pupil transportation to the nearest operating public elementary school or public high school, whichever is appropriate for the affected pupils.”

AN ACT REVISING LENGTH LIMITS ON TRIPLE-TRAILER TRUCK CONFIGURATIONS; AND AMENDING SECTION 61-10-124, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-124, MCA, is amended to read:

“61-10-124. (Temporary) Special permits — fees. (1) Except as provided in subsections (2)(b), (2)(d), and (4), in addition to the regular registration and gross vehicle weight fees, a fee of \$10 for each trip permit and a fee of \$75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. Except as provided in subsection (2)(g), a Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). The fee for this permit is \$75. This permit expires on December 31 of each year, with no grace period.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A Rocky Mountain double carrying baled hay may not exceed 88 feet of combined trailer length.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) ~~the combined trailer length may not exceed 95 feet~~ a combination of vehicles powered by a cab-over or tilt-cab truck-tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck-tractor may not exceed an overall length of 110 feet, inclusive of the front and rear bumpers and overhang;

(e)(d) an individual cargo unit of the combination may not exceed 28 1/2 feet in length and 102 inches in width;

(e)(e) gross weight fees under 61-10-201 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(e)(f) the combination must have a special overlength permit issued at a fee of \$200 for a term permit or \$20 for each trip permit;

(e)(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(e)(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is \$200.

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

(6) For the purposes of this section, a "nondivisible load" is:

(a) on public roads off of interstate highways, a load that cannot be readily or reasonably dismantled and that is reduced to a minimum practical size and weight;

(b) on interstate highways, a load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:

(ii) destroy the value of the load or vehicle; or

(iii) require more than 8 work hours to dismantle using appropriate equipment. (Void on occurrence of contingency—sec. 2, Ch. 285, L. 2003.)

61-10-124. (Effective on occurrence of contingency) Special permits — fees. (1) Except as provided in subsections (2)(b), (2)(d), and (4), in addition to the regular registration and gross vehicle weight fees, a fee of \$10 for each trip permit and a fee of \$75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). The fee for this permit is \$75. This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is \$125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is \$125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as

provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

~~(b) the combined trailer length may not exceed 95 feet~~ *a combination of vehicles powered by a cab-over or tilt-cab truck-tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;*

Be it enacted by the Legislature of the State of Montana:

Section 1. Conditions for district annexation. (1) An elementary district may be annexed to a contiguous elementary district under the provisions of [section 2] when:

(a) a third-class district where a high school is not located is annexed to a third-class district where a high school is located, to a first-class district, or to a second-class district;

(b) a third-class district where a high school is located is annexed to a first-class district or to a second-class district; or

(c) a second-class district is annexed to a first-class district.

(2) A high school district may be annexed to a contiguous high school district or a K-12 school district may be annexed to a contiguous K-12 school district under the provisions of [section 2] when:

(a) a third-class district is annexed to a first-class district or to a second-class district; or

(b) a second-class district is annexed to a first-class district.

Section 2. District annexation. (1) As used in this section, the following definitions apply:

(a) "Annexing district" means the district to which another district is being attached through an annexation procedure.

(b) "District to be annexed" means the district that is being attached to another district through an annexation procedure.

(2) A district may be annexed to a contiguous district when one of the conditions of [section 1] is met in accordance with the following procedure:

(a) An annexation proposition may be introduced in the district to be annexed by either of the two following methods:

(i) the trustees may pass a resolution requesting the county superintendent of the county where the district is located to order an election to consider an annexation proposition for their district; or

(ii) not less than 20% of the electors of the district who are qualified to vote under the provisions of 20-20-301 may petition the county superintendent of the county where the district is located requesting an election to consider an annexation proposition for their district.

(b) The resolution or petition must state whether the annexation is to be made with or without the joint assumption of bonded indebtedness of the annexing district by the district to be annexed and the annexing district.

(3) Before ordering an election on the proposition, the county superintendent of the county where the district to be annexed is located shall first receive from the trustees of the annexing district a resolution giving the county superintendent the authority to annex the district. The resolution must

state whether the annexation is to be made with or without the joint assumption of bonded indebtedness of the annexing district by the district to be annexed and the annexing district. The resolution from the annexing district and the resolution or petition from the district to be annexed must agree on whether or not there will be joint assumption of bonded indebtedness. Without agreement, the annexation proposition may not be considered further.

(4) When the county superintendent of the county where the district to be annexed is located has received the resolution authorizing the annexation from the annexing district and the resolution or valid petition from the district to be annexed, the county superintendent shall, within 10 days and as provided by 20-20-201, order the trustees of the district to be annexed to call an annexation election.

(5) The district to be annexed shall call and conduct an election in the manner prescribed in this title for school elections and subject to subsections (6) and (7). Any elector qualified to vote under the provisions of 20-20-301 may vote.

(6) (a) If the district to be annexed is to jointly assume the bonded indebtedness of the annexing district, the ballots must read, after stating the annexation proposition, "FOR annexation with assumption of bonded indebtedness" and "AGAINST annexation with assumption of bonded indebtedness".

(b) When the trustees in each district conducting an election canvass the vote under the provisions of 20-20-415, they shall decide, according to the following procedures, if the proposition has been approved:

(i) determine if a sufficient number of the qualified electors of the district have voted to validate the election in the same manner required for bond elections by 20-9-428; and

(ii) when the proposition is validated under the provisions of subsection (6)(b)(i), determine the number of votes "FOR" and "AGAINST" the proposition.

(c) If the proposition is validated and approved under the provisions of subsection (6)(b), the proposition is approved in the district.

(7) If the district to be annexed is not to jointly assume the bonded indebtedness of the annexing district, the ballots must read, after stating the annexation proposition, "FOR annexation without the assumption of bonded indebtedness" and "AGAINST annexation without assumption of bonded indebtedness". The annexation proposition is approved by a district if a majority of those voting in a district approve the proposition.

(8) After the county superintendent of the county where the district to be annexed is located has received the election certification provided for in 20-20-416 from the trustees of the district conducting the annexation election and if the annexation proposition has been approved by the election, the county superintendent shall order the annexation of the territory of the district voting on the proposition to the district that has authorized the annexation to its territory effective July 1. The order must be issued within 10 days after the receipt of the election certificate. For annexation with joint assumption of bonded indebtedness, the order must specify that there will be joint assumption of bonded indebtedness between the owners of all taxable real and personal property in the annexed territory and in the annexing district. The county superintendent of the county where the district to be annexed is located shall send a copy of the order to the board of county commissioners of each county

involved in the annexation order and to the trustees of the districts involved in the annexation order.

(9) If the annexation proposition is disapproved in the district to be annexed, the annexation proposition fails and the county superintendent of the county where the district to be annexed is located shall notify each district of the disapproval of the annexation proposition.

Section 3. District consolidation. (1) Any two or more contiguous elementary school districts may consolidate to organize an elementary district. Any two or more contiguous high school districts may be consolidated to organize a high school district. Any two or more contiguous K-12 school districts may be consolidated to organize a K-12 school district. The consolidation must be conducted as provided in this section.

(2) (a) A consolidation proposition may be introduced, individually, in each of the districts by either of the two following methods:

(i) the trustees may pass a resolution requesting the county superintendent of the county where the district is located to order an election to consider a consolidation proposition involving their district; or

(ii) not less than 20% of the electors of an individual district who are qualified to vote under the provisions of 20-20-301 may petition the county superintendent of the county where the district is located requesting an election to consider a consolidation proposition involving their district.

(b) The resolution or petition must state whether the consolidation is to be made with or without the joint assumption of the bonded indebtedness of each district by all districts included in the consolidation. The resolution or petition from each district must agree on whether or not there will be joint assumption of bonded indebtedness. Without agreement, the consolidation proposition may not be considered further.

(3) When a county superintendent has received a resolution or a valid petition from each of the districts included in the consolidation proposition, the county superintendent shall, within 10 days after the receipt of the last resolution or petition and as provided by 20-20-201, order the trustees of each district included in the consolidation proposition to call a consolidation election to be held no later than December 31 preceding the school year in which the consolidation is to become effective. If the districts involved in the consolidation proposition are located in more than one county, the county superintendents in both counties shall jointly order the district to call a consolidation election.

(4) Each district, individually, shall call and conduct an election in the manner prescribed in this title for school elections and subject to additional requirements of subsections (5) and (6). Any elector qualified to vote under the provisions of 20-20-301 may vote.

(5) (a) If the districts to be consolidated are to jointly assume the bonded indebtedness of each district involved in the consolidation, the ballots must read, after stating the consolidation proposition, "FOR consolidation with assumption of bonded indebtedness" and "AGAINST consolidation with assumption of bonded indebtedness".

(b) When the trustees in each district conducting an election canvass the vote under the provisions of 20-20-415, they shall decide, according to the following procedure, if the proposition has been approved:

(i) determine if a sufficient number of the qualified electors of the district have voted to validate the election in the same manner required for bond elections by 20-9-428; and

(ii) when the proposition is validated under the provisions of subsection (5)(b)(i), determine the number of votes "FOR" and "AGAINST" the proposition.

(c) If the proposition is validated and approved under subsection (5)(b), the proposition is approved in the district.

(6) If the districts to be consolidated are not to jointly assume the bonded indebtedness of each district involved in the consolidation, the ballots must read, after stating the consolidation proposition, "FOR consolidation without assumption of bonded indebtedness" and "AGAINST consolidation without assumption of bonded indebtedness". The consolidation proposition is approved by a district if a majority of those voting in a district approve the proposition. Otherwise, it is disapproved.

(7) (a) After the county superintendent of each county where a district involved in the consolidation proposition is located has received the election certification provided for in 20-20-416 from the trustees of each district included in a consolidation proposition, the appropriate county superintendent shall determine if the consolidation proposition has been approved in each district. If each district has approved the consolidation proposition, each county superintendent shall, within 10 days after the receipt of the last election certificate, order the consolidation of the districts effective July 1 of the ensuing school fiscal year. The order must:

(i) for consolidation with the joint assumption of bonded indebtedness, specify that there will be joint assumption of bonded indebtedness between the owners of all taxable real and personal property in each district forming the consolidated district;

(ii) specify the number of the consolidated district; and

(iii) establish an interim board of trustees for the consolidated district as provided in [section 4]. The trustees shall serve until their successors are elected at the next succeeding regular school election and qualified.

(b) Each county superintendent shall send a copy of the order to the board of county commissioners of each county where a district involved in the consolidation proposition is located and to the trustees of each district incorporated in the consolidation order.

(8) If any district included in the consolidation proposition disapproves the consolidation proposition, the consolidation of all districts fails and the appropriate county superintendent shall notify each district of the disapproval of the consolidation proposition.

Section 4. Interim governance of consolidated district. (1) Upon passage of a consolidation proposition under the provisions of [section 3], an interim board of trustees made up of all of the members of the boards of trustees of the districts that consolidated shall serve as the trustees for the consolidated district from the date of the consolidation order until the newly elected board of the consolidated district is organized under 20-3-321. The interim board of trustees shall elect a presiding officer from among its members.

(2) The trustees of each district incorporated in the consolidation order shall continue to perform those duties related to the operation of their individual districts until the effective date of the consolidation. The interim board of

trustees shall perform those duties related to the formation of and transition to the consolidated district, including but not limited to:

(a) calling an election of the new board of trustees for the consolidated district to be held on the regular election day preceding the effective date of the consolidation; and

(b) if necessary, calling an election under 20-9-353 for the ensuing budget year of the consolidated district.

(3) At the next regular school election following the consolidation election, trustees for the consolidated district must be elected in accordance with the election provisions of Title 13 and Title 20. The term of office is 3 years, except that the initial terms of the newly elected trustees must be selected by lot in order to comply with the provisions of 20-3-302.

(4) The interim board of trustees must be dissolved upon the organization of the newly elected trustees pursuant to 20-3-321.

In county high school districts, there may not be more than two trustee positions to be filled by members residing in the elementary district where the county high school building is located or more than one trustee position to be filled by members residing outside of the elementary district where the county high school building is located subject to election at the same time.

(2) In the following circumstances relating to newly created trustee positions, the initial terms may be shortened to comply with the intent of subsection (1):

(a) the consolidation, *under the provisions of [section 3],* of two or more elementary districts to form an elementary district, ~~under the provisions of 20-6-203 or the consolidation of two or more high school districts to form a high school district under the provisions of 20-6-315, or of two or more K-12 districts to form a K-12 district;~~

(b) the establishment of additional trustee positions of a high school district under the provisions of 20-3-353 or 20-3-354 or new trustee positions under the provisions of 20-3-352(3);

(c) the change of a district's classification under the provisions of 20-6-201 or 20-6-301;

(d) the establishment of additional elementary trustee positions under the provisions of 20-3-341(3); or

(e) the establishment of additional high school trustee positions under the provisions of 20-6-313.

(3) If the change of a district's classification under 20-6-201 or 20-6-301 decreases the number of trustee positions, the positions must be eliminated in a manner that complies with the intent of subsection (1).

(4) Although the legislature intends that the terms of a majority of trustees of any district may not regularly expire and be subject to election at the same

time, it is recognized that filling a vacancy under 20-3-308 may lead to a subsequent school election in which a majority of trustee positions are subject to election at the same time.”

Section 7. Section 20-3-312, MCA, is amended to read:

“20-3-312. Trustees of district affected by boundary change. The trustees of any district to which the territory of another district is attached as a result of annexation, abandonment, ~~joint district dissolution~~, territory transfer, or any other method of changing district boundaries, except by the consolidation of elementary districts, shall continue to be the trustees of the district with the same powers, duties, and responsibilities and subject to the same limitations provided by law as if there had been no boundary change. In the case of elementary district consolidation, the appointed trustees of the resulting elementary district shall assume their trustee positions under the authority of ~~20-6-203~~ [section 3].”

Section 8. Section 20-6-209, MCA, is amended to read:

“20-6-209. Elementary district abandonment. (1) The county superintendent shall declare an elementary district to be abandoned and order the attachment of the territory of the district to a contiguous district *or districts* of the county *or, with the consent of the county superintendent of an adjacent county, to a contiguous district or districts in the adjacent county* when:

(a) a school has not been operated by a district for at least 180 days under the provisions of 20-1-301 for each of 3 consecutive school fiscal years or a lesser number of days as approved by the board of trustees under the provisions of 20-9-806; or

(b) there is an insufficient number of residents who are qualified electors of the district that can serve as the trustees and clerk of the district so that a legal board of trustees can be organized.

(2) The county superintendent shall notify the elementary district that has not operated a school for 2 consecutive years before the first day of the third year that the failure to operate a school for 180 days or a lesser number of days than approved by the board of trustees under the provisions of 20-9-806 during the ensuing school fiscal year constitutes grounds for abandonment of the district at the conclusion of the succeeding school fiscal year. Failure by the county superintendent to provide the notification does not constitute a waiver of the abandonment requirement prescribed in subsection (1)(a).

(3) Any abandonment under subsection (1)(a) becomes effective on July 1. Any abandonment of an elementary district under subsection (1)(b) becomes effective immediately on the date of the abandonment order.”

Section 9. Section 20-6-307, MCA, is amended to read:

“20-6-307. High school district abandonment. Within 6 months after a high school district fails to operate an accredited high school within its boundaries for a period of 1 year, the county superintendent shall order the high school district abandoned. At least 20 days before issuing an abandonment order, the county superintendent shall notify the trustees of the high school district of the impending abandonment. When the order is issued, the county superintendent shall also order the attachment of the territory of each elementary district of the abandoned high school district to another high school district or districts of the county *or, with the consent of the county superintendent of an adjacent county, to another contiguous high school district or districts in the adjacent county.*”

Section 10. Section 20-6-704, MCA, is amended to read:

“20-6-704. Dissolution of K-12 school district. (1) Except as provided in subsection (2), in order to dissolve a K-12 district under the provisions of this section, the trustees of a district shall submit for approval to the electors of the K-12 district a proposition dissolving the K-12 district for the purpose of annexing or consolidating the K-12 district’s elementary or high school program with ~~an adjacent~~ *a contiguous* school district or districts in an ensuing school fiscal year under the provisions of ~~20-6-203 through 20-6-208 or 20-6-315 through 20-6-319~~ *[section 2 or 3]*.

(2) If the trustees of the school district determine that the creation or continuation of the K-12 district has resulted in or will result in the loss of federal funding for the elementary or high school programs and that it is in the best interest of the district to dissolve into the original elementary district and high school district that existed prior to the formation of the K-12 district, the trustees may dissolve the district under the following procedure:

(a) The trustees of the district shall pass a resolution requesting the county superintendent to order a dissolution of the district.

(b) When the county superintendent receives the resolution from the district, the county superintendent shall, within 10 days, order the dissolution of the K-12 district into the original elementary district and high school district, to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the order to the board of county commissioners, the trustees of the district, and the superintendent of public instruction.

(3) If the entire territory of the dissolving K-12 district will be annexed *to* or consolidated with ~~an adjacent~~ *a contiguous* district or districts, the resolution or petition required in subsection (1) or (2) must contain a description of the manner in which the real and personal property and funds of the district are to be apportioned in the dissolution of the district and the subsequent annexation *to* or consolidation with one or more other districts. If a portion of the dissolving K-12 district will not be annexed or consolidated with another district or districts, the resolution or petition must contain a description of the manner in which the property, funds, and financial obligations, including bonded indebtedness, of the K-12 district are to be apportioned to the district or districts whose territory is not ~~consolidated or~~ annexed *to or consolidated with* another district.

(4) After the county superintendent receives the certificate of election provided for in 20-20-416 from the trustees of the K-12 district and from each district included in a consolidation proposition, the county superintendent shall determine whether the dissolution and annexation or consolidation proposition or propositions have been approved. If the K-12 district has approved the dissolution proposition and each district involved in a consolidation has approved the consolidation proposition, the county superintendent shall, within 10 days after the receipt of the election certificate, order the dissolution of the K-12 district into the original elementary district and high school district, to take effect on July 1 of the ensuing school fiscal year. Within 30 days of the order, the county superintendent shall send a copy of the dissolution order to the board of county commissioners, the trustees of the district included in the dissolution order, and the superintendent of public instruction.

(5) Whenever a K-12 district is dissolved, the following provisions apply:

(a) The trustees of the elementary district whose territory is not annexed or consolidated upon dissolution of the K-12 district are responsible for the execution of remaining financial obligations of the K-12 district and for the apportionment between the elementary and high school programs of any obligations not identified in the resolution required under subsection (3).

(b) The provisions of 20-6-410 apply for tenure teachers in the dissolution of a K-12 district.

(c) For purposes of applying the budget limitation provisions of 20-9-308, the budget of a K-12 district during its last year of operations as a K-12 district will be prorated based on rules promulgated by the superintendent of public instruction."

Section 11. Section 20-9-311, MCA, is amended to read:

"20-9-311. Calculation of average number belonging (ANB). (1) Average number belonging (ANB) must be computed as follows:

(a) compute an average enrollment by adding a count of regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on February 1 of the prior school fiscal year, or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of the pupil-instruction and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than 180 school days under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) Enrollment for a part of a morning session or a part of an afternoon session by a pupil must be counted as enrollment for one-half day.

(5) In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), enrollment at a regular session of the program for at least 2 hours of either a morning or an afternoon session must be counted as one-half pupil for ANB purposes. The ANB for a kindergarten student may not exceed one-half for each kindergarten pupil.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) The enrollment of prekindergarten pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(8) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that when:

(a) (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the

district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more elementary districts consolidate or annex under the provisions of ~~20-6-203, 20-6-205, or 20-6-208, two or more high school districts consolidate or annex under the provisions of 20-6-315 or 20-6-317, or two or more K-12 districts consolidate or annex under Title 20, chapter 6, part 4 [section 2 or 3]~~, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(C) 25% of the basic entitlement for the sixth year.

(b) a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled, full-time pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent."

Section 12. Repealer. Sections 20-6-203, 20-6-204, 20-6-205, 20-6-206, 20-6-207, 20-6-208, 20-6-210, 20-6-211, 20-6-315, 20-6-316, 20-6-317, 20-6-318, 20-6-319, and 20-6-321, MCA, are repealed.

(a) An annexation proposition may be introduced in the district to be annexed by either of the two following methods:

(i) the trustees may pass a resolution requesting the county superintendent of the county where the district is located to order an election to consider an annexation proposition for their district; or

The resolution or petition from each district must agree on whether or not there will be joint assumption of

bonded indebtedness. Without agreement, the consolidation proposition may not be considered further.

(3) When a county superintendent has received a resolution or a valid petition from each of the districts included in the consolidation proposition, the county superintendent shall, within 10 days after the receipt of the last resolution or petition and as provided by 20-20-201, order the trustees of each district included in the consolidation proposition to call a consolidation election to be held no later than December 31 preceding the school year in which the consolidation is to become effective. (6) If the districts to be consolidated are not to jointly assume the bonded indebtedness of each district involved in the consolidation, the ballots must read, after stating the consolidation proposition, "FOR consolidation without assumption of bonded indebtedness" and "AGAINST consolidation without assumption of bonded indebtedness". The consolidation proposition is approved by a district if a majority of those voting in a district approve the proposition. Otherwise it is disapproved.

(7) (a) After the county superintendent of each county where a district involved in the consolidation proposition is located has received the election certification provided for in 20-20-416 from the trustees of each district included in a consolidation proposition, the appropriate county superintendent shall determine if the consolidation proposition has been approved in each district. If each district has approved the consolidation proposition, each county superintendent shall, within 10 days after the receipt of the last election certificate, order the consolidation of the districts effective July 1 of the ensuing school fiscal year. The order must:

(i) for consolidation with the joint assumption of bonded indebtedness, specify that there will be joint assumption of bonded indebtedness between the owners of all taxable real and personal property in each district forming the consolidated district;

The objective of the process is to avoid the imposition of unnecessary sanctions and to diminish the need for formal administrative hearings with the state, as provided for in 53-6-108, or the federal government agencies that are responsible for the enforcement of remedies. The process must provide for an objective review of the raised issues by an individual who is independent of the survey process and who can evaluate the legal sufficiency of the findings of the surveyors. *The department shall provide a written determination of the outcome of the informal dispute resolution process within 60 days from the date that the dispute is submitted to the individual conducting the dispute resolution process. The standards must recognize that a written physician’s order provides evidence of medical necessity and the appropriateness of the drugs and treatments ordered, unless the survey agency alleges substandard practice by the physician. The standards must provide for the reporting of any substandard practice of a physician to the board of medical examiners by the

surveyors. The standards must outline a facility's responsibilities in monitoring drugs and treatments ordered for residents and for consulting with the attending physician as appropriate.

(2) The department shall inform long-term care facilities of the results of any survey, certification survey, complaint survey, or postsurvey revisit within 10 working days of the last date of the survey on the form provided by the centers for medicare and medicaid services for that purpose."

Each license agent shall keep the license account open at all reasonable hours to inspection by the department, the director, the wardens, or the legislative auditor.

~~(6)~~(7) For purposes of this section, the term "transaction" includes the sale of any license; *or permit, collection of any data or fee, or issuance of any certificate* prescribed by the department.

~~(7)~~(8) If a license agent fails to submit to the department all money received from the declared sale of licenses, less the appropriate *commission and convenience* fee, by the deadline established by the department, an interest charge equal to the rate charged under 15-1-216 ~~must~~ *may* be assessed.  - (ii) a conditional or special use approval; or
 - (iii) any other land use approval designation used by a local government.
- (b) The term does not include a request for a variance.

Section 3. Local government regulations — restrictions. (1) Unless a specific review process for an application is otherwise provided by law, the local government shall provide the applicant with a written receipt showing the date and time that the site-specific development plan was first submitted to the local government. The local government shall establish, by ordinance or resolution, a completeness review process, including time periods within which to determine whether the application contains all of the information required by the local government’s ordinances, resolutions, or other regulations, and shall notify the applicant of the local government’s determination as to whether or not the application is complete. If the applicant fails to submit the missing information within any applicable time period, the local government may deny approval of the site-specific development plan as an incomplete submission. A determination that a site-specific development plan is complete under this section does not limit the ability of the local government to request additional information during the review process.

(2) Except as provided under 76-2-206 or 76-2-306 or unless otherwise agreed to in writing by the applicant, the review and approval, approval with conditions, or denial of the site-specific development plan must be based solely upon the ordinances and regulations in effect at the time that the complete site-specific development plan was submitted to the local government entity that has jurisdiction over the application. Nothing in this subsection affects the ability of a local government to develop and impose conditions on a site-specific development plan as otherwise provided by law or by locally adopted ordinances or regulations.

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 7, and the provisions of Title 7 apply to [sections 1 through 3].

[HB 726]

AN ACT ALLOWING THE DEPARTMENT OF CORRECTIONS TO CONTRACT WITH MONTANA CORPORATIONS TO OPERATE DAY REPORTING PROGRAMS TO PROVIDE AN ALTERNATE SENTENCING OPTION AND TO SANCTION PROBATION VIOLATORS; PROVIDING THAT A CONVICTED PERSON PAY A \$50 PRESENTENCE REPORT FEE TO FUND THE ALTERNATE SENTENCING OPTION; AMENDING SECTIONS 46-18-111, 46-18-201, 46-18-225, 46-23-1015, 53-1-203, AND 53-1-501, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-111, MCA, is amended to read:

“46-18-111. Presentence investigation — when required. (1) Upon the acceptance of a plea or upon a verdict or finding of guilty to one or more felony offenses, the district court shall direct the probation officer to make a presentence investigation and report. The district court shall consider the presentence investigation report prior to sentencing. If the defendant was convicted of an offense under 45-5-502, 45-5-503, 45-5-504, 45-5-505, 45-5-507, 45-5-625, or 45-5-627, the investigation must include a psychosexual evaluation of the defendant and a recommendation as to treatment of the defendant in the least restrictive environment, considering the risk the defendant presents to the community and the defendant’s needs, unless the defendant was sentenced under 46-18-219. The evaluation must be completed by a sex offender therapist who is a member of the Montana sex offender treatment association or has comparable credentials acceptable to the department of labor and industry. The psychosexual evaluation must be made available to the county attorney’s office, the defense attorney, the probation and parole officer, and the sentencing judge. All costs related to the evaluation must be paid by the defendant. If the defendant is determined by the district court to be indigent, all costs related to the evaluation are the responsibility of the district court and must be paid by the county or the state, or both, under Title 3, chapter 5, part 9.

(2) The court shall order a presentence report unless the court makes a finding that a report is unnecessary. Unless the court makes that finding, a defendant convicted of any offense not enumerated in subsection (1) that may result in incarceration for 1 year or more may not be sentenced before a written presentence investigation report by a probation and parole officer is presented to and considered by the district court. The district court may order a presentence investigation for a defendant convicted of a misdemeanor only if the defendant was convicted of a misdemeanor that the state originally charged as a sexual or violent offense as defined in 46-23-502.

(3) *The defendant shall pay to the department of corrections a \$50 fee at the time that the report is completed, unless the court determines that the defendant is not able to pay the fee within a reasonable time. The fee may be retained by the department and used to finance contracts entered into under 53-1-203(4).”*

Section 2. Section 46-18-201, MCA, is amended to read:

Section 3. Section 46-18-225, MCA, is amended to read:

“46-18-225. Sentencing of nonviolent felony offenders — criteria — alternatives to be considered — court to state reasons for imprisonment. (1) In sentencing a nonviolent felony offender, the sentencing judge shall first consider alternatives to imprisonment of the offender in a state prison, including placement of the offender in a community corrections facility or program, a prerelease center, ~~or~~ a prerelease program, *or a day reporting program provided for in 53-1-203.* In considering alternatives to imprisonment, the sentencing judge shall examine the sentencing criteria contained in subsection (2).

(2) Prior to sentencing a nonviolent felony offender to whom 46-18-219 does not apply to a term of imprisonment in a state prison, the sentencing judge shall take into account whether:

(a) the interests of justice and the needs of public safety truly require the level of security provided by imprisonment of the offender in a state prison;

(b) the needs of the offender can be better served in the community or in a facility or program other than a state prison;

(c) there are substantial grounds tending to excuse or justify the offense, though failing to establish a defense;

(d) the offender acted under strong provocation;

(e) the offender has made restitution or will make restitution to the victim of the offender's criminal conduct;

(f) the offender has no prior history of conviction for a criminal act or, if the offender has a prior history of conviction for a criminal act, the offender has led a law-abiding life for a substantial period of time before the commission of the present crime;

(g) the offender's criminal conduct was the result of circumstances that are unlikely to recur;

(h) the character and attitude of the offender indicate that the offender is likely to commit another crime;

(i) the offender is likely to respond quickly to correctional or rehabilitative treatment; and

(3) If the judge sentences the offender to a state prison, the judge shall state the reasons why the judge did not select an alternative to imprisonment, based on the criteria contained in subsection (2).”

Section 4. Section 46-23-1015, MCA, is amended to read:

“46-23-1015. Informal probation violation intervention hearing. (1) A probation and parole officer who reasonably believes that a probationer has violated a condition of probation may initiate an informal probation violation intervention hearing to gain the probationer's compliance with the conditions of probation without a formal revocation hearing under 46-18-203.

(2) A hearings officer designated by the department shall conduct the intervention hearing.

(3) If the hearings officer determines by a preponderance of the evidence that the probationer has violated a condition of probation, the hearings officer

may order the probationer to serve up to 30 days in a county detention center, with credit for time served since the time of arrest, *or order the probationer to participate in a day reporting program as provided for in 53-1-203* and order the probationer to pay the costs of incarceration *or participation in the day reporting program*. The department shall pay the incarceration costs not paid by the probationer.

(4) The provisions of chapter 9 of this title regarding release on bail of a person charged with a crime are not applicable to a probationer ordered to be held in a county detention center under this section."

Section 5. Section 53-1-203, MCA, is amended to read:

"53-1-203. Powers and duties of department of corrections. (1) The department of corrections shall:

(a) adopt rules necessary to carry out the purposes of 41-5-123 through 41-5-125, rules necessary for the siting, establishment, and expansion of prerelease centers, and rules for the admission, custody, transfer, and release of persons in department programs except as otherwise provided by law. However, rules adopted by the department may not amend or alter the statutory powers and duties of the state board of pardons and parole. The rules for the siting, establishment, and expansion of prerelease centers must state that the siting is subject to any existing conditions, covenants, restrictions of record, and zoning regulations. The rules must provide that a prerelease center may not be sited at any location without community support. The prerelease siting, establishment, and expansion must be subject to, and the rules must include, a reasonable mechanism for a determination of community support or objection to the siting of a prerelease center in the area determined to be impacted. The prerelease siting, establishment, and expansion rules must provide for a public hearing conducted pursuant to Title 2, chapter 3.

(b) subject to the functions of the department of administration, lease or purchase lands for use by correctional facilities and classify those lands to determine those that may be most profitably used for agricultural purposes, taking into consideration the needs of all correctional facilities for the food products that can be grown or produced on the lands and the relative value of agricultural programs in the treatment or rehabilitation of the persons confined in correctional facilities;

(c) contract with private, nonprofit Montana corporations to establish and maintain prerelease centers for purposes of preparing inmates of a Montana prison who are approaching parole eligibility or discharge for release into the community, providing an alternative placement for offenders who have violated parole *or probation*, and providing a sentencing option for felony offenders pursuant to 46-18-201. The centers shall provide a less restrictive environment than the prison while maintaining adequate security. The centers must be operated in coordination with other department correctional programs. This subsection does not affect the department's authority to operate and maintain prerelease centers.

(d) utilize the staff and services of other state agencies and units of the Montana university system, within their respective statutory functions, to carry out its functions under this title;

(e) propose programs to the legislature to meet the projected long-range needs of corrections, including programs and facilities for the custody, supervision, treatment, parole, and skill development of persons placed in correctional facilities or programs;

(h) collect and disseminate information relating to youth in need of intervention and delinquent youth;

(i) maintain adequate data on placements that it funds in order to keep the legislature properly informed of the specific information, by category, related to youth in need of intervention and delinquent youth in out-of-home care facilities;

(j) provide funding for and place youth who are adjudicated to be delinquent or in need of intervention and who are committed to the department;

(k) administer youth correctional facilities;

(l) provide supervision, care, and control of youth released from a state youth correctional facility; and

(m) use to maximum efficiency the resources of state government in a coordinated effort to:

(i) provide for delinquent youth committed to the department; and

(ii) coordinate and apply the principles of modern correctional administration to the facilities and programs administered by the department.

(2) The department and a private, nonprofit Montana corporation may not enter into a contract under subsection (1)(c) for a period that exceeds 10 years. The provisions of 18-4-313 that limit the term of a contract do not apply to a contract authorized by subsection (1)(c). Prior to entering into a contract for a period of 10 years, the department shall submit the proposed contract to the legislative audit committee. The legislative audit division shall review the contract and make recommendations or comments to the legislative audit committee. The committee may make recommendations or comments to the department. The department shall respond to the committee, accepting or rejecting the committee recommendations or comments prior to entering into the contract.

(3) The department of corrections may enter into contracts with nonprofit corporations or associations or private organizations to provide substitute care for youth in need of intervention and delinquent youth in youth correctional facilities.

(4) The department may contract with Montana corporations to operate a day reporting program as an alternate sentencing option as provided in 46-18-201 and 46-18-225 and as a sanction option under 46-23-1015. The department shall adopt by rule the requirements for a day reporting program, including but not limited to requirements for daily check-in, participation in programs to develop life skills, and the monitoring of compliance with any conditions of probation, such as drug testing."

Section 6. Section 53-1-501, MCA, is amended to read:

"53-1-501. Rates for residential community correctional program board, room, and services charged by the department of corrections. (1) The department of corrections shall establish per diem rates for room, board, and services for persons placed in or committed to a community correctional program operated by the department of corrections. The department of

(2) The department of corrections shall prescribe rules and procedures for the establishment of rates and charges to residents *or participants* in any community correctional program that is under contract with the department of corrections and that provides room, board, or services or any combination of room, board, and services to residents of those facilities *or to participants in* programs. The amount assessed by these programs must be subject to the resident's ability to pay, based on the rates established as the basis for assessed charges, and subject to approval by the department of corrections."

Section 7. Effective dates. (1) [Section 1] and this section are effective July 1, 2005.

(2) [Sections 2 through 6] are effective July 1, 2006.

(2) Notwithstanding any other provision of law, a person to whom an offer or solicitation to receive a credit card is made is not liable for the unauthorized use

of a credit card issued in response to that offer or solicitation if the credit card issuer does not verify the change of address pursuant to subsection (1) prior to the issuance of the credit card unless the credit card issuer proves that this person actually incurred the charge on the credit card.

(3) When a credit card issuer receives a written or oral request for a change of the cardholder's billing address and then receives a written or oral request for an additional credit card within 10 days after the requested address change, the credit card issuer may not mail the requested additional credit card to the new address or, alternatively, activate the requested additional credit card unless the credit card issuer has verified the change of address.

(4) (a) Except as provided in subsections (4)(b) through (4)(d), a person, firm, partnership, association, corporation, or limited liability company that accepts credit cards for the transaction of business may not print more than the last five digits of the credit card account number or the expiration date upon any receipt provided to the cardholder.

(b) Subsection (4)(a) applies only to receipts that are electronically printed and does not apply to transactions in which the sole means of recording the person's credit card number is by handwriting or by an imprint or copy of the credit card.

(c) Subsection (4)(a) applies beginning January 1, 2008, with respect to any cash register or other machine or device that electronically prints receipts for credit card transactions that is in use before January 1, 2005.

If the replacement credit card is requested prior to the effective date of the change of address, the notification must be sent within 30 days of the change of address request. If the replacement credit card is requested after the effective date of the

change of address, the notification must be sent within 30 days of the request for the replacement credit card.

The notification must be sent within 30 days of the request for new service.

(3) The notice required pursuant to subsection (1) or (2) may be given by telephone or electronic mail communication if the credit card issuer or business entity that provides telephone accounts reasonably believes that it has the current telephone number or electronic mail address for the account holder or cardholder who has requested a change of address. If the notification is in writing, it may not contain the consumer's account number, social security number, or other personal identifying information but may contain the consumer's name, previous address, and new address of record. For business entities described in subsection (2), the notification may also contain the account holder's telephone number.

(4) A credit card issuer or a business entity that provides telephone accounts is not required to send a change of address notification when a change of address request is made in person by a consumer who has presented valid identification or is made by telephone and the requester has provided a unique alphanumeric password.

(5) As used in this section, the following definitions apply:

(a) "Credit card" has the meaning provided in [section 2].

(b) "Telephone account" means an account with a telecommunications carrier, as defined in 69-3-803.

Section 4. Purpose. The purpose of [sections 4 through 8] is to enhance the protection of individual privacy and to impede identity theft as prohibited by 45-6-332.

(1) (a) "Business" means a sole proprietorship, partnership, corporation, association, or other group, however organized and whether or not organized to operate at a profit, including a financial institution organized, chartered, or holding a license or authorization certificate under the law of this state, any other state, the United States, or of any other country or the parent or the subsidiary of a financial institution. A business shall take all reasonable steps to destroy or arrange for the destruction of a customer's records within its custody or control containing personal information that is no longer necessary to be retained by the business by shredding, erasing, or otherwise modifying the personal information in those records to make it unreadable or undecipherable.

Section 7. Computer security breach. (1) Any person or business that conducts business in Montana and that owns or licenses computerized data that includes personal information shall disclose any breach of the security of the data system following discovery or notification of the breach to any resident of Montana whose unencrypted personal information was or is reasonably believed to have been acquired by an unauthorized person. (2) Any person or business that maintains computerized data that includes personal information that the person or business does not own shall notify the owner or licensee of the information of any breach of the security of the data system immediately following discovery if the personal information was, or is reasonably believed to have been acquired by an unauthorized person.

(3) The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal investigation and requests a delay in notification. The notification required by this section must be made after the law enforcement agency determines that it will not compromise the investigation.

(4) For purposes of this section, the following definitions apply:

(a) "Breach of the security of the data system" means unauthorized acquisition of computerized data that materially compromises the security, confidentiality, or integrity of personal information maintained by the person or business and causes or is reasonably believed to cause loss or injury to a Montana resident. (5) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S. department of health and human services, the department of public health and human services may implement limited medicaid benefits, to be known as basic medicaid, for adult recipients who are eligible because they are receiving financial assistance, as defined in 53-4-201, as the specified caretaker relative of a dependent child under the FAIM project and for all adult recipients of medical assistance only who are covered under a group related to a program providing financial assistance, as defined in 53-4-201. Basic medicaid benefits consist of all mandatory services listed in subsections (2)(a) through (2)(l) but may include those optional services listed in subsections (3)(a) through (3)(q) that the department in its discretion specifies by rule. The department, in exercising its discretion, may consider the amount of funds appropriated by the legislature, whether approval has been received as provided in 53-1-612, and whether the provision of a particular service is commonly covered by private health insurance plans. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

(6) The department may implement, as provided for in Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, a program under medicaid for payment of medicare premiums, deductibles, and coinsurance for persons not otherwise eligible for medicaid.

(7) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.

(8) The services provided under this part may be only those that are medically necessary and that are the most efficient and cost-effective.

(9) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended.

(10) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

(11) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise

curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program.

(12) Community-based medicaid services, as provided for in part 4 of this chapter, must be provided in accordance with the provisions of this chapter and the rules adopted under this chapter.

(13) Medicaid payment for assisted living facilities may not be made unless the department certifies to the director of the governor's office of budget and program planning that payment to this type of provider would, in the aggregate, be a cost-effective alternative to services otherwise provided."

Section 30. Unlawful acts. A person who performs acts constituting the practice of medicine in this state acts unlawfully if the person:

(1) has not been issued a license pursuant to this chapter and is not exempt from the licensing requirement of this chapter; or

(2) has received a license pursuant to this chapter but has not completed a duties and delegation agreement or a supervision agreement.

Section 31. Participation in disaster and emergency care — liability of physician assistant and supervising physician. (1) A physician assistant licensed in this state, licensed or authorized to practice in another state, territory, or possession of the United States, or credentialed as a physician assistant by a federal employer who provides medical care in response to an emergency or a federal, state, or local disaster may provide that care either without supervision as required by this chapter or with whatever supervision is available. The provision of care allowed by this subsection is limited to the duration of the emergency or disaster.

(2) A physician who supervises a physician assistant providing medical care in response to an emergency or disaster as described in subsection (1) need not comply with the requirements of this chapter applicable to supervising physicians.

(3) A physician assistant referred to in subsection (1) who voluntarily, gratuitously, and other than in the ordinary course of employment or practice renders emergency medical care during an emergency or disaster described in subsection (1) is not liable for civil damages for a personal injury resulting from an act or omission in providing that care if the injury is caused by simple or ordinary negligence and if the care is provided somewhere other than in a health care facility as defined in 50-5-101 or a physician's office where those services are normally provided.

(4) A physician who supervises a physician assistant voluntarily and gratuitously providing emergency care at an emergency or disaster described in subsection (1) is not liable for civil damages for a personal injury resulting from an act or omission in supervising the physician assistant if the injury is caused by simple or ordinary negligence on the part of the physician assistant providing the care or on the part of the supervising physician.

Section 32. Repealer. Section 37-20-201, MCA, is repealed.

Section 33. Name change — directions to code commissioner. (1) Wherever a reference to physician assistant-certified appears in legislation enacted by the 2005 legislature, the code commissioner is directed to change it to an appropriate reference to physician assistant.

(2) Wherever a reference to utilization plan, meaning a plan as required by 37-20-301 for the utilization of a physician assistant, appears in legislation

enacted by the 2005 legislature, the code commissioner is directed to change it to an appropriate reference to supervision agreement.

Section 34. Codification instruction. [Sections 30 and 31] are intended to be codified as an integral part of Title 37, chapter 20, part 4, and the provisions of Title 37, chapter 20, part 4, apply to [sections 30 and 31].

CHAPTER NO. 520

[HB 738]

AN ACT REQUIRING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO CREATE AN ADVISORY COMMISSION ON PROVIDER RATES AND SERVICES; PROVIDING LEGISLATIVE FINDINGS, PURPOSE, AND INTENT; PROVIDING DEFINITIONS; PROVIDING FOR THE DUTIES, MEMBERSHIP, AND ADMINISTRATION OF THE COMMISSION; REQUIRING THE COMMISSION TO REVIEW AND MAKE RECOMMENDATIONS CONCERNING SERVICES PROVIDED BY CONTRACT TO CHILDREN AND ADULTS IN A COMMUNITY SETTING BY THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES, THE COSTS OF THOSE SERVICES, AND REIMBURSEMENT RATES PAID TO THE CONTRACT PROVIDERS OF THOSE SERVICES; REQUIRING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO ASSIST THE COMMISSION; PROVIDING FOR THE PRIVACY OF CERTAIN CONTRACT INFORMATION; AND REQUIRING THE COMMISSION TO MAKE FINDINGS, RECOMMENDATIONS, AND REPORTS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings, purpose, and intent. (1) The legislature finds that services provided by the department to persons who are living in a community setting outside of state institutions and who are persons with developmental disabilities, are mentally ill, or are elderly or very young are essential services, and the essential nature of the services is not diminished because the services are provided by contracts. Because the services provided by contracts are many and are important to the well-being of Montana residents who can least care for themselves, the legislature finds that it is necessary to establish a system under which provider services, the costs of providers, and the reimbursement rates paid to providers are monitored on a regular basis to ensure that state funding is appropriately expended, that consumers' and taxpayers' expectations are attended to, and that the providers of the services are treated fairly.

(2) The purpose of [sections 1 through 6] is to provide a regular, predictable, and equitable mechanism under which contracted services, costs, and reimbursement rates are given optimum attention by the department. The legislature does, however, retain its constitutional duty to enact or amend law concerning contracted services, make appropriations for contracted services through funding of department programs, and review department contracted service programs through the mechanism provided in [sections 1 through 6]. [Sections 1 through 6] are not intended to restrict the legislature in making its appropriate policy and fiscal judgments concerning the value of department programs or services.

(3) It is the intent of the legislature that to the greatest extent practicable, the commission should:

- (a) establish an open and defensible process for conducting its work;
- (b) create a set methodology or protocol through which provider reimbursement rates can be recommended for a service, service level, or population of service consumers served by a provider and the department;
- (c) recommend a list of reimbursable expenses for every service and service level based upon the expenses necessary to provide that service or service level and comply with the licensure, contracts, and administrative rules that govern that service or service level;
- (d) recommend rate equity among service levels within a group of services and between different groups of services; and
- (e) recommend the best and most cost-effective method of regulating and auditing provider services.

Section 2. Definitions. As used in [sections 1 through 6], the following definitions apply:

- (1) "Commission" means the commission on provider rates and services established in [section 3].
- (2) "Department" means the department of public health and human services established in 2-15-2201.
- (3) "Director" means the director of the department.
- (4) "Provider" means an entity that contracts with the department to offer services to others.
- (5) "Services" means those services paid for by the department for:
 - (a) a child pursuant to Title 41, Title 42, chapter 3, or Title 52, chapter 2; or
 - (b) a child or an adult in a community or long-term care setting and not in a state institution, pursuant to Title 53.

Section 3. Commission on provider rates and services. (1) The department shall form an advisory commission to be known as the commission on provider rates and services, to provide information to the department concerning provider services, costs, and reimbursement rates. The commission membership must include a maximum of 15 individuals representing providers, consumers of provider services, and family members of consumers and is as follows:

- (a) at least three providers;
- (b) at least three of a combination of consumers of provider services and family members of consumers;
- (c) two employees of the department;
- (d) one representative from the legislative fiscal division;
- (e) one representative from the governor's office on budget and program planning;
- (f) one member of each of the two major political parties of the house of representatives; and
- (g) one member of each of the two major political parties of the senate.

(2) Except as provided in this section, the commission is subject to the provisions of 2-15-122.

(3) Except as provided in this section, members shall serve for a term of 2 years and may be reappointed by the appointing authority for one additional term. A member appointed to fill an unexpired term may be appointed for an additional two terms. The appointing authority shall stagger the first terms of the first board to terms of 2 to 4 years. Members appointed to represent state departments, offices, or other state bodies may be appointed and reappointed as the department determines necessary.

(4) The commission shall elect a presiding officer and vice presiding officer and by vote determine its rules of operation. The commission shall meet at the call of the presiding officer, who shall determine meeting times in consultation with the department.

(5) The commission is allocated to the department for administrative purposes only as provided in 2-15-121.

Section 4. Duties of commission on provider rates and services. (1) The commission shall conduct an ongoing review of provider services, costs, and reimbursement rates. The review must be made without regard to the source of funds for reimbursement payments.

(2) The commission shall consult with the director concerning provider services, costs, and reimbursement rates subject to its review but shall make independent determinations of those matters within its authority. The commission shall establish the order in which provider services, costs, and reimbursement rates will be reviewed by the commission and the methodology that the commission will use in its review.

(3) The commission shall take into account the work of other advisory groups or councils working with the department on subjects concerning its authority and make recommendations to the director and appropriate members of those groups or councils concerning the subject and timing of the work of those groups or councils that will assist the commission and those groups or councils to exercise their legal or other authority and achieve their purpose.

(4) In conducting its review, the commission shall also consider:

- (a) the need for the department to limit expenditures to appropriations;
- (b) existing and future contracts with the department;
- (c) state and federal laws, rules, and regulations; and
- (d) the intention of the legislature to live within available revenue.

(5) In reviewing existing reimbursement rates and recommending new or altered reimbursement rates to be paid to providers, the commission shall consider the following factors:

- (a) the level of financial risk taken by a provider in providing services;
- (b) the complexity of the provider's services;
- (c) the capital investment made by the provider;
- (d) the administrative overhead in the provider's business; and
- (e) any other matter affecting the cost of the provider's services.

Section 5. Department to assist and cooperate with commission on provider rates and services — records privacy. The department shall provide to the commission the maximum assistance that may practicably be

made available to the commission and shall provide the commission with the necessary equipment, records, and other material that are both necessary and helpful for the commission to achieve the purposes of [sections 1 through 6], including records and other material concerning past, current, and potential provider services, costs, and reimbursement. In providing and considering those records and materials, the department and the commission shall make whatever changes in provider or consumer information that are necessary to comply with lawful requirements for the privacy of the service providers and consumers.

Section 6. Commission findings, recommendations, and reports.

The commission shall:

(1) make recommendations and reports concerning its activities and the results of its review to the director at those times as the commission determines; and

(2) make findings and recommendations and prepare a report to the legislature, in the manner provided in 5-11-210, on the subjects of its review.

Section 7. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 53, and the provisions of Title 53 apply to [sections 1 through 6].

AN ACT LIMITING SCHOOL DISTRICT AND PUBLIC POSTSECONDARY INSTITUTION LIABILITY FOR CIVIL DAMAGES RESULTING FROM STUDENT LABOR ON A CONSTRUCTION PROJECT AS PART OF A PUBLIC EDUCATION PROGRAM IF NOTICE OF THE STUDENT LABOR IS GIVEN AT THE TIME OF TRANSFER OF THE PROPERTY; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Student construction project — disclosure — immunity.

(1) The entity that transfers title to a construction project constructed as part of a public education program shall disclose the fact that the construction project was constructed as part of a public education program on at least one document, form, or application executed prior to or contemporaneously with an offer for the purchase, sale, rental, or lease of the construction project. The disclosure provided for in this subsection must be in the following form or in a substantially similar form: "Student Construction Project: This property was constructed as part of a public education program and was in whole or in part constructed by students. The school district or public postsecondary institution responsible for the education program is not liable for civil damages resulting from construction projects constructed as part of a public education program except in cases of gross negligence or willful misconduct."

(2) Except in cases of gross negligence or willful misconduct, a school district or public postsecondary institution is not liable for civil damages resulting from a construction project constructed as part of a public education program if the disclosure required in subsection (1) is made.

(3) As used in this section, "public education program" means a program operated by a public school or a public postsecondary institution.

Section 2. Codification instruction. (1) [Section 1] is intended to be codified as an integral part of Title 20, chapter 6, part 1, and the provisions of Title 20, chapter 6, part 1, apply to [section 1].

(2) [Section 1] is intended to be codified as an integral part of Title 20, chapter 25, and the provisions of Title 20, chapter 25, apply to [section 1].

Section 3. Two-thirds vote required. Because [section 1] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 4. Effective date. [This act] is effective July 1, 2005.

Section 5. Applicability. [This act] applies to student labor on construction projects regardless of the completion date of the project if the disclosure provided for in [section 1(1)] is made.

CHAPTER NO. 522

[HB 748]

AN ACT AUTHORIZING THE CREATION OF STATE DEBT THROUGH THE ISSUANCE OF GENERAL OBLIGATION BONDS; APPROPRIATING THE PROCEEDS OF THE BONDS FOR STATE MATCHING FUNDS FOR FEDERAL WATER RESOURCE PROJECTS; PROVIDING FOR DEBT SERVICE PAYMENTS FROM AVAILABLE AMOUNTS IN THE TREASURE STATE ENDOWMENT REGIONAL WATER SYSTEM SPECIAL REVENUE ACCOUNT; PROVIDING FOR MATTERS RELATING TO APPROPRIATIONS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Appropriation of bond proceeds. The amount of \$5 million is appropriated from the proceeds of the bonds authorized by [section 2] to the department of natural resources and conservation to be used for state matching funds for the north central regional water authority and the dry prairie regional water authority, contingent upon the authorization of general obligation bonds by the 59th legislature and the sale of bonds by the board of examiners.

Section 2. Authorization of bonds. The board of examiners is authorized to issue and sell general obligation bonds in an amount not exceeding \$5 million to be used for state matching funds for the federal water resource projects described in [section 1] over and above the amount of general obligation bonds outstanding on January 1, 2005. The bonds must be issued in accordance with the terms and in the manner required by Title 17, chapter 5, part 8. The authority granted to the board by this section is in addition to any other authorization to the board to issue and sell general obligation bonds.

Section 3. Payment of debt service. It is the intent of the legislature to annually pay principal of and interest or premiums, if any, on the bonds authorized by [section 2] from any available funds in the treasure state endowment regional water system special revenue account established in

90-6-715. Funds in the treasure state endowment regional water system special revenue account may be used each fiscal year to pay debt service on the bonds in that fiscal year to the extent that funds in the account are then available. Subject to the limitations of 90-6-715, funds in the treasure state endowment regional water system special revenue account are subject to appropriation for other purposes that the legislature considers appropriate and are not reserved to pay debt service on the bonds authorized by [section 2].

Section 4. Agreement with department of natural resources and conservation. The board of examiners and the department of natural resources and conservation may enter into an agreement for the match to federal construction funds for the purpose of regional water projects, under which the department shall pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, an amount, as determined by the state treasurer, that is sufficient to pay the principal and interest due on the bonds and notes from which the appropriation was made. The agreement must further provide that income from the investment of bond proceeds, unused principal, and the reserves not required for a match to federal construction funds for the purpose of regional water projects may be credited against the department's payment obligation. Payment by the department must be made from available funds.

Section 5. Legislative consent. The appropriation authorized in [section 1] constitutes legislative consent for the projects contained in [section 1] within the meaning of 18-2-102.

Section 6. Requirement for approval of state debt. Because [section 2] authorizes the creation of state debt, a vote of two-thirds of the members of each house of the legislature is required for enactment of [section 2]. If [section 2] is not approved by the required vote, [this act] is void.

Section 7. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 526

[HB 782]

AN ACT PROVIDING THAT ISSUE REMARKS MUST BE FINALLY RESOLVED BEFORE ISSUANCE OF A FINAL DECREE; PROVIDING THAT THE ATTORNEY GENERAL MAY INTERVENE IN THE PROCEEDINGS BEFORE THE WATER COURT ON ISSUE REMARKS THAT HAVE NOT BEEN OTHERWISE RESOLVED; PROVIDING THAT ISSUE REMARKS ARE EVIDENCE TO BE WEIGHED AGAINST THE PRIMA FACIE STATUS OF A WATER RIGHT CLAIM; PROVIDING THAT RESOLVING OBJECTIONS IS OF HIGHER IMPORTANCE THAN RESOLVING ISSUE REMARKS UNLESS OTHERWISE DETERMINED BY THE CHIEF WATER JUDGE; AMENDING SECTIONS 85-2-232, 85-2-233, 85-2-234, AND 85-2-235, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. (1) Because the state of Montana is the owner of all water in the state, pursuant to Article IX, section 3, of the Montana constitution, the legislature recognizes that it is in the state’s best interest to ensure that valid issues raised as a result of claims examination in the statewide adjudication of pre-July 1, 1973, water rights are resolved before a final decree is issued.

(2) If as a result of the examination or the prior verification conducted by the department an issue remark is attached to a claim, the information resulting in the issue remark and the issue remark must be weighed against the claimed water right.

Section 2. Resolution of issue remarks other than by objection. (1) In resolving issue remarks other than through the objection process provided for in 85-2-233, the water court shall proceed as provided in this section.

(2) All issue remarks to claims that are not resolved through the filing of an objection as provided in 85-2-233 must be resolved as provided in this section.

(3) The water court shall review each factual or legal issue remark not resolved as a result of the filing of an objection to determine if information in the claim file or information obtained by the court provides a sufficient basis to resolve the identified issue remark or to determine if the issue remark can be corrected as a clerical error.

(4) If an issue remark cannot be resolved pursuant to subsection (3), the water court shall notify the claimant in writing that each factual or legal issue remark must be resolved as provided in this section.

(5) (a) The water court shall require the claimant to confer with the department in an informal effort to resolve any identified issue remarks.

(b) If an issue remark is resolved to the satisfaction of the department and the claimant, the claimant, with the assistance of the department, shall prepare and file any documents that are needed to support the resolution. The department shall file a separate memorandum with its recommendation regarding the disposition of any issue remarks involved in the proposed resolution.

(c) If an issue remark is not resolved, the department shall file a notice with the water court informing the water court that the issue remark was not resolved.

(6) The water court shall schedule proceedings to resolve all issue remarks that remain unresolved pursuant to subsections (2) through (5). All proceedings must include the department pursuant to 85-2-243 and any parties appearing in opposition to the claim, including the attorney general if the attorney general has intervened.

(7) (a) If an unresolved issue remark involves nonperfection or abandonment, the water court shall join the state of Montana through the attorney general as a necessary party to resolve the issue remark. The water court shall notify the attorney general of the joinder.

(b) Except as provided in subsection (7)(a), for any claim containing an issue remark that has not been resolved pursuant to subsections (2) through (5), the attorney general may intervene as a matter of right.

(c) The attorney general may adopt rules to implement the responsibilities and duties of the attorney general imposed by this section.

(8) The water court shall hold an evidentiary hearing on any issue remark that remains unresolved pursuant to subsections (2) through (7).

(9) If a claimant fails to appear at a scheduled evidentiary hearing or fails to comply with an order issued by the water court in its review of issue remarks, the water court, upon motion or its own initiative, may, in its ruling:

(a) amend the elements of the claim to conform with the information in the claim file;

(b) amend the elements in the claim to conform with information obtained by the court;

(c) remove the issue remark; or

(d) terminate the claim.

(10) Following the conclusion of the evidentiary hearing and the expiration of any posthearing briefing schedule, the water court shall render its written decision.

(11) Any proposal by the claimant to resolve an issue remark without an evidentiary hearing must be in writing, signed by each owner of the claim at issue, and filed with the water court with any supporting documentation.

(12) The water court's decision on each issue remark that it reviews pursuant to this section must be documented in a master's report or water judge's order. The water court shall modify the abstract of each claim in accordance with its written decision and remove any applicable issue remark.

Section 3. Prioritization of workload. The chief water judge may place a higher priority on hearing objections to claims in a basin than on resolving issue remarks.

Section 4. Definition. For the purposes of [sections 1 through 3] "issue remark" means a statement added to an abstract of water right in a water court decree by the department or the water court to identify potential factual or legal issues associated with the claim. The term also includes "gray area remarks" that were the result of the verification process.

Section 5. Section 85-2-232, MCA, is amended to read:

"85-2-232. Availability of temporary preliminary or preliminary decree. (1) (a) The water judge shall send to the department a copy of a temporary preliminary decree or preliminary decree issued for a basin.

(b) The water judge shall serve by mail a notice of availability of the temporary preliminary decree or preliminary decree to each person who has filed a claim of existing right within the decreed basin or to that person's successor as documented in the department's records.

(c) The water judge shall also serve by mail a notice of availability of the temporary preliminary decree or preliminary decree to the purchaser under contract for deed, as defined in 70-20-115, of property in connection with which a claim of existing right has been filed within the decreed basin.

(d) In the Powder River basin, the water judge shall serve by mail a notice of availability of the temporary preliminary decree or preliminary decree to each person or to that person's successor as documented in the department's records, who has filed a declaration of an existing right.

(e) The water judge shall enclose with a notice required under subsections (1)(b) through (1)(d) an abstract of the disposition of the claimed or declared existing right of a person identified in this section or that person's successor as documented in the department's records.

(f) The notice of availability required under this section must also be served upon:

(i) those issued or having applied for and not having been denied a permit to beneficially use water within the decreed basin pursuant to Title 85, chapter 2, part 3;

(ii) those granted a reservation within the decreed basin pursuant to 85-2-316; or

(iii) other interested persons who request service of the notice from the water judge.

(g) *When the water court provides notice to claimants of the opportunity to object, it shall include information explaining the right to appeal a water court decision as provided in 85-2-235.*

(2) The clerk or person designated by the water judge to mail the notice shall make a general certificate of mailing certifying that a copy of the notice has been placed in the United States mail, postage prepaid, addressed to each party required to be served notice of the temporary preliminary decree or preliminary decree. The certificate is conclusive evidence of legal notice of entry of decree.

(3) Notice of the availability of a preliminary decree must also be published at least once each week for 3 consecutive weeks in at least three newspapers of general circulation that cover the water division or divisions in which the decreed basin is located. This notice must be provided before the final decree for the basin is issued.

(4) A person may obtain a copy of the temporary preliminary decree or preliminary decree upon payment of a fee of \$20 or the cost of printing, whichever is greater, to the water judge. The fee must be deposited in the state general fund."

Section 6. Section 85-2-233, MCA, is amended to read:

"85-2-233. Hearing on temporary preliminary decree or preliminary decree — procedure. (1) (a) For good cause shown and subject to the provisions of subsection (9), a hearing must be held before the water judge on any objection to a temporary preliminary decree or preliminary decree by:

- (i) the department;
 - (ii) a person named in the temporary preliminary decree or preliminary decree;
 - (iii) any person within the basin entitled to receive notice under 85-2-232(1);
- or

(iv) any other person who claims rights to the use of water from sources in other basins that are hydrologically connected to the sources within the decreed basin and who would be entitled to receive notice under 85-2-232 if the claim or claims were from sources within the decreed basin.

(b) For the purposes of this subsection (1), "good cause shown" means a written statement showing that a person has an ownership interest in water or its use that has been affected by the decree.

(c) A person does not waive the right to object to a preliminary decree by failing to object to a temporary preliminary decree issued before March 28, 1997. However, a person may not raise an objection to a matter in a preliminary decree if that person was a party to the matter when the matter was previously litigated and resolved as the result of an objection raised in a temporary preliminary decree unless the objection is allowed for any of the following reasons:

- (i) mistake, inadvertence, surprise, or excusable neglect;
- (ii) newly discovered evidence that by due diligence could not have been discovered in time to move for a new trial under Rule 59(b), Montana Rules of Civil Procedure;
- (iii) fraud, misrepresentation, or other misconduct of an adverse party;
- (iv) the judgment is void; or

(v) any other reason justifying relief from the operation of the judgment.

(d) After March 28, 1997, a person may not raise an objection or counterobjection to a matter contained in a subsequent decree issued under this part if the matter was contained in a prior decree issued under this part for which there was an objection and counterobjection period unless the objection is allowed for any of the following reasons:

(i) mistake, inadvertence, surprise, or excusable neglect;

(ii) newly discovered evidence that by due diligence could not have been discovered at the close of the objection period set forth in subsection (2);

(iii) fraud, misrepresentation, or other misconduct of an adverse party;

(iv) the temporary preliminary decree is void; or

(v) any other reason justifying relief from the operation of the prior decree issued under this part. The fact that a prior owner of a water right did not object or counterobject at a prior decree stage may not be a basis for a subsequent owner of the water right to object or counterobject absent a finding that one of the provisions in this subsection (1)(d) applies.

(2) Objections must be filed with the water judge within 180 days after entry of the temporary preliminary decree or preliminary decree. The water judge may, for good cause shown, extend this time limit up to two additional 90-day periods if application for an extension is made prior to expiration of the original 180-day period or any extension of it.

(3) Upon expiration of the time for filing objections under subsection (2), the water judge shall notify each party whose claim received an objection that an objection was filed. The notice must set forth the name of each objector and must allow an additional 60 days for the party whose claim received an objection to file a counterobjection to the claim or claims of the objector. Counterobjections must be limited to those claims that are included within the particular decree issued by the court.

(4) Objections and counterobjections must specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request must state the specific grounds and evidence on which the objections are based.

(5) (a) Upon expiration of the time for filing counterobjections under subsection (3), the water judge shall notify each party named in the temporary preliminary decree or preliminary decree or that person's successor as documented in the department records *and shall notify the attorney general* that objections and counterobjections have been filed. The water judge shall fix a day when all parties who wish to participate in future proceedings are required to appear or file a statement. The water judge shall then set a date for a hearing. The water judge may conduct individual or consolidated hearings. A hearing must be conducted in the same manner as for other civil actions. At the order of the water judge, a hearing may be conducted by the water master, who shall prepare a report of the hearing as provided in Rule 53(e), Montana Rules of Civil Procedure.

(b) In conducting hearings pursuant to this chapter, a water judge may require the parties to participate in settlement conferences or may assign the matter to a mediator. Any settlement reached by the parties is subject to review and approval by a water judge.

(6) After the issuance of a temporary preliminary decree or preliminary decree, notice of any motion to amend a statement of claim or a timely filed

objection that may adversely affect other water rights must be published for 3 consecutive weeks in two newspapers of general circulation in the basin where the statement of claim or objection was filed. The notice must specify that any response or objection to the proposed amendment must be filed within 45 days of the date of the last notice. The water judge may order any additional notice of the motion as the water judge considers necessary. The costs of the notice required pursuant to this subsection must be borne by the moving party.

(7) Failure to object under subsection (1) to a compact negotiated and ratified under 85-2-702 or 85-2-703 bars any subsequent cause of action in the water court.

(8) If the court sustains an objection to a compact, it may declare the compact void. The agency of the United States, the tribe, or the United States on behalf of the tribe party to the compact is permitted 6 months after the court's determination to file a statement of claim, as provided in 85-2-224, and the court shall issue a new preliminary decree in accordance with 85-2-231. However, any party to a compact declared void may appeal from that determination in accordance with those procedures applicable to 85-2-235, and the filing of a notice of appeal stays the period for filing a statement of claim as required under this subsection.

(9) Upon petition by a claimant, the water court may grant a motion for dismissal to an objection to a temporary preliminary or preliminary decree if the objection pertains to an element of a water right that was previously decreed and if dismissal is consistent with common-law principles of issue and claim preclusion.

(10) The provisions of subsection (9) do not apply to issues arising after entry of the previous decree, including but not limited to the issues of abandonment, expansion of the water right, and reasonable diligence.

(11) (a) *All issue remarks, as defined in [section 4], must be finally resolved before the issuance of a final decree.*

Section 7. Section 85-2-234, MCA, is amended to read:

"85-2-234. Final decree. (1) The water judge shall, on the basis of the preliminary decree, ~~and on the basis of any hearing that may have been held, and on final resolution of all issue remarks, as defined in [section 4],~~ enter a final decree affirming or modifying the preliminary decree. ~~If no request for a hearing is filed within the time allowed, the preliminary decree automatically becomes final, and the water judge shall enter it as the final decree.~~

(2) The terms of a compact negotiated and ratified under 85-2-702 must be included in the final decree without alteration unless an objection is sustained pursuant to 85-2-233; provided that the court may not alter or amend any of the terms of a compact except with the prior written consent of the parties in accordance with applicable law.

(3) The final decree must establish the existing rights and priorities within the water judge's jurisdiction of persons who have filed a claim in accordance with 85-2-221, of persons required to file a declaration of existing rights in the Powder River basin pursuant to an order of the department or a district court issued under sections 8 and 9 of Chapter 452, Laws of 1973, and of any federal agency or Indian tribe possessing water rights arising under federal law, required by 85-2-702 to file claims.

(4) The final decree must establish, in a form determined to be appropriate by the water judge, one or more tabulations or lists of all water rights and their relative priorities.

(5) The final decree must state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person, federal agency, and Indian tribe named in the decree are based.

(6) For each person who is found to have an existing right arising under the laws of the state of Montana, the final decree must state:

- (a) the name and post-office address of the owner of the right;
- (b) the amount of water included in the right, as follows:
 - (i) by flow rate for direct flow rights, such as irrigation rights;
 - (ii) by volume for rights, such as stockpond and reservoir storage rights, and for rights that are not susceptible to measurement by flow rate; or
 - (iii) by flow rate and volume for rights that a water judge determines require both volume and flow rate to adequately administer the right;
- (c) the date of priority of the right;
- (d) the purpose for which the water included in the right is used;
- (e) the place of use and a description of the land, if any, to which the right is appurtenant;
- (f) the source of the water included in the right;
- (g) the place and means of diversion;
- (h) the inclusive dates during which the water is used each year;
- (i) any other information necessary to fully define the nature and extent of the right.

(7) For each person, tribe, or federal agency possessing water rights arising under the laws of the United States, the final decree must state:

- (a) the name and mailing address of the holder of the right;
- (b) the source or sources of water included in the right;
- (c) the quantity of water included in the right;
- (d) the date of priority of the right;
- (e) the purpose for which the water included in the right is currently used, if at all;
- (f) the place of use and a description of the land, if any, to which the right is appurtenant;
- (g) the place and means of diversion, if any; and
- (h) any other information necessary to fully define the nature and extent of the right, including the terms of any compacts negotiated and ratified under 85-2-702.

(8) Clerical mistakes in a final decree may be corrected at any time on the initiative of the water judge or on the petition of any person who possesses a water right. The water judge shall order the notice of a correction proceeding as he determines to be appropriate to advise all persons who may be affected by the correction. An order of the water judge making or denying a clerical correction is subject to appellate review."

Section 8. Section 85-2-235, MCA, is amended to read:

“85-2-235. Appeals. (1) A person whose existing rights and priorities are determined in a final decree may appeal the determination only if:

(a) the person requested a hearing and appeared and entered objections to the temporary preliminary decree or the preliminary decree; ~~or~~

(b) the person’s rights or priorities as determined in the temporary preliminary decree or the preliminary decree were affected as the result of an objection filed by another person;

(c) *the person requested a hearing and appeared before the water court to finally resolve an issue remark, as defined in [section 4]; or*

(d) *the person is a claimant appealing an adverse decision when the water court issued the decision as the result of an evidentiary hearing or as the result of calling the claim in on the court’s own motion.*

(2) *The attorney general may appeal a determination made in a final decree if the attorney general participated as an intervenor as provided in [section 2].*

(2)(3) An interlocutory ruling by the water judge upon a question of law may be appealed by any party *who is* affected by the decision and who participated in the matter in which the ruling was issued.”

Section 9. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 85, chapter 2, part 2, and the provisions of Title 85, chapter 2, part 2, apply to [sections 1 through 4].

Section 10. Coordination instruction. If House Bill No. 22 is not passed and approved, [this act] is void.

Section 11. Effective date. [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-6-101, MCA, is amended to read:

The department of ~~public health and human services~~ shall administer the Montana medicaid program.

(2) *The department and the legislature shall consider the following funding principles when considering changes in medicaid policy that either increase or reduce services:*

(a) *protecting those persons who are most vulnerable and most in need, as defined by a combination of economic, social, and medical circumstances;*

(b) *giving preference to the elimination or restoration of an entire medicaid program or service, rather than sacrifice or augment the quality of care for several programs or services through dilution of funding; and*

(c) *giving priority to services that employ the science of prevention to reduce disability and illness, services that treat life-threatening conditions, and services that support independent or assisted living, including pain management, to reduce the need for acute inpatient or residential care.*

~~(2)~~(3) Medical assistance provided by the Montana medicaid program includes the following services:

- (q) any additional medical service or aid allowable under or provided by the federal Social Security Act.

~~(4)~~(5) Services for persons qualifying for medicaid under the medically needy category of assistance, as described in 53-6-131, may be more limited in

amount, scope, and duration than services provided to others qualifying for assistance under the Montana medicaid program. The department is not required to provide all of the services listed in subsections ~~(2)~~ (3) and ~~(3)~~ (4) to persons qualifying for medicaid under the medically needy category of assistance.

~~(5)~~(6) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S. department of health and human services, the department of public health and human services may implement limited medicaid benefits, to be known as basic medicaid, for adult recipients who are eligible because they are receiving financial assistance, as defined in 53-4-201, as the specified caretaker relative of a dependent child under the FAIM project and for all adult recipients of medical assistance only who are covered under a group related to a program providing financial assistance, as defined in 53-4-201. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

~~(6)~~(7) The department may implement, as provided for in Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, a program under medicaid for payment of medicare premiums, deductibles, and coinsurance for persons not otherwise eligible for medicaid.

~~(7)~~(8) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.

~~(8)~~(9) The services provided under this part may be only those that are medically necessary and that are the most efficient and cost-effective.

~~(9)~~(10) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended.

~~(10)~~(11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

~~(11)~~(12) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program *after taking into consideration the funding principles set forth in subsection (2)*.

~~(12)~~(13) Community-based medicaid services, as provided for in part 4 of this chapter, must be provided in accordance with the provisions of this chapter and the rules adopted under this chapter.

~~(13)~~(14) Medicaid payment for assisted living facilities may not be made unless the department certifies to the director of the governor's office of budget and program planning that payment to this type of provider would, in the aggregate, be a cost-effective alternative to services otherwise provided."

Section 2. Section 53-21-139, MCA, is amended to read:

“53-21-139. Crisis intervention programs. (1) The department shall, subject to available appropriations, establish crisis intervention programs. The programs must be designed to provide 24-hour emergency admission and care of persons suffering from a mental disorder and requiring commitment in a temporary, safe environment in the community as an alternative to placement in jail.

(2) The department shall provide information and technical assistance regarding needed services and assist counties in developing county plans for crisis intervention services and for the provision of alternatives to jail placement.

CHAPTER NO. 536

[SB 87]

AN ACT CLARIFYING THAT PROPERTY TAXES OR FEES ON CENTRALLY ASSESSED PROPERTY MUST BE PAID UNDER PROTEST IN ORDER FOR THE TAXPAYER TO RECEIVE A REFUND OR CREDIT OF THE PROPERTY TAXES; REQUIRING THAT THE PROTESTED PAYMENT BE REPORTED TO THE DEPARTMENT OF REVENUE; ESTABLISHING A CENTRALLY ASSESSED PROPERTY TAX STATE SPECIAL REVENUE FUND FOR THE DEPOSIT OF 50 PERCENT OF THE PROTESTED STATE PROPERTY TAXES HELD IN RESERVE; PROVIDING THAT THE DEPARTMENT OF REVENUE AND NOT THE STATE TREASURER RECEIVE AND DISBURSE PROTESTED PROPERTY TAX PAYMENTS; PROVIDING FOR THE DISBURSEMENT OF FUNDS UPON COMPLETION OF A PROTEST ACTION; TRANSFERRING FROM THE GENERAL FUND TO THE CENTRALLY ASSESSED PROPERTY TAX STATE SPECIAL REVENUE FUND 50 PERCENT OF THE MONEY RECEIVED BY THE DEPARTMENT OF REVENUE FROM PAYMENTS OF PROPERTY TAXES OR FEES UNDER PROTEST; AMENDING SECTIONS 15-1-402 AND 15-23-116, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

~~(a)~~(i) be made to the officer designated and authorized to collect it;

~~(b)~~(ii) specify the grounds of protest; and

~~(c)~~(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) *If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. By November 1 of each year, the department shall mail a notice stating the requirements of this subsection (1)(c) to owners of property subject to central assessment under 15-23-101(1) and (2) who have filed a timely appeal under 15-1-211.*

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15, including a person appealing a property tax or fee on property that is subject to central assessment pursuant to 15-23-101(1) or (2), shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent

installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 must be remitted by the county treasurer to the ~~state treasurer department~~.

(ii) ~~The state treasurer department shall deposit 50% of that portion of the funds levied for the university system pursuant to 15-10-107 in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to 15-10-107 must be deposited in a centrally assessed property tax state special revenue fund.~~

(iii) ~~The Fifty percent remainder of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.~~

(5) (a) Except as provided in subsection (5)(b), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount

of the protested portions of the property tax or fee must be taken from the protest fund *or the centrally assessed property tax state special revenue fund* and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest.

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed property, the ~~state treasurer~~ *department* shall refund *from the centrally assessed property tax state special revenue fund* the amount of protested taxes and *from the state general fund* the amount of interest as required in subsection (6)(b). *The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii) or, for taxes or fees protested prior to [the effective date of this act], an equivalent amount of the money transferred to the fund pursuant to [section 3]. If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to 15-10-107.*

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of \$5 or less, a refund is not owed."

Section 2. Section 15-23-116, MCA, is amended to read:

"15-23-116. Statute of limitations. (1) Except as otherwise provided in this section, no deficiency may be assessed or collected with respect to the year for which a return is filed unless the notice of additional tax proposed to be assessed is mailed within 5 years from the date the return was filed. For the purposes of this section, a return filed before the last day prescribed for filing is considered as filed on the last day. If the taxpayer, before the expiration of the period prescribed for assessment of the tax, consents in writing to an assessment after that time, the tax may be assessed at any time prior to the expiration of the period agreed upon.

(2) *Except as provided in subsection (3), a refund or credit may not be allowed or paid unless the taxpayer has paid the tax under protest as provided by 15-1-402.*

~~(3) No refund or credit may be allowed or paid with respect to the year for which a return is filed after If the department determines that the taxpayer has made an overpayment, the department shall refund or credit the overpayment if the overpayment was discovered within 5 years from the last day prescribed for filing the return or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period the taxpayer files a claim therefor or the department of revenue has determined the existence of the overpayment and has approved the refund or credit thereof. If the taxpayer has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit may be filed or a credit or refund allowed if no claim is filed is automatically extended.~~

~~(3)~~(4) If a return is required to be filed and the taxpayer fails to file the return, the tax may be assessed or an action to collect the tax may be brought at any time. If a return is required to be filed and the taxpayer files a fraudulent return, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department."

Section 3. Fund transfer. Fifty percent of the property tax or fee protest money held pursuant to 15-1-402(4)(b) on [the effective date of this act], but not more than \$4 million for protested taxes deposited in the state general fund, is transferred to the centrally assessed property tax state special revenue fund from the state general fund and from funds in the state special revenue fund levied pursuant to 15-10-107.

Section 4. Effective date. [This act] is effective on passage and approval.

[SB 217]

AN ACT REVISING APPRENTICE TRAINING LAWS TO ESTABLISH AN APPRENTICE WAGE RATE TIED TO THE STANDARD PREVAILING WAGE RATE FOR CONSTRUCTION SERVICES FOR A PREVAILING WAGE RATE DISTRICT; EXCLUDING CERTAIN APPRENTICE WAGES; DEFINING "APPRENTICE"; AMENDING SECTIONS 18-2-411, 39-6-101, AND 39-6-106, MCA; REPEALING ARM 24.21.414; AND PROVIDING A DELAYED EFFECTIVE DATE.

WHEREAS, the Legislature has required the creation of at least 10 prevailing wage rate districts in 18-2-411, and these districts cover the entire state and use an annual survey to establish prevailing wage rates; and

WHEREAS, the Department of Labor and Industry has created a separate biennial survey of journeyman's wages in districts outside of Cascade, Flathead, Gallatin, Lewis and Clark, Missoula, Silver Bow, and Yellowstone Counties for a building construction occupation and has used this wage rate rather than the standard prevailing wage rate as a base for calculating the wages of apprentices, thus duplicating efforts.

Be it enacted by the Legislature of the State of Montana:

Section 1. Apprentice wage rate. (1) Except as provided in subsection (3), a wage paid to an apprentice employed for construction services, as defined in 18-2-401, under Title 18, chapter 2, part 4, must:

(a) be based on the standard prevailing rate of wages for construction services, as defined in 18-2-401, for a prevailing wage rate district as provided in 18-2-411; and

(b) increase progressively to no more than the employer's lowest journeyman hourly wage from a starting wage of no less than 40% of the hourly wage paid to a journeyman in the same craft and working in the same area or region. A higher wage must be paid if required by federal law, by other state law, or by contract. If the apprentice performs labor in more than one locality, the

apprentice must be paid based on the progressive wage schedule for the journeyman wage rate in the area in which the apprentice is working.

(2) The wage does not include a travel allowance or benefits. Benefits must be paid to an apprentice if work is being performed on a project that is covered by requirements to pay the Montana prevailing wage or a project covered by the federal Davis-Bacon Act, pursuant to 29 CFR, parts 1, 3, and 5.

(3) Wages paid under an individual's written apprenticeship agreement registered with the department of labor and industry as of [the effective date of this act] are excluded from the rate set in subsection (1).

(4) For purposes of this section, "apprentice" means a worker employed to learn a skilled trade under a written apprenticeship agreement registered with the department of labor and industry.

Section 2. Section 18-2-411, MCA, is amended to read:

"18-2-411. Creation of prevailing wage rate districts. (1) Without taking into consideration heavy and highway construction wage rates, the commissioner shall divide the state into at least 10 prevailing wage rate districts.

(2) In initially determining the districts, the commissioner must:

(a) follow the rulemaking procedures in the Montana Administrative Procedure Act; and

(b) publish the reasons supporting the creation of each district.

(3) A district boundary may not be changed except for good cause and in accordance with the rulemaking procedures in the Montana Administrative Procedure Act.

(4) The presence of collective bargaining agreements in a particular area may not be the sole basis for the creation of boundaries of a district, nor may the absence of collective bargaining agreements in a particular area be the sole basis for changing the boundaries of a district.

(5) For each prevailing wage rate district established under this section, the commissioner shall determine the standard prevailing rate of wages to be paid employees, as provided in 18-2-401 and 18-2-402. *The standard prevailing rate of wages for construction services, as determined by the commissioner in this subsection, must be used for calculating an apprentice's wage, as provided in [section 1].*"

(2) the off-road operation of an off-highway vehicle, as defined in 23-2-801, within state parks and fishing access sites is prohibited except for administrative purposes."

Section 21. Section 23-2-512, MCA, is amended to read:

"23-2-512. Identifying number. (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer in the county where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by ~~a fee of \$3.50 in calendar year 2004 and, in each subsequent year, \$15.50~~

prescribed in 61-3-321(10). Any alteration, change, or false statement contained in the application renders the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner.

~~(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required under 23-2-517 for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, or a personal watercraft before the application for certification or, if applicable, recertification may be accepted by the county treasurer.~~

~~(3)~~(2) If the ownership of a motorboat, sailboat, or personal watercraft changes, a new application form with the certification fee must be filed within a reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

~~(4)~~(3) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

~~(5)~~(4) A certificate of number and a registration decal issued under this part are effective unless terminated or discontinued in accordance with the provisions of this part.

~~(6)~~(5) If ownership is transferred, the purchaser shall notify the county treasurer within a reasonable time of the acquisition of all or any part of the purchaser's interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

~~(7)~~(6) A holder of a certificate of number shall notify the county treasurer within a reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

~~(8)~~(7) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the

identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may not be carried in a manner that interferes with the motorboat's, sailboat's, or personal watercraft's identification. A number other than the number assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft. Distinctive registration numbers for plates assigned to motor vehicles, *trailers, semitrailers, or pole trailers* of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. (b) A lien for taxes and fees due on the *motor* vehicle occurs on the anniversary date of the registration and continues until the fees and taxes have been paid. If the depreciated value is less than \$500, the department shall value the *motor* vehicle at \$500.

(2) (a) Except as provided in subsections (2)(c) and (2)(d), the depreciated value for the taxation of light vehicles is computed by multiplying the manufacturer's suggested retail price by a percentage multiplier based on the type and age of the *light* vehicle determined from the following table:

	Automobile	Truck	Van	Sport Utility
-1	100%	100%	100%	100%

15	09	13	09		17

(c) If the value of the *light* vehicle determined under subsection (2)(a) is \$500 or less, the value of the *light* vehicle is \$500 and the value must remain at that amount as long as the *light* vehicle is registered.

(d) The depreciated value of a light vehicle that is 17 years old or older is computed by depreciating the value obtained for the vehicle at 16 years old, as determined under subsection (2)(a), by 10% a year until a minimum value of \$500 is attained. The value must remain at that amount as long as the *light* vehicle is registered.

“61-3-724. Registration of additional fleet motor vehicles. ~~Vehicles~~ *Motor vehicles, trailers, semitrailers, or pole trailers* acquired by the owner after the commencement of the registration period and subsequently added to a proportionally registered fleet must be proportionally registered by applying the mileage percentage used in the original application for the fleet for the registration period to the regular registration fees due with respect to the *motor vehicle, trailer, semitrailer, or pole trailer* for the remainder of the registration period.”

Section 145. Section 61-3-725, MCA, is amended to read:

“61-3-725. Withdrawal of fleet motor vehicles — procedure, credits, and accounting. (1) If a *motor vehicle, trailer, semitrailer, or pole trailer* is withdrawn from a proportionally registered fleet during the period for which it is registered, the owner of the fleet shall notify the department of transportation of that fact on forms prescribed by the department. The department may require the owner to surrender proportional registration cards and other identification devices that have been issued with respect to that *motor vehicle, trailer, semitrailer, or pole trailer*. If a *motor vehicle, trailer, semitrailer, or pole trailer* is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the

registrant, the unused portion of the gross vehicle weight fees paid with respect to that *motor vehicle, trailer, semitrailer, or pole trailer* must be credited to the proportional registration account of the owner. This unused portion equals the amount paid with respect to the *motor vehicle, trailer, semitrailer, or pole trailer* when it was first proportionally registered in the registration period, reduced by one-twelfth of the total annual gross vehicle weight fee of the *motor vehicle, trailer, semitrailer, or pole trailer* for each calendar month and fraction of a month elapsing between the first day of the month of the current period in which the *motor vehicle, trailer, semitrailer, or pole trailer* was registered and the date the notice of withdrawal is received by the department. This credit must be applied against liability for additional fees due during the registration period or for additional fees due upon audit under 61-3-728. If a credit is less than \$5, it may not be made or entered. ~~In no event~~ *A credit may the amount may not be credited taken* against fees other than those for the registration period; ~~nor may any amount be~~ *and is not* subject to refund.

(2) If the owner replaces a *motor vehicle, trailer, semitrailer, or pole trailer* withdrawn from the fleet at the same time as the withdrawal and the replacement *motor vehicle, trailer, semitrailer, or pole trailer* is of the same or of a lesser weight category than the one withdrawn, the gross vehicle weight fees are transferable to the replacement *motor vehicle, trailer, semitrailer, or pole trailer*. If the transfer is to a smaller *motor vehicle, trailer, semitrailer, or pole trailer*, a credit may not be given or entered."

Section 146. Section 61-3-727, MCA, is amended to read:

"61-3-727. Fleet registration — denial when no reciprocity. The department may refuse to accept proportional registration applications for the registration of *motor vehicles, trailers, semitrailers, or pole trailers* based in; *another jurisdiction* or owned by residents of; *another jurisdiction* if the department finds that the other jurisdiction does not grant similar registration privileges to fleet *motor vehicles, trailers, semitrailers, or pole trailers* based in or owned by residents of this state."

Section 147. Section 61-3-728, MCA, is amended to read:

"61-3-728. Preservation of proportional registration records. An owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of 4 years following the year or period upon which the application is based. Upon request of the department, the owner shall make these records available to the department for audit as to accuracy of computations and payments or pay the reasonable costs of an audit at the owner's home office by an appointed representative of the department. The department may make arrangements with agencies of other jurisdictions administering motor vehicle, *trailer, semitrailer, or pole trailer* registration laws for joint audits of the owner."

Section 148. Section 61-3-729, MCA, is amended to read:

Section 149. Section 61-3-730, MCA, is amended to read:

"61-3-730. Suspension of reciprocity benefits. The department may suspend or cancel the exemptions, benefits, or privileges granted under

61-3-711 through 61-3-733 to a person who violates any of the conditions or terms of the agreements, arrangements, or declarations or violates the laws of this state relating to motor vehicles, *trailers, semitrailers, or pole trailers*; or rules lawfully adopted thereunder *under those laws*.”

Section 150. Section 61-3-732, MCA, is amended to read:

“61-3-732. Continued validity of existing reciprocity agreements. All reciprocity and proportional registration agreements, arrangements, and declarations relating to *motor vehicles, trailers, semitrailers, or pole trailers* in force and effect as of March 7, 1963, shall continue in force and effect until specifically amended or revoked as provided by law or by such *the agreements, or arrangements, or declarations*.”

(1) (a) The department of transportation shall determine the fee for the purpose of imposing the fee in lieu of tax as provided in ~~61-3-528 and~~ 61-3-529 on buses, trucks having a manufacturer’s rated capacity of more than 1 ton, and truck tractors and the light vehicle registration fee under ~~61-3-560 and 61-3-561~~ 61-3-321(2) on light vehicles in interstate motor vehicle fleets that are proportionally registered under the provisions of 61-3-711 through 61-3-733. The fee must be apportioned on the ratio of total miles traveled to in-state miles traveled as prescribed by 61-3-721. The fee in lieu of tax or registration fee on interstate motor vehicle, *trailer, semitrailer, or pole trailer* fleets is imposed upon application for proportional registration and must be paid by the persons who own or claim the fleet or in whose possession or control the fleet is at the time of the application.

(b) With respect to an original application for a fleet that has a situs in Montana for the purpose of the fee in lieu of tax or registration fee under this part or any other provision of the laws of Montana, the fee in lieu of tax or registration fee on fleet *motor vehicles, trailers, semitrailers, or pole trailers* must be prorated according to the ratio that the remaining number of months in the year bears to the total number of months in the year.

(3) ~~Vehicles~~ *Motor vehicles, trailers, semitrailers, or pole trailers* contained in a fleet for which current fees have been assessed and paid may not be assessed or charged fees under this section upon presentation to the department of proof of payment of fees for the current registration year. The payment of fleet *motor*

vehicle, *trailer, semitrailer, or pole trailer* fees in lieu of tax, light vehicle registration fees, and license fees is a condition precedent to proportional registration or reregistration of an interstate motor vehicle, *trailer, semitrailer, or pole trailer* fleet.

(4) All fees collected on motor vehicle, *trailer, semitrailer, or pole trailer* fleets under this chapter must be deposited and distributed as provided in 61-3-738."

Section 153. Section 61-3-737, MCA, is amended to read:

"61-3-737. Situs in state of proportionally registered fleets — collection of fees. (1) For the purposes of this part, any *motor* vehicle previously registered or that has had application for registration made under the provisions of 61-3-711 through 61-3-733 has a situs in Montana for the purposes of the light vehicle registration fee or the fee in lieu of tax.

(2) The department of transportation shall collect the fleet *motor* vehicle, *trailer, semitrailer, or pole trailer* registration fees, fees in lieu of tax, and license fees prescribed in this part."

Section 154. Section 61-4-101, MCA, is amended to read:

(b) The department shall design and issue dealer and demonstrator plates as provided in 61-4-102 and 61-4-129.

(c) With the exception of a licensed new motor vehicle dealer, a dealer licensed for a particular type of vehicle may sell, trade, or accept on consignment only vehicles of the type for which the license is authorized; unless the dealer's license specifically refers to more than one vehicle type, such as a motorcycle or quadricycle license. A new motor vehicle dealer is authorized to sell, trade, or accept on consignment new motor vehicles or used motor vehicles.

(d) Subject to the provisions of 61-4-124, a dealer's license issued by the department is valid until:

- (i) voluntarily returned to the department for surrender and cancellation upon the cessation of the dealer's business operations; or

(b) After examining a license application and conducting an investigation necessary to verify the information contained in the application and if the department is satisfied that the applicant qualifies for the issuance of a license under the provisions of this chapter, the department may issue the license. The department may refuse, after examination and investigation, to issue a license to an applicant who is not qualified for licensure or whose prior financial or other activities or criminal record, as determined by the department:

(i) poses a threat to the effective regulation of dealers, wholesalers, or auto auctions;

(ii) poses a threat to the public interest of the state; or

(iii) creates a danger of illegal or deceptive practices being used in the conduct of the proposed dealership, wholesaler, or auto auction.

(4) To be qualified for licensure as a dealer, an applicant shall provide to the department the following:

(c) the name, address, and telephone number of the insurance carrier from whom the applicant has acquired general liability insurance, naming the department as a certificate holder of the policy, and the name, address, and telephone number of the local insurance agent for the carrier and the applicant's policy number. (e) for each geographic location specified in the application, evidence of the applicant's compliance with applicable local land use planning, zoning, and business permitting requirements, if any. Evidence of compliance may be documented by means of a written verification of compliance signed by the authorized representative of the local land use planning or zoning board or the local ~~business-permitting~~ *business-permitting* agency.

(iii) verification that the applicant otherwise meets the requirements of part 2 of this chapter; and

(i) if the applicant is applying for a new recreational vehicle dealer's license, *new travel trailer dealer's license, or new motor home dealer's license*, certification that the person is recognized by a manufacturer, importer, or distributor as a dealer in new recreational vehicles, *new motor homes, or new travel trailers*.

(5) If an applicant for a new motor vehicle or used motor vehicle, new or used recreational vehicle, *new or used motor home, new or used travel trailer*, or trailer dealer's license wants to maintain more than one established place of business, the applicant shall file a separate license application for each proposed place of business and otherwise qualify for licensure at each place separately.

All bonds must be approved by the department, must be filed in its office, and must be renewed annually."

Section 155. Section 61-4-102, MCA, is amended to read:

"61-4-102. Dealer's license numbers — assignment, numbering, and limitation of dealer plates — restriction of use — fees. (1) Upon the licensing of a dealer, the department shall assign to the dealer a distinctive serial license number as a dealer and furnish the dealer with one or more sets of numbered dealer plates in accordance with the provisions of this section.

(2) (a) Dealer plates designed by the department must be similar to the numbered plates furnished to owners of motor vehicles under 61-3-332, but they must bear:

(i) the license number assigned to the dealer;

(ii) an abbreviation for the vehicle type of the dealer's license issued, as follows:

(A) the letter "D" for a new motor vehicle dealer;

(B) the letters "UD" for a used motor vehicle dealer; or

(iii) the actual number of sets of dealer plates issued to the dealer.

(b) Dealer plates may not be issued to a motorcycle or trailer dealer or a wholesaler.

(3) Dealer plates must contain the prefix of the county in which the dealer's established place of business is located, followed by the dealer's license type abbreviation, the dealer's license number, and the number of sets of dealer plates issued to that dealer. For example, new motor vehicle dealer number 4 in Lewis and Clark County would be numbered 5D-4, and if the dealer were issued three sets of dealer plates, they would be numbered consecutively as follows, 5D-4-1, 5D-4-2, and 5D-4-3.

(4) (a) In addition to the fees required under the provisions of 61-4-101 and 61-4-124, an applicant for a dealer's license shall pay an annual fee of \$25 for each set of numbered dealer plates requested and issued.

(b) The number of dealer plates that may be issued to a dealer must be determined as follows:

(i) a dealer is entitled to one set of dealer plates upon the issuance of an original license or a renewed license;

(ii) an applicant qualified for a license renewal is entitled to additional sets of numbered plates based on the following formula:

(A) 5% of the first 100 *motor* vehicle sales for the previous year; plus

(B) 3% of the next 100 *motor* vehicle sales for the previous year; plus

(C) 2% of *motor* vehicle sales in excess of 200 for the previous year; and

(iii) a dealer is entitled to additional sets of dealer plates during a license term as the dealer's sales incrementally meet or exceed the requirements of the formula established in subsection (4)(b)(ii). However, the aggregate number of sets of dealer plates issued to a dealer under this subsection (4)(b)(iii) may not exceed the combined number allowed under subsections (4)(b)(i) and (4)(b)(ii).

(5) (a) A dealer is authorized to use and display dealer plates on a motor vehicle held for bona fide sale by the dealer and that is operated by or under the control of the dealer, the dealer's spouse, officers, or employees.

(b) For purposes of this subsection (5):

(i) the term "officers" includes only the persons listed on the manufacturer's franchise agreement or the importer's distribution agreement and the term "employees" means persons upon whom the dealer has paid social security taxes as a full-time employee; and

(ii) the display of a Monroney label or a buyer's guide label, as required by 61-4-123(2), on a *motor* vehicle bearing dealer plates is prima facie evidence that the *motor* vehicle is offered for bona fide sale by the dealer.

(6) Dealer plates may not be used or displayed on *motor* vehicles used for hire, lease, or rental.

(7) (a) A dealer is accountable for each set of numbered dealer plates issued and, except as provided in subsection (7)(b), shall file an annual report with the department certifying the disposition of each set of dealer plates assigned to the dealer and specifying the name, address, and occupation of the person primarily using each set of plates.

(b) Upon reassignment of one or more sets of dealer plates to another person, within 15 days of the reassignment, the dealer shall notify the department, in a manner prescribed by the department, of the name, address, and occupation of the person to whom the plates were assigned.

(8) (a) All numbered dealer plates expire on December 31 of the year of issue and must be renewed annually.

(b) A dealer who files the annual report required under 61-4-124 on or before December 31 of the calendar year may display or use dealer plates assigned and registered for the prior calendar year through the last day of February of the following year, as provided in 61-4-124(5)."

Section 156. Section 61-4-104, MCA, is amended to read:

"61-4-104. Record of purchase or sale. (1) (a) A dealer or wholesaler licensed under 61-4-101 shall keep a book or record of the purchases, sales or exchanges, or receipts for the purpose of sale of used vehicles and a description of the vehicles, together with the date of purchase, sale, or consignment and the name and address of:

(i) the person from whom the dealer or wholesaler acquired the vehicle's ownership or, if consigned, possessory interest in the vehicle;

(ii) the person to whom the dealer or wholesaler assigned the vehicle; and

(iii) a secured party with a perfected security interest in the vehicle to which the dealer or wholesaler's interest is subordinate, if any.

(b) The vehicle description must also include the vehicle identification number and engine number, if any, and must include a statement that a number has been obliterated, defaced, or changed if that has occurred. In the case of a trailer, semitrailer, *pole trailer*, or special mobile equipment, the record must include the manufacturer's number and other numbers or identification marks that appear on the trailer, semitrailer, *pole trailer*, or special mobile equipment.

(2) The dealer or wholesaler must also have an assigned certificate of ownership or certificate of title from the owner of the motor vehicle to the dealer or wholesaler from the time the motor vehicle is delivered to the dealer or wholesaler until it has been disposed of by the dealer or wholesaler. It is a violation of this part for a dealer or wholesaler to fail to take assignment of all certificates of ownership, certificates of title, or manufacturer's certificates of origin for *motor* vehicles acquired by the licensee or to fail to assign the certificate of ownership, certificate of title, or manufacturer's certificate of origin for *motor* vehicles sold.

(3) All records required to be kept in accordance with this section, in addition to the required retention of odometer disclosure information under 61-3-206(4), must be physically located and maintained within the building referred to in 61-4-101. An authorized representative of the department, upon presentation of the representative's credentials, may inspect and have access to and copy any records required under this chapter."

Section 157. Section 61-4-109, MCA, is amended to read:

"61-4-109. Privileges incident to license — withdrawal upon certain conditions. (1) The privileges of a dealer licensed under the provisions of this part to use and display a set of dealer plates or a demonstrator plate on a motor vehicle held for sale by the dealer and to issue a 20-day permit, under the authority of 61-4-111 or 61-4-112, upon the sale of a *motor* vehicle by the dealer are specifically conditioned on the dealer's satisfaction of the bond requirements of 61-4-101(7) and the general liability insurance coverage requirements of 61-4-123, without interruption or lapse.

(2) If the department is notified or determines that a dealer's bond or general liability insurance has lapsed or been canceled, all dealer plates, demonstrator plates, and 20-day permits assigned or issued to the dealer are subject to immediate withdrawal and confiscation, upon demand, by the department or by a compliance specialist on behalf of the department and may not be returned to the dealer until the bond and general liability insurance requirements have been satisfied.

(3) A dealer whose privileges are withdrawn under this section may otherwise engage in the dealer's business operations during the period of withdrawal.

(4) If the lapse of bond or general liability insurance is not corrected with 30 days, the department may initiate administrative action to suspend or revoke the dealer's license under 61-4-105(2)."

Section 158. Section 61-4-110, MCA, is amended to read:

"61-4-110. Obligation of dealer to pay off liens on motor vehicles accepted in trade or consignment — duties of dealer and secured party. (1) (a) If a dealer accepts a *motor* vehicle in trade from a retail customer as part of the sale of another *motor* vehicle and there is an outstanding loan balance owing on the traded *motor* vehicle, the dealer shall remit payment to the secured party to whom the balance on the traded *motor* vehicle is owed in an amount sufficient

to satisfy the perfected security interest on the traded *motor* vehicle by the earlier of the following dates:

- (i) 21 days from the date of acceptance of the *motor* vehicle in trade; or
- (ii) 15 days from the date of the receipt by the dealer of payment in full from the sale of the traded *motor* vehicle.

(b) If a dealer accepts a *motor* vehicle from an owner for sale upon consignment and there is an outstanding loan balance owing on the consigned *motor* vehicle, the dealer shall remit payment to the secured party to whom the balance on the consigned *motor* vehicle is owed in an amount sufficient to satisfy the perfected security interest on the consigned *motor* vehicle within 15 days from the date of the receipt by the dealer of payment in full for sale of the consigned *motor* vehicle.

(2) A secured party who has been paid in full by a dealer in accordance with the terms of this section shall forward to the department a properly executed release within:

(a) 15 business days after the business day on which the funds are received when the funds are in cash, cashier's check, certified check, teller's check, or other certified source of funds;

(b) 18 business days after the business day on which the funds are received when the funds are in the form of a check drawn on a local originating depository institution; or

(c) 21 business days after the business day on which the funds are received when the funds are in the form of a check drawn on a nonlocal originating depository institution.

(3) For purposes of this section, "business day" means a weekday, excluding any weekday upon which a legal holiday falls."

Section 159. Section 61-4-111, MCA, is amended to read:

(a) is exempt from registration under 61-3-201(2) when applying for a certificate of title; and

(b) may transfer or receive ownership of a motor vehicle *or trailer* by use of a dealer reassignment section on a certificate of title. However, when the allotted number of dealer reassignment sections on a certificate of title has been completed, ownership of the *motor* vehicle *or trailer* may not be transferred until an application for a certificate of title has been submitted by the dealer to the department and a new certificate of title has been issued.

(2) Upon the transfer of a used motor vehicle *or trailer* to a person other than a licensed dealer, broker, or wholesaler, the following acts are required of the dealer on or before the times set forth in this subsection:

(a) Prior to delivery of the *motor* vehicle *or trailer* to the purchaser, the dealer shall issue a temporary registration permit for the *motor* vehicle *or trailer* and affix the temporary registration permit to the *motor* vehicle *or trailer* in a manner prescribed by the department. The temporary registration permit issued by the dealer is valid for 20 days from the date of issuance. There must be imprinted on the temporary registration permit in bold letters the following

statement: "IT IS UNLAWFUL TO PLACE LICENSE PLATES UPON THIS *MOTOR VEHICLE (OR TRAILER)* UNTIL REGISTERED AT THE OFFICE OF THE COUNTY TREASURER". Unless a durable license plate style placard is issued, one copy of the temporary registration permit must be delivered by the dealer to the county treasurer in the manner prescribed in subsection (2)(b); and a copy must be retained by the dealer for the dealer's file. If a durable placard is issued, the dealer shall create and retain the relevant records as prescribed by the department. It is unlawful for the dealer to issue more than one 20-day temporary registration permit for each *motor vehicle or trailer* sale.

(b) Within 4 working days following the date of delivery of the *motor vehicle or trailer*, the dealer shall forward to the county treasurer of the county where the purchaser resides:

(iii) a copy of the temporary registration permit affixed to the *motor vehicle or trailer* by the dealer.

(c) Transmission of the documents by the dealer to the county treasurer may be accomplished either by personal delivery or by first-class mail, in which event they are considered to have been delivered at the time of mailing.

(d) If the dealer is unable to forward the certificate of title or, if applicable, registration receipt within the time set forth in subsection (2)(b) because the certificate of title *or registration receipt* is lost, is in the possession of third parties, or is in the process of reissuance in this state or elsewhere, the dealer shall comply in all other respects with the provisions of subsection (2)(b) and shall forward the missing document or documents to the county treasurer, either personally or by first-class mail, within 3 days after receipt.

(3) Upon compliance by the dealer with the requirements in this section, title to the *motor vehicle or trailer* is considered to have passed to the purchaser as of the date of the delivery of the *motor vehicle or trailer* to the purchaser by the dealer; and the dealer has no further liability or responsibility with respect to the processing of registration.

(4) Upon receipt from the county treasurer of the documents required under subsection (2), the department shall:

"61-4-120. Application for auto auction license — general regulations. (1) A person that takes possession of a motor vehicle owned by another person through consignment, bailment, or any other arrangement for the purpose of selling the motor vehicle to the highest bidder when all buyers are licensed motor vehicle dealers, wholesalers, or wrecking facilities shall file by mail or otherwise in the office of the department a verified application for licensure as an auto auction. The application must be made in the following manner:

(a) Each application and all of the information contained in it must be verified by the department or an authorized representative of the department on a form to be furnished by the department for that purpose. The application must provide the following information:

(i) the name in which the business is to be conducted and the location of premises, including street address, city, county, and state, where records are kept, sales are made, and motor vehicle stock is displayed as an established place of business that displays a sign indicating the firm name and that *motor* vehicles are offered for sale. The letters on the sign must be clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet.

(ii) the name and address of all owners or persons having an interest in the business. In the case of a corporation, the names and addresses of the president and secretary are sufficient.

(iii) a statement that the applicant is authorized to auction used motor vehicles, recreational vehicles, trailers, semitrailers, special mobile equipment, motorcycles, and quadricycles under one license. A licensed auto auction may not auction a new motor vehicle except when authorized by a new motor vehicle manufacturer, importer, distributor, or representative, for the purpose of conducting a closed-factory fleet sale to dispose of new motor vehicles by the franchisor (manufacturer, distributor, or importer) to franchisee purchasers when the purchasers are licensed new motor vehicle dealers purchasing new motor vehicle line-makes authorized by their respective franchise, sales, or distributor agreements. An auto auction licensed under the provisions of this section shall notify and update the department with current fleet sale agreements between the auto auction and franchisor. An auto auction may not conduct a factory fleet sale unless authorized or appointed by a franchisor licensed under part 2 of this chapter.

(b) Each application must be accompanied by a bond of \$50,000 and must be conditioned that the applicant shall conduct business in accordance with the requirements of the law. All bonds must run to the state of Montana, must be approved by the department and filed in its office, and must be renewed annually.

(2) An auto auction's license must be renewed and paid for annually to the department, and an application for relicensure must be filed by January 1 of each year. The fee required for each first-time applicant is \$500 and for subsequent renewal applications is \$100 each year. Upon receipt of a properly completed application, fee, and bond, the department shall issue the auto auction license and assign an auto auction license number for each applicant in a manner determined by the department. Auto auctions dealing in motor vehicles may sell only to licensed dealers and wholesalers.

(3) Auto auctions that are licensed under this section and that hold a current license number may issue temporary registration permits, which may be displayed and used by a buyer to operate an unregistered *motor* vehicle purchased from the auto auction. The temporary registration permit is valid for a period of 72 hours from the time of purchase and may be used only for the purpose of driving or transporting a *motor* vehicle from the auction premises to the purchaser's established place of business or point of destination. Temporary registration permits must be on a form prescribed by the department and must contain the name, address, and license number of the purchaser, the date of sale, the name, address, license number, and authorized signature of the auto auction, and a description of the *motor* vehicle, including its serial number. The

department shall collect a fee of \$10 from the auto auction for each temporary registration permit, and the auto auction may charge a *motor* vehicle purchaser no more than \$10 for the issuance of each temporary registration permit to offset the cost of the temporary registration permit. It is unlawful for the auto auction to issue more than one temporary registration permit for each *motor* vehicle sale.

(4) A licensed auto auction may apply for and may be authorized by the department to purchase and use license plates of a type and amount approved by the department, upon payment of a fee to the department to offset the cost of production. Licensed auto auctions may use the license plates to transport inventory *motor* vehicles to and from a point of storage or a point of delivery in this state and to and from the auto auction's place of business, for road testing authorized *motor* vehicles, or for moving *motor* vehicles for purposes of repairing, painting, upholstering, polishing, and related activities. One license plate is required to be conspicuously displayed on the rear of the *motor* vehicle. Auto auctions may appoint designated persons, service stations, or repair garages to use the license plate only when conducting work for the auto auction involving repairing, painting, upholstering, polishing, or performing similar types of work upon a *motor* vehicle. Upon application for an auto auction license, the applicant, if requesting the license plates, shall submit a sworn affidavit on a form prescribed by the department, listing each authorized person designated by the auction to use the license plates. The auto auction is responsible for reporting any changes to the affidavit within 72 hours after the amendment has occurred. An auto auction licensed under the provisions of this section is liable for the proper use of the license plates, which may not be used for private purposes. The department may revoke an auto auction's 72-hour temporary registration permit and license plate privileges if an auction issues, authorizes the use of, or uses a temporary registration permit or the license plate in violation of the provisions of this section.

(5) (a) Each auto auction shall keep a book or record, in a form and manner subject to approval by the department, of the purchases, sales, or exchanges or the receipts for the purpose of sale of any motor vehicle, a properly completed copy of a temporary registration permit issued to a *motor* vehicle purchaser, the date of title transfer, and a description of the motor vehicle, together with the name and address of the seller, the purchaser, and the alleged owner or other person from whom the motor vehicle was purchased or received or to whom it was sold or delivered. The description in the case of a motor vehicle must include:

- (i) the vehicle identification number and engine number, if any; and
- (ii) a statement that a number has been obliterated, defaced, or changed, if it has.

(b) An auto auction licensed under this section shall validate the sale of a motor vehicle through its auction by stamping its name and license number upon the certificate of title at a location on the certificate of title, at the margin in the assignment section as executed between the transferor and transferee. An auto auction's stamp must be legible and may not interfere with the information recorded on the certificate of title between the transferor and transferee. If the certificate of title lacks adequate space for the auto auction to place its stamp, the auction may provide the transferee a copy of the auction invoice bearing the:

- (i) name and license number of the auction, along with an indication of the *motor* vehicle year, make, model, and identification number;

- (ii) name, address, and signature of the transferor;
- (iii) name, license number, and signature of the transferee; and
- (iv) date the *motor* vehicle was sold through the auction.

(c) The invoice must be attached to the certificate of title and must be presented to the department with any application for title.

(d) An auto auction shall retain, for 5 years, odometer disclosure information, including the name of the owner on the date the auto auction took possession of the motor vehicle, the name of the buyer, the vehicle identification number, and the odometer reading on the date the auto auction took possession of the motor vehicle. The odometer information may be retained in any way that is systematically retrievable and is not required to be maintained on any special disclosure form. The information may be part of the auction receipt or invoice or be maintained as a portion of a computer database or manual file. An auto auction that executes a transfer of ownership as an agent on behalf of a seller or buyer is liable for providing an odometer disclosure statement for the seller or an odometer disclosure acknowledgment for the buyer under the provisions of 61-3-206.”

(2) (a) A manufacturer, distributor, factory branch, distributor branch, importer, or franchisor transacting business within Montana by offering, selling, trading, consigning, or otherwise transferring a new motor vehicle to a new motor vehicle dealer must be licensed by the state of Montana. The department shall issue licenses to qualified applicants upon receipt of a license fee in the amount of \$15 accompanied by the information required in this section.

(b) A manufacturer, distributor, factory branch, distributor branch, importer, or franchisor of a personal watercraft ~~as defined in 23-2-502~~, a snowmobile ~~as defined in 23-2-601~~, or an off-highway vehicle ~~as defined in 23-2-801~~ is not required to pay the \$15 fee required in subsection (2)(a).

(3) The following information, if applicable, must be submitted by an applicant upon forms supplied by the department:

(a) the name and address of the applicant;

(b) the make and model of each new motor vehicle to be franchised;

(c) the name and address of each of the applicant’s franchisees within the state; and

(d) the name and address of each factory branch, distributor branch, agent, or representative within the state.

(4) (a) Except as provided in subsection (4)(b), a license may be renewed each year if the applicant is in compliance with the provisions of this part, remits a renewal fee in the amount of \$15, and notifies the department of any changes in the information previously supplied.

(b) A manufacturer, distributor, factory branch, distributor branch, importer, or franchisor of a personal watercraft ~~as defined in 23-2-502~~, a snowmobile ~~as defined in 23-2-601~~, or an off-highway vehicle ~~as defined in 23-2-801~~ is not required to pay the \$15 fee required in subsection (4)(a) but is

required to annually apply to renew its license on a form provided by the department.

(5) (a) A new motor vehicle may not be sold in this state unless either the manufacturer on direct dealership of domestic *motor* vehicles, the importer of foreign manufactured *motor* vehicles on direct dealership, or the distributor on indirect dealerships of either domestic or foreign *motor* vehicles is licensed as provided in this part.

(b) Notwithstanding any other licensing provision contained in Montana law, every new motor vehicle dealer shall obtain a license under part 1 of this chapter.

(c) The obtaining of a license under this part or Title 61, chapter 4, part 1 conclusively establishes that a new motor vehicle dealer, manufacturer, distributor, or importer is subject to the laws of this state regulating new motor vehicle dealers, manufacturers, importers, and distributors.

(d) The provisions of subsection (5)(b) do not apply to dealers of personal watercraft, snowmobiles, or off-highway vehicles licensed under the provisions of Title 23.”

Section 172. Section 61-4-204, MCA, is amended to read:

“61-4-204. Filing agreement — product liability. (1) A franchisee shall, at the time of application for a new motor vehicle dealer license under the provisions of Title 23 or 61-4-101, file with the department a certified copy of the franchisee’s written agreement with a manufacturer and a certificate of appointment as dealer or distributor. The certificate of appointment must be signed by an authorized agent of the manufacturer of domestic *motor* vehicles whenever there is a direct manufacturer dealer agreement or by an authorized agent of the distributor whenever the manufacturer is wholesaling through an appointed distributorship. The certificate must be signed by an authorized agent of the importer of foreign-made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor’s certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured *motor* vehicles or by an authorized agent of the manufacturer or importer of foreign-made *motor* vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical with the filed blanket agreement and that the franchisee has filed with the department one agreement together with a list of franchised dealers or distributors.

(3) A manufacturer, distributor, or importer shall notify the department within 30 days of any revision of or addition to the basic agreement on file or of any franchise supplement to the agreement. Annual renewal of a certificate filed as provided in this section is not required.

(4) A manufacturer shall file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. These delivery and preparation obligations constitute the dealer’s only responsibility for product liability as

between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer's product or warranty liability only. However, this section may not affect the obligations of new motor vehicle dealers to perform warranty repair and maintenance that may be required by law or contract. Except with regard to household appliances, including but not limited to ranges, refrigerators, and water heaters, in a recreational vehicle, ~~as defined in 61-1-132,~~ and except with regard to a truck rated at more than 10,000 pounds gross vehicle weight, the manufacturer shall compensate an authorized dealer for labor, parts, and other expenses incurred by a dealer who performs work to rectify the manufacturer's product or warranty defect or for delivery and preparation obligations at the same rate and time the dealer charges to its retail customers for nonwarranty work of a like kind, based upon a published, nationally recognized, retail flat rate labor time guide manual if the dealer uses the manual as the basis for computing charges for both warranty and retail work.

(5) (a) All claims made by the dealer pursuant to this section for compensation for delivery, preparation, warranty, and recall service, including labor, parts, and other expenses, must be paid by the manufacturer within 30 days of receipt of the claim from the dealer, except that a manufacturer of a motor home, ~~as defined in 61-1-130,~~ shall pay any claim within 60 days of receipt from the dealer.

(b) If a claim is disapproved, the dealer must be notified in writing of the grounds for disapproval. A claim that has not been disapproved in writing within 30 days of having been received must be considered approved, and payment is due to the claimant immediately. However, the manufacturer retains the right to audit a claim for a period of 12 months following the payment of the claim.

(c) A claim that has been approved and paid may not be charged back to the dealer unless the manufacturer proves that:

- (i) the claim was false or fraudulent;
- (ii) the repairs were not properly made; or
- (iii) the repairs were not necessary to correct the defective condition.

(d) A manufacturer may not deny a claim or reduce the amount to be reimbursed to the dealer if the dealer has provided reasonably sufficient documentation demonstrating that the dealer performed the services in compliance with the written policies and procedures of the manufacturer.

(e) A franchisor may reasonably and periodically audit a motor vehicle dealer to determine the validity of paid claims or chargebacks for customer or dealer incentives. An audit of incentive payments may apply only to the 18-month period immediately preceding the date on which the dealer was notified of an impending audit.

(6) The dealer shall furnish the purchaser of a new *motor* vehicle with a signed copy of the manufacturer's delivery and preparation requirements indicating that each of those requirements has been performed."

Section 173. Section 61-4-208, MCA, is amended to read:

"61-4-208. Prohibited acts. (1) A manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of the persons or entities listed may not:

- (a) coerce, attempt to coerce, or require a new motor vehicle dealer to:
 - (i) accept delivery of a new motor vehicle, a part, or an accessory for a new motor vehicle or any other commodity that has not been ordered by the dealer;
 - (ii) participate in or contribute to any local, regional, or national advertising fund or to participate in or to contribute to contests, giveaways, or other sales devices;
 - (iii) change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles that would justify an expansion;
 - (iv) either establish or maintain exclusive facilities, personnel, or display space or to abandon an existing franchise relationship with another manufacturer that was established before April 8, 1997, when those requirements are not justified by reasonable business considerations;
 - (v) refrain from participation in the management of, investment in, or acquisition of any other line of new motor vehicle or related products if the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new motor vehicles and remains in compliance with any reasonable capital standards and facility requirements of the manufacturer; or
 - (vi) enter into an agreement with a manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities or do any other act unfair to the dealer by:
 - (A) threatening to cancel or not renew a franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities and the dealer; or
 - (B) threatening to withhold, delay, or disrupt the receipt of new motor vehicles or any motor vehicle parts or supplies ordered by the dealer from the manufacturer, factory branch, distributor, distributor branch, importer, or representative or agent of the listed entities;
 - (b) delay, refuse, or fail to deliver new *motor* vehicles in a reasonable time in a reasonable quantity relative to the new *motor* vehicle dealer's facilities and sales potential after accepting an order from a new *motor* vehicle dealer if the new *motor* vehicles are publicly advertised as being available for immediate delivery; or
 - (c) impose unreasonable restrictions on the assertion of legal or equitable rights on the new motor vehicle dealer or franchise regarding transfer; sale; right to renew; termination; discipline; noncompetition covenants; site control, whether by sublease, collateral pledge of lease, or otherwise; or compliance with subjective standards.
- (2) There is no violation of subsection (1)(a)(iii) or (1)(b) if a failure on the part of the manufacturer, factory branch, distributor, or distributor branch is beyond the control of the listed persons or entities.
- (3) (a) Except as provided in subsection (3)(b) or (3)(c), a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may not own or operate, directly or indirectly, a motor vehicle dealership in Montana that is for sale or has been for sale under a franchise agreement with a new motor vehicle dealer in Montana.

(b) If there is no independent person available to own and operate a motor vehicle dealership in a manner that is consistent with the public interest, a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may own and operate a motor vehicle dealership for a temporary period, not to exceed 1 year, during the transition from one owner of the dealership to another. Approval of the sale may not be unreasonably withheld by the manufacturer.

(c) A manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may own an interest in a motor vehicle dealership but may not operate the dealership unless a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities has a bona fide business relationship with an independent person who is not a franchisor or a franchisor's agent or affiliate, who has made an investment that is subject to loss in the dealership, and who reasonably expects to acquire full ownership of the dealership on reasonable terms and conditions."

The department shall collect the additional sum of \$10 for each set of transit plates or devices applied for and issued.

(b) A permitholder may apply for and receive more than five sets of transit plates in a calendar year if the permitholder can demonstrate, to the satisfaction of the department, that additional sets of plates are needed based on the number of trip fees reported in Montana in the previous calendar year. Persons directing traffic shall comply with the ~~provisions of 61-1-411~~ *requirements for a flag person as defined in 61-8-102*. However, use of a funeral escort vehicle is not required.

(4) A vehicle in a funeral procession has the right-of-way at intersections regardless of official traffic control devices provided the driver of that vehicle and the drivers of all vehicles in the funeral procession meet all the requirements of ~~61-1-413 through 61-1-415~~ *[section 203]* and 61-8-380 through 61-8-384, except that an operator of a vehicle in a funeral procession shall yield the right-of-way to an approaching authorized emergency vehicle giving an audible or visual signal or when directed to do so by a highway patrol officer or police officer. “61-8-383. Vehicles not in funeral procession. The driver of a vehicle that is not part of a funeral procession may not:

(2) join a funeral procession to secure the right-of-way granted by 61-8-380;

(3) pass a funeral procession on a multiple-lane highway on the funeral procession’s right side unless the funeral procession is in the farthest left lane;

(4) enter an intersection, even if the driver is facing a green traffic control signal, when a funeral procession being conducted in compliance with ~~61-1-413 through 61-1-415~~ *[section 203]* and 61-8-380 through 61-8-384 is proceeding through a red traffic control signal at that intersection as permitted by 61-8-380 unless the driver can do so without crossing the path of the funeral procession. If the red signal changes to green while the funeral procession is within the

intersection, the driver of a vehicle facing a green signal may proceed subject to the right-of-way of a vehicle participating in a funeral procession.”

Section 206. Section 61-8-384, MCA, is amended to read:

“61-8-384. Liability. The operator of a vehicle in a funeral procession, including a *funeral* lead vehicle or ~~as a funeral~~ escort vehicle, is not negligent if ~~he the person~~ operates the vehicle in accordance with the requirements of ~~61-1-413 through 61-1-415 [section 203]~~ and 61-8-380 through 61-8-384. When no negligence exists on the part of the operator of a vehicle in a funeral procession, none may be imputed to the funeral director or mortician organizing the procession, to the agent of the funeral director or mortician, or to a member of a local law enforcement agency acting as the agent, with or without compensation, of the funeral director or mortician.”

(1) It is unlawful and punishable, as provided in 61-8-442, 61-8-714, and 61-8-731 through 61-8-734, for a person who is under the influence of:

(b) a dangerous drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any dangerous or other drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) (a) “Under the influence” means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person’s ability to safely operate a vehicle has been diminished.

(b) *Subject to 61-8-440, as used in this part, “vehicle” has the meaning provided in 61-1-101, except that the term does not include a bicycle.*

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person at the time of a test, as shown by analysis of a sample of the person’s blood or breath drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) If there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.04 but less than 0.08, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.08 or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-410, 61-8-714, 61-8-722, 61-8-731 through 61-8-734, and subsections (1) through (5) of this section, with the word "state" in 61-8-406 and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties provided in the ordinance.

(a) overtaking and passing another vehicle proceeding in the same direction;

(b) preparing for a left turn at an intersection or into a private road or driveway; or

(c) necessary to avoid a condition that makes it unsafe to continue along the right side of the roadway, including but not limited to a fixed or moving object, parked or moving vehicle, pedestrian, animal, surface hazard, or a lane that is too narrow for a bicycle and another vehicle to travel safely side by side within the lane.

(3) A person operating a bicycle upon a one-way highway with two or more marked traffic lanes may ride as close to the left side of the roadway as practicable.

(4) Persons riding bicycles upon a roadway shall ride in single file except when:

(a) riding on paths or parts of roadways set aside for the exclusive use of bicycles;

(b) overtaking and passing another bicycle;

(c) riding on a paved shoulder or in a parking lane, in which case the persons may ride two abreast; or

(d) riding within a single lane on a laned roadway with at least two lanes in each direction, in which case the persons may ride two abreast if they do not impede the normal and reasonable movement of traffic more than they would otherwise impede traffic by riding single file and in accordance with the provisions of this chapter.

(5) A bicycle, as defined in ~~61-1-123(2)~~ 61-8-102(2)(b)(ii), is excluded from the provisions of subsections (2) and (3)."

“61-9-406. Restrictions as to tire equipment — particular tires, chains, or traction equipment — definitions. (1) A solid rubber tire on a vehicle must have rubber on its entire traction surface at least 1 inch thick above the edge of the flange of the entire periphery.

(2) A person may not operate or move on a highway a motor vehicle, trailer, or semitrailer having a metal tire in contact with the roadway.

(3) A tire on a vehicle moved on a highway may not have on its periphery a block, stud, flange, cleat, or spike, or other protuberance of a material other than rubber that projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery with tires having protuberances that will not injure the highway. It is also permissible to use tire chains of reasonable proportions or pneumatic tires, the traction surfaces of which have been embedded with material, such as wood, wire, plastic or metal, that may not protrude more than one-sixteenth of an inch beyond the tire tread or that are clearly marked by the manufacturer on the sidewall “all season m&s” (or “all season mud and snow”), upon a vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. The use of pneumatic tires embedded as provided in this section is permitted only between October 1 and May 31 of each year, except that one of those tires may be used for a spare in case of tire failure. School buses equipped with such embedded pneumatic tires may operate from August 15 through the following June 15.

(4) The department of transportation and local authorities, *as defined in 61-8-102*, in their respective jurisdictions may in their discretion issue special permits authorizing the operation upon a highway of farm tractors or other farm machinery or of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks, the operation of which upon the highway would otherwise be prohibited under this section.

(5) If the department of transportation determines at any time that dangerous or unsafe conditions on a highway require particular tires, tire chains, or traction equipment for vehicles in addition to or beyond the ordinary pneumatic rubber tires, the department may establish the following recommendations or requirements with respect to the use of the equipment for all vehicles using the highway:

(a) chains or other approved traction devices recommended for driver wheels;

(b) chains or other approved traction devices required for driver wheels; or

(c) chains required for driver wheels.

(6) Equipment required by subsection (5)(b) or (5)(c) must conform to rules established by the department of justice.

(7) The department of transportation shall place and maintain signs and other traffic control devices on a highway designated under subsection (5) that indicate the tire, tire chain, or traction equipment recommendation or requirement determined for vehicles. The signs or traffic control devices may not prohibit the use of pneumatic tires embedded as provided in subsection (3) between October 1 and May 31 of each year, but when the department of transportation determines that chains are required and that no other traction

equipment will suffice, the requirement is applicable to tires on driver wheels of one axle, *as defined in 61-10-104*, of a vehicle, including embedded tires. The signs or traffic control devices may differentiate in recommendations or requirements for four-wheel-drive vehicles in gear.

(8) *As used in this section:*

(b) *“pneumatic tire” means a tire in which compressed air or nitrogen is designed to support the load.”*

(a) A lighted fusee, a lighted red electric lantern, or a portable red emergency reflector ~~shall must~~ be immediately placed at the traffic side of the vehicle in the direction of the nearest approaching traffic.

(b) As soon ~~thereafter~~ as possible *after complying with subsection (1)(a)*, but ~~in any event~~ within the burning period of the fusee (15 minutes), the driver shall place three liquid burning flares (pot torches), ~~or~~ three lighted red electric lanterns, or three portable red emergency reflectors on the traveled portion of the highway in the following order:

(i) one approximately 100 feet from the disabled vehicle in the center of the lane occupied by ~~such the~~ vehicle and toward traffic approaching in that lane;

(ii) one approximately 100 feet in the opposite direction from the disabled vehicle and in the center of the traffic lane occupied by ~~such the~~ vehicle;

(iii) one at the traffic side of the disabled vehicle not less than 10 feet rearward or forward ~~thereof of the vehicle~~ in the direction of the nearest approaching traffic. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with subsection (1)(b)(i) ~~of this section~~, it may be used for this purpose.

(2) Whenever any vehicle referred to in this section is disabled within 500 feet of a curve, hillcrest, or other obstruction to view, the warning signal in that direction ~~shall must~~ be ~~so~~ placed ~~as in order~~ to afford ample warning to other users of the highway but in no case less than 500 feet from the disabled vehicle.

(3) Whenever any vehicle of a type referred to in this section is disabled upon any roadway of a divided highway during the time that lights are required, the appropriate warning devices prescribed in subsections (1) and (5) ~~shall must~~ be placed as follows:

(a) one at a distance of approximately 200 feet from the vehicle, in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane;

(b) one at a distance of approximately 100 feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane;

(c) one at the traffic side of the vehicle and approximately 10 feet from the vehicle in the direction of the nearest approaching traffic.

(4) Whenever any vehicle of a type referred to in this section is disabled upon the traveled portion of a highway or the shoulder ~~thereof~~ *of a highway* outside of any municipality at any time when the display of fusees, flares, red electric lanterns, or portable red emergency reflectors is not required, the driver of the vehicle shall display two red flags upon the roadway in the lane of traffic occupied by the disabled vehicle, or at a distance of approximately 100 feet in advance of the vehicle, and one at a distance of approximately 100 feet to the rear of the vehicle.

(5) (a) Whenever ~~any~~ *a* motor vehicle used in the transportation of explosives, ~~or any~~ *a* cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, or ~~any~~ *a* motor vehicle using compressed gas as a fuel; is disabled upon any highway of this state at any time or place mentioned in subsection (1) ~~of this section~~, the driver of ~~such~~ *the* vehicle shall immediately display the following warning devices:

Section 222. Section 61-9-415, MCA, is amended to read:

"61-9-415. Slow-moving vehicles. (1) It is unlawful for a person to operate on a state highway, a farm, rural, or county road, or a city street of this state a slow-moving vehicle or equipment, an animal-drawn vehicle, or any other machinery, including all road construction or maintenance machinery, except when engaged in actual construction or maintenance work either guarded by a flag person, *as defined in 61-8-102*, or clearly visible warning signs, that normally travels or is normally used at a speed of less than 25 miles an hour, unless there is displayed on the rear of the vehicle an emblem as provided in subsection (2). The requirement of the emblem is in addition to any lighting devices required by law.

(2) The emblem required by subsection (1) must be of substantial construction and must be a based-down equilateral triangle of fluorescent yellow-orange film or equivalent quality paint with a base of 14 inches and a height of 12 inches. The triangle must be bordered with reflective red strips having a minimum width of 1 3/4 inches, with the vertices of the overall triangle truncated so that the remaining height is a minimum of 14 inches. The emblem must be mounted on the rear of the vehicle near the horizontal geometric center of the vehicle at a height of 3 to 5 feet above the roadway and must be maintained in a clean, reflective condition.

(3) In addition to the requirements in subsection (2), on a highway that has only two lanes for traffic moving in opposite directions, when an overtaking vehicle being operated in conformity with 61-8-303 does not have a clear lane for passing as required by 61-8-325, the driver of a slower-moving, overtaken vehicle shall, at the first opportunity and when a safe turnout exists, move the overtaken vehicle off the main-traveled portion of the highway until the overtaking vehicle is safely clear of the overtaken vehicle.

(4) On an interstate highway or on any other four-lane highway, a slow-moving vehicle, subject to the requirements of this section, must be driven in the right lane as far to the right as possible, including the shoulder of the highway."

Section 223. Section 61-9-426, MCA, is amended to read:

"61-9-426. Air-conditioning equipment — use of flammable refrigerant prohibited. (1) Air-conditioning equipment must be maintained with due regard for the safety of the occupants of the vehicle, service technicians, and the public.

(2) Air-conditioning equipment may contain only refrigerant that has been included in the list published by the United States environmental protection agency as a safe alternative motor vehicle air-conditioning substitute for chlorofluorocarbon-12 pursuant to 42 U.S.C. 7671k(c).

(3) A person may not equip or maintain a motor vehicle or special mobile equipment with air-conditioning equipment or refrigerants that do not comply with the requirements of this section.

(4) As used in 61-9-427 and this section, "air-conditioning equipment" means mechanical, belt-driven, vapor compression refrigerant equipment that is used to cool the driver's compartment or passenger compartment of a motor vehicle, ~~as defined in 61-1-102~~, or special mobile equipment, ~~as defined in 61-1-104~~."

Section 224. Section 61-10-102, MCA, is amended to read:

"61-10-102. Width — definition. (1) Except as provided in subsection (2), a vehicle, including a bus, unloaded or with load, may not have a total outside width in excess of 102 inches. This width for buses is allowed only on paved highways 20 feet or more in width.

(2) (a) Subsection (1) does not apply to an implement of husbandry or a vehicle used for hauling hay that is moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to the farming operations of the owner of the implement of husbandry or the vehicle used for hauling hay. If the implement or vehicle is more than 12 1/2 feet wide, it must be preceded by flag vehicle escorts to warn other highway users. This restriction does not apply to dual-wheel tractors under 15 feet overall width that are used in farming operations or to movement on a county road within 100 miles of the farming operation of the owner of an implement of husbandry or a vehicle used for hauling hay. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the implement of husbandry or vehicle used for hauling hay. However, if the highway passes through a hazardous area, the implements or vehicles must be preceded and followed by flag vehicle escorts unless the movement of the implements or vehicles is restricted to a county road within 100 miles of the farming operation of the owner.

(b) An implement of husbandry or a vehicle used for hauling hay that exceeds 16 1/2 feet in width and that is traveling on an interstate or a four-lane highway must be followed by a flag vehicle escort.

(c) A commercial vehicle that is hauling hay but does not qualify under subsection (2)(a) may be granted a permit subject to the provisions of 61-10-121 through 61-10-127 and the following requirements:

(i) travel during daylight hours only for an oversize shipment of large round bales of hay, whether the vehicle is loaded or with an empty hay rack, up to 144 inches; when empty, a square red or orange flag measuring 12 inches on each side must be attached to each corner of the hay rack; and

(ii) travel day or night for any other shipment of baled hay, whether the vehicle is loaded or with an empty hay rack, up to 114 inches.

(d) Subsection (1) does not apply to a commercial hay grinder moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to operations of the commercial hay grinder. A commercial hay grinder exceeding 102 inches in width must have a permit issued under 61-10-124. If the commercial hay grinder is more than 12 1/2 feet wide, it must be preceded by flag vehicle escorts to warn other highway users. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the commercial hay grinder. Movement of a commercial hay grinder that does not exceed 138 inches in width may occur on any day of the week, including holidays, and is restricted to movement during daylight hours. Movement of a commercial hay grinder may not exceed the posted speed limit, including the speed limit on an interstate highway.

(3) A safety device that the department determines by rule adopted pursuant to 61-9-504 to be necessary for safe and efficient operation of motor vehicles is not included in the calculation of width provided in subsection (1).

(4) For the purposes of this section, ~~"county road" has the same meaning as the term is defined in 60-1-103~~ *"flag vehicle" means a vehicle equipped as required by law or by department of transportation rule to warn or guide vehicular traffic. When not being operated as a flag vehicle, signs must be removed.*

Section 225. Section 61-10-104, MCA, is amended to read:

"61-10-104. Length — definitions. (1) A single truck, bus, or self-propelled vehicle, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of 55 feet.

(2) (a) When used in a truck tractor-semitrailer combination, the semitrailer may not exceed 53 feet in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. When used in a truck tractor-semitrailer-trailer or a truck tractor-semitrailer-semitrailer combination, the semitrailer and trailer or the two semitrailers may not exceed 28 1/2 feet each in length or 61 feet in combined trailer length, excluding those portions not designed to carry a load, except as provided by 61-10-124. Truck tractor-semitrailer, truck tractor-semitrailer-trailer, and truck tractor-semitrailer-semitrailer combinations are not subject to a combination length limit.

(b) A stinger-steered automobile or boat transporter may not exceed 75 feet in length plus a maximum 3 feet of front overhang and 4 feet of rear overhang, except as provided by 61-10-124. "Stinger-steered automobile or boat transporter" means a truck tractor-semitrailer combination that has a fifth

wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of vehicles or assembled boats or boat hulls.

(c) All other combinations of vehicles may not have a combination length in excess of 75 feet, except as provided by 61-10-124. If the combination consists of more than two units, the rear units of the combination must be equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than three motor vehicles attached to it by the triple saddle-mount method (that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway), and this combination may not have a combination length in excess of 75 feet.

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturer's rated capacity" may not tow more than one trailer or semitrailer, and this combination may not have a length in excess of 65 feet.

(5) (a) The length of a vehicle combination consisting of a truck or truck-tractor and one pole trailer or semitrailer hauling raw logs may not exceed 75 feet in overall length. As used in this subsection (5)(a), the term "length" means the total length of the vehicle combination beginning at the front of the front bumper of the truck or truck-tractor and extending to the most distant end of the logs being hauled. A term permit for an overlength vehicle combination, as provided in 61-10-124(2), does not apply to the vehicle combination described in this subsection (5)(a). A vehicle combination exceeding 75 feet must have a trip permit.

(b) The maximum overhang of any log may not exceed 15 feet, except by special, single-trip permit. Overhang is measured from the center of the rear-most axle to the most distant end of the logs being hauled.

(c) The provisions in subsections (5)(a) and (5)(b) do not apply to a vehicle combination hauling utility poles.

(6) As used in this chapter, the following definitions apply:

(a) "Axle" means a transverse beam that is the common axis of rotation of one or more wheels and that, to receive credit for allowable total gross loading, must be capable of continuously transmitting a proportionate share of the total gross load to the roadway when the axle is in operation.

~~(a)~~(b) "Combination length" means the total length of a combination of vehicles, such as a truck tractor-semitrailer-trailer combination, measured from the front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer, including the connection tongues.

~~(b)~~(c) "Combined trailer length" means the total length of a combination of trailers measured from the front of the first trailer to the back of the last trailer, including the connection tongues and loads.

~~(c)~~(d) "Length", except as provided in subsection (5)(a), means the total longitudinal dimension of a single vehicle, a trailer, or a semitrailer. The length of a trailer or semitrailer is measured from the front of the cargo-carrying unit to its rear, exclusive of safety or energy efficiency devices, air-conditioning units, air compressors, flexible fender extensions, splash and spray suppressant devices, bolsters, mechanical fastening devices, and hydraulic lift gates.

~~(d)~~(e) "Rocky Mountain double" means a combination of vehicles that includes a truck tractor pulling a long semitrailer and a shorter trailer."

Section 226. Section 61-10-123, MCA, is amended to read:

"61-10-123. Haystack movers. (1) A self-propelled vehicle used only for the purpose of moving haystacks on a commercial basis is subject to 61-10-121 through 61-10-127, except as follows: *provided in subsections (2) through (8).*

~~(1)~~(2) The vehicle, loaded or unloaded, may not exceed 55 feet in length or 20 feet in width.

~~(2)~~(3) A single load may not be moved on the vehicle a distance greater than 75 miles from the point of origin on public roads.

~~(3)~~(4) When the vehicle is hauling a load, it ~~shall~~ *must* be accompanied by two pilot cars. Each car ~~shall~~ *must* be equipped with a flashing warning light, a red flag, and a sign with the words "wide load" written on it. One car ~~shall~~ *must* precede the vehicle by not less than 100 yards or more than one-fourth mile, and one ~~shall~~ *car must* follow the vehicle at a distance not less than 100 yards or more than one-fourth mile. The following pilot car ~~shall~~ *must* be in radio contact with the vehicle at all times.

~~(4)~~(5) The speed of the vehicle ~~shall~~ *must* be reasonable and proper but not in excess of 35 miles per hour.

~~(5)~~(6) The vehicle ~~shall~~ *may* be operated only between the hours of sunrise and sunset.

~~(6)~~(7) The vehicle may not be operated on an interstate or *a* controlled-access highway *as defined in 61-8-102.*

~~(7)~~(8) A term or blanket permit may be issued for the vehicle."

Section 227. Section 61-10-141, MCA, is amended to read:

"61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — enforcement of motor carrier safety standards — duty to obtain bills of lading for agricultural seeds — authority to inspect diesel-powered vehicles. (1) A peace officer, officer of the highway patrol, or employee of the department of transportation may weigh any vehicle regulated by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110, except recreational vehicles ~~as defined in 61-1-132,~~ *travel trailers, or motor homes,* by means of either portable or stationary scales and may require that the vehicle be driven to the nearest scales if those scales are within 2 miles. That person may then require the driver to unload at a designated facility that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. If the excess weight does not exceed 10,000 pounds, an excess weight permit may be issued in accordance with 61-10-121. The permit authorizes the driver of the excess weight load to proceed to a designated facility where the load can be safely reduced to legal limits.

(2) Commodities and material unloaded as required by this section must be cared for by the owner or operator of the vehicle at the risk of that owner or operator. Commodities or material unloaded as required by this section may not be left on the highway right-of-way.

(3) The department of transportation may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require vehicles, except passenger cars and pickup trucks under 14,000 pounds

GVW and recreational vehicles ~~as defined in 61-1-132~~ (that are not new or used recreational vehicles traveling into or through Montana for delivery to a distributor or a dealer), to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements. The department may require vehicles over 10,000 pounds to be inspected and weighed by portable scale crews.

(4) The department of transportation shall work with the highway patrol in the enforcement of safety standards adopted pursuant to 44-1-1005. For the purposes of the joint enforcement, the highway patrol is designated as the lead agency. The highway patrol and the department of transportation shall cooperate to ensure minimum duplication and maximum coordination of enforcement effort.

(5) In order to enforce compliance with safety standards adopted pursuant to 44-1-1005, the department of transportation shall designate employees as peace officers. The designated employees must be employed in the administration of the motor carrier services functions of the department of transportation. Each employee designated as a peace officer may:

(a) issue citations and make arrests in connection with violations of safety standards adopted under 44-1-1005;

(b) issue summons;

(c) accept bail;

(e) make reasonable inspections of cargo carried by commercial motor vehicles;

(f) make reasonable safety inspections of commercial motor vehicles used by motor carriers; and

(g) require production of documents relating to the cargo, driver, routing, or ownership of the commercial motor vehicles.

(6) In addition to other enforcement duties assigned under this section, an employee of the department of transportation who is appointed pursuant to 61-12-201 has:

(a) the same authority to enforce provisions of the motor carriers law as that granted the public service commission under 69-12-203;

(b) the duty to secure or make copies, or both, of all bills of lading or other evidence of delivery for shipment of agricultural seeds as defined in 80-5-120 that have been sold or are intended for sale in Montana and to forward the copies to the department of agriculture within 24 hours of the date the bill of lading was obtained; and

(c) the authority, if probable cause exists, to stop and inspect a supply tank connected to the engine of any diesel-powered motor vehicle operating on the public highways of this state in order to determine compliance with Title 15, chapter 70, part 3.

(7) The department of transportation shall report to the revenue and transportation interim committee at least once each year on its enforcement, pursuant to the authority provided in subsection (6)(c), of the provisions of Title 15, chapter 70, part 3, and on any impacts that enforcement has had on the state special revenue fund."

Section 228. Section 61-10-148, MCA, is amended to read:

“61-10-148. Disposition of fines and forfeited bonds. (1) Except as provided in 61-12-701 and subsection (2) of this section, all the money collected as fines and forfeited bonds for violations of Title 61, chapter 10, must be remitted monthly by the county treasurer to the ~~department of revenue~~ *state*, as provided in 15-1-504, for deposit in the state general fund. This subsection does not apply to fines and forfeited bonds paid to justices’ courts.

A person who is certified as disabled pursuant to subsection (3) and who was issued a permit to hunt from a vehicle for license year 2000 or a subsequent license year is automatically entitled to a permit to hunt from a vehicle for subsequent license years if the criteria for obtaining a permit does not change.

(2) A resident of Montana who is certified as disabled by the department and who is not residing in an institution may purchase regular resident deer and elk licenses at one-half the fee paid by a resident who is 15 years of age or older and who is under 62 years of age. A permitholder must have a companion to assist in immediately dressing any killed game animal. The companion may also assist the permitholder by hunting a game animal that has been wounded by the

Any vehicle from which a permitholder is hunting must be conspicuously marked with an orange-colored international symbol of persons with disabilities on the front, rear, and each side of the vehicle, or as prescribed by the department.

CHAPTER NO. 543

[SB 296]

AN ACT PROVIDING AN ALTERNATIVE METHOD FOR THE OWNER OF A PARCEL OF LAND OF 20 ACRES OR MORE BUT LESS THAN 160 ACRES TO HAVE THE PARCEL VALUED, ASSESSED, AND TAXED AS AGRICULTURAL LAND UNDER CERTAIN CONDITIONS; AMENDING SECTION 15-7-202, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-202, MCA, is amended to read:

"15-7-202. Eligibility of land for valuation as agricultural. (1) (a) Contiguous parcels of land totaling 160 acres or more under one ownership are eligible for valuation, assessment, and taxation as agricultural land each year that none of the parcels is devoted to a residential, commercial, or industrial use.

(b) (i) Contiguous parcels of land of 20 acres or more but less than 160 acres under one ownership are eligible for valuation, assessment, and taxation as agricultural land if the land is used primarily for raising and marketing, as defined in subsection (1)(c), products that meet the definition of agricultural in 15-1-101. A parcel of land is presumed to be used primarily for raising agricultural products if the owner or the owner's immediate family members, agent, employee, or lessee markets not less than \$1,500 in annual gross income from the raising of agricultural products produced by the land. The owner of land that is not presumed to be agricultural land shall verify to the department that the land is used primarily for raising and marketing agricultural products.

(ii) Noncontiguous parcels of land that meet the income requirement of subsection (1)(b)(i) are eligible for valuation, assessment, and taxation as agricultural land under subsection (1)(b)(i) if:

(A) the land is an integral part of a bona fide agricultural operation undertaken by the persons set forth in subsection (1)(b)(i) as defined in this section; and

(B) the land is not devoted to a residential, commercial, or industrial use.

(iii) Parcels of land of 20 acres or more but less than 160 acres that do not meet the income requirement of subsection (1)(b)(i) may also be valued, assessed, and taxed as agricultural land if the owner:

(A) applies to the department requesting classification of the parcel as agricultural;

(B) verifies that the parcel of land is greater than 20 acres but less than 160 acres and that the parcel is located within 15 air miles of the family-operated farming entity referred to in subsection (1)(b)(iii)(C); and

(C) verifies that:

(I) the owner of the parcel is involved in agricultural production by submitting proof that 51% or more of the owner's Montana annual gross income is derived from agricultural production; and

(II) property taxes on the property are paid by a family corporation, family partnership, sole proprietorship, or family trust that is involved in Montana agricultural production and 51% of the entity's Montana annual gross income is derived from agricultural production; or

(III) the owner is a shareholder, partner, owner, or member of the family corporation, family partnership, sole proprietorship, or family trust that is involved in Montana agricultural production and 51% of the person's or entity's Montana annual gross income is derived from agricultural production.

(c) For the purposes of this subsection (1):

(i) "marketing" means the selling of agricultural products produced by the land and includes but is not limited to:

(A) rental or lease of the land as long as the land is actively used for grazing livestock or for other agricultural purposes; and

(B) rental payments made under the federal conservation reserve program or a successor to that program;

(ii) land that is devoted to residential use or that is used for agricultural buildings and is included in or is contiguous to land under the same ownership that is classified as agricultural land, other than land described in 15-6-133(1)(c), must be classified as agricultural land, and the land must be valued as provided in 15-7-206.

(2) Contiguous or noncontiguous parcels of land totaling less than 20 acres under one ownership that are actively devoted to agricultural use are eligible for valuation, assessment, and taxation as agricultural each year that the parcels meet any of the following qualifications:

(a) the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than \$1,500 in annual gross income from the raising of agricultural products as defined in 15-1-101; or

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent, intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(3) Parcels that do not meet the qualifications set out in subsections (1) and (2) may not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(4) Land may not be classified or valued as agricultural if it is subdivided land with stated restrictions effectively prohibiting its use for agricultural purposes. For the purposes of this subsection only, "subdivided land" includes parcels of land larger than 20 acres that have been subdivided for commercial or residential purposes.

(5) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise is not considered a bona fide agricultural operation.

(6) The department may not classify land less than 160 acres as agricultural unless the owner has applied to have land classified as agricultural land. Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is taxed as provided in 15-6-133(1)(c). If land has been valued, assessed, and taxed as agricultural land in any year, it must continue to be valued, assessed, and taxed as agricultural until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

(7) For the purposes of this part, growing timber is not an agricultural use."

Section 2. Effective date — applicability. [This act] is effective January 1, 2006, and applies to tax years beginning after December 31, 2005.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-15-4292, MCA, is amended to read:

“7-15-4292. Termination of tax increment financing — exception. (1) The tax increment provision terminates upon the later of:

(a) the 15th year following its adoption ~~or, if the tax increment provision was adopted prior to January 1, 1980, upon the 17th year following adoption;~~ or

(b) the payment or provision for payment in full or discharge of all bonds for which the tax increment has been pledged and the interest on the bonds.

(2) ~~(a) Any~~ *Except as provided in subsection (2)(b), any* amounts remaining in the special fund or any reserve fund after termination of the tax increment provision must be distributed among the various taxing bodies in proportion to their property tax revenue from the district.

(b) *Upon termination of the tax increment provision, a municipality may retain and use in accordance with the provisions of the urban renewal plan:*

(i) funds remaining in the special fund or a reserve fund related to a binding loan commitment, construction contract, or development agreement for an approved urban renewal project that a municipality entered into before the termination of a tax increment provision;

(ii) loan repayments received after the date of termination of the tax increment provision from loans made pursuant to a binding loan commitment;
or

(iii) funds from loans previously made pursuant to a loan program established under an urban renewal plan.

(3) After termination of the tax increment provision, all taxes must be levied upon the actual taxable value of the taxable property in the urban renewal area or the industrial district and must be paid into the funds of the respective taxing bodies.

(4) Bonds secured in whole or in part by a tax increment provision may not be issued after the 15th anniversary of tax increment provisions adopted after January 1, 1980, and the 17th anniversary of tax increment provisions adopted prior to January 1, 1980. However, if bonds secured by a tax increment provision are outstanding on the applicable anniversary, additional bonds secured by the tax increment provision may be issued if the final maturity date of the bonds is not later than the final maturity date of any bonds then outstanding and secured by the tax increment provision.”

Section 2. Section 7-15-4293, MCA, is amended to read:

“7-15-4293. Adjustment of base taxable value following change of law. (1) If the base taxable value of an urban renewal area or an industrial district is affected after its original determination by a statutory, administrative, or judicial change in the method of appraising property, the tax rate applied to it, the tax exemption status of property, or the taxable valuation of property if the change in taxable valuation is based on conditions existing at the time the base year was established, the governing body of the municipality may request the department of revenue ~~or its agents~~ to estimate the base taxable value so that the tax increment resulting from the increased incremental value is sufficient to pay all principal and interest on the bonds as those payments become due.

(2) *If a tax increment financing district created after January 1, 2002, has not issued bonds, the governing body of a municipality may request the department of revenue to adjust the base taxable value to account for a loss of taxable revenue resulting from the state granting property in the district tax-exempt status within the first year of creation of the tax increment financing district. The municipality shall give notice of and hold a public hearing on the proposed change.*”

Section 3. Section 15-10-420, MCA, is amended to read:

“15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year’s value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided

in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

~~(a)~~(i) annexation of real property and improvements into a taxing unit;

~~(b)~~(ii) construction, expansion, or remodeling of improvements;

~~(c)~~(iii) transfer of property into a taxing unit;

~~(d)~~(iv) subdivision of real property; and

~~(e)~~(v) transfer of property from tax-exempt to taxable status.

(b) *Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.*

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

~~(b)(c)~~ For the purpose of subsection ~~(3)(d)~~ (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonagricultural land as described in 15-6-133(1)(c).

~~(c) For the purposes of this section, newly taxable property does not include an increase in appraised value of land that was previously valued at 75% of the value of improvements on the land, as provided in 15-7-111(4) and (5), as those subsections applied on December 31, 2001.~~

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy

calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402; or

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

Section 4. Assessment agreements. (1) A municipality may enter into a written agreement with any private person:

(a) establishing a minimum market value of land, existing improvements, or improvements or equipment to be constructed or acquired; and

(b) requiring the individual to pay an annual tax deficiency fee whenever the property that is the subject of the agreement is valued by the department of revenue for property tax purposes at a market value that is less than the value established by the agreement. The amount of the deficiency fee may not exceed the difference between the property taxes that would have been imposed on the property based on the minimum value of the property expressed in the agreement and the property taxes that are imposed on the property based on the market value established by the department of revenue.

(2) The property that is the subject of the agreement must be located or installed in an urban renewal area, industrial district, aerospace transportation and technology district, or any other area or district that is subject to a tax increment financing provision.

(3) The minimum value established by the agreement may be fixed or may increase or decrease in later years from the initial minimum value as provided in the agreement.

(4) The agreement creates a lien on the property pursuant to [section 5] and must be filed and recorded in the office of the county clerk and recorder in each county in which the property or any part of the property is located. Recording an agreement constitutes notice of the agreement to anyone who acquires any interest in the property that is the subject of the agreement, and the agreement is binding upon the person acquiring the interest.

(5) An agreement made pursuant to subsection (1) may be modified or terminated by mutual consent of the current parties to the agreement. Modification or termination of an agreement must be approved by the governing body of the municipality. A document modifying or terminating an agreement must be filed in the office of the county clerk and recorder in each county in which the property or any part of the property is located.

(6) An agreement entered into pursuant to subsection (1) or modified pursuant to subsection (5) terminates on the earliest of:

(a) the date on which conditions in the agreement for termination are satisfied;

(b) the termination date specified in the agreement; or

(c) the date when the tax increment is no longer paid to the municipality under 7-15-4292.

(7) Nothing in this section limits a municipality's authority to enter into contracts other than tax deficiency agreements as described in this section.

Section 5. Tax deficiency lien. A municipality has a lien for tax deficiency payments as described in a properly filed agreement for tax deficiency payment pursuant to [section 4]. The lien has the same priority as a lien for general property taxes. Lien proceeds must be disbursed pursuant to 7-15-4286(2).

Section 6. Codification instruction. (1) [Section 4] is intended to be codified as an integral part of Title 7, chapter 15, part 42, and the provisions of Title 7, chapter 15, part 42, apply to [section 4].

(2) [Section 5] is intended to be codified as an integral part of Title 71, chapter 3, part 15, and the provisions of Title 71, chapter 3, part 15, apply to [section 5].

Section 7. Effective date. [This act] is effective July 1, 2005.

(2) (a) Except as provided in 61-2-302, a person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked may not have the license, endorsement, or privilege renewed or restored until the revocation or suspension period has been completed.

(b) When a person is convicted or forfeits bail or collateral not vacated for a first offense of operating or being in actual physical control of a motor vehicle while under the influence of alcohol or any drug or a combination of alcohol or drugs or for a first offense of operation of a motor vehicle by a person with alcohol concentration of 0.08 or more, the department shall, upon receiving a report of conviction or forfeiture of bail or collateral not vacated, suspend the driver’s license or driving privilege of the person for a period of 6 months. Upon receiving a report of a conviction or forfeiture of bail or collateral for a second, third, or subsequent offense within 5 years of the first offense, the department shall suspend the license or driving privilege of the person for a period of 1 year and may not issue a probationary license during the period of suspension. (b) If the department receives notice from a court, peace officer, or ignition interlock vendor that the person has violated the court-imposed ignition interlock restriction by, including but not limited to operating a motor vehicle not equipped with the device, tampering with the device, or removing the device before the period of restriction has expired, the department shall lift the stay and reinstate the license suspension for the remainder of the time period. The

department may not issue a probationary driver's license to a person whose license suspension has been reinstated because of violation of an ignition interlock restriction.

(4) (a) Except as provided in subsection (4)(b), the period of suspension or revocation for a person convicted of any offense that makes mandatory the suspension or revocation of the person's driver's license commences from the date of conviction or forfeiture of bail.

(b) correlate well with the level established for alcohol impairment;

(c) work accurately and reliably in an unsupervised environment and under extreme weather conditions;

(d) require a deep lung breath sample or use an equally accurate measure of blood alcohol concentration equivalence;

(e) resist tampering and show evidence of tampering if it is attempted;

(f) be difficult to circumvent;

(g) minimize inconvenience of a sober user;

(h) operate reliably over the range of automobile environments and in connection with various manufacturing standards; *and*

Section 3. Section 61-8-442, MCA, is amended to read:

“61-8-442. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — ignition interlock device. (1) In addition to the punishments provided in 61-8-714 and 61-8-722, regardless of disposition, the court may, for a person convicted of a first offense under 61-8-401 or 61-8-406 and granted a probationary license, restrict the person to driving only a motor vehicle equipped with a functioning ignition interlock device during the period that the person is granted a probationary license and require the person to pay the reasonable cost of leasing, installing, and maintaining the device if:

(a) ~~the court determines that approved ignition interlock devices are reasonably available; and~~

(b) ~~the person's blood alcohol concentration at the time of the arrest was 0.16 or greater.~~

(2) If a person is convicted of a second or subsequent violation of 61-8-401 or 61-8-406, in addition to the punishments provided in 61-8-714 and 61-8-722, regardless of disposition, the court shall order that each motor vehicle owned by the person at the time of the offense be either:

(b) during the 12-month period beginning with the end of the period of driver's license revocation, equipped with a functioning ignition interlock device and require the person to pay the reasonable cost of leasing, installing, and maintaining the device ~~if the court determines that approved ignition interlock devices are reasonably available.~~

(3) Any restriction imposed under this section must be included in a report of the conviction made by the court to the department in accordance with 61-11-101 and placed upon the person's driving record maintained by the department in accordance with 61-11-102.

AN ACT PROVIDING FOR A STATEWIDE 2-1-1 TELEPHONE NUMBER FOR ACCESS AND REFERRAL TO COMMUNITY DISASTER, EMERGENCY, SAFETY, HEALTH, AND HUMAN SERVICES INFORMATION; PROVIDING FOR A MONTANA 2-1-1 COMMUNITY COALITION TO SERVE IN AN ADVISORY CAPACITY; PROVIDING THAT ANY AGENCY THAT SEEKS A NEW PUBLIC INFORMATION TELEPHONE LINE OR HOTLINE SHALL CONSULT WITH THE DEPARTMENT FOR USE OF THE 2-1-1 SYSTEM; PROVIDING FOR SERVICE PROVIDERS AND

SCOPE OF SERVICE; PROVIDING FOR A STATE SPECIAL REVENUE ACCOUNT; PROVIDING FOR ELIGIBLE ACTIVITIES; REQUIRING BIENNIAL REPORTS TO THE LEGISLATURE; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings — purpose. (1) The legislature finds that the implementation of a system using a single, easy-to-use telephone number, 2-1-1, for public access to information and referral for safety, health, or human services and for information about access to services after a disaster or emergency will benefit the citizens of the state of Montana by providing easier access to available services, by efficiently connecting people with the desired service providers, and by reducing duplication of efforts.

(2) The legislature finds that a statewide 2-1-1 system will facilitate public access to information and referral for safety, health, and human services and for disaster or emergency prevention or response information and will make our state's communities safer, stronger, and better-prepared to respond to threats of domestic and international terrorism and domestic emergency situations of all natures.

(3) The purposes of [sections 1 through 10] are to:

(a) establish an implementation plan for a statewide 2-1-1 system to provide public access to information and referral for disaster, emergency, safety, health, and human services;

(b) ensure that the system is free from undue political interference and conflicts of interest;

(c) provide that 2-1-1 services are delivered by qualified and competent agencies in a manner that is fair and consistent throughout the state;

DEPOSIT INSURANCE CORPORATION UNDER THE FAMILY EDUCATION TRUST; AMENDING SECTIONS 15-62-103, 15-62-201, 15-62-203, AND 20-25-902, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Family education savings trust. (1) There is a family education savings trust that is an instrumentality of the state and that is created for a public purpose. The trust consists of participating trusts with each participating trust corresponding to an account. The assets of one participating trust may not be commingled with the assets of any other participating trust. The assets and earnings of any participating trust may not be used to satisfy the obligations of any other participating trust. Each participating trust account represents a trust interest in the trust and includes amounts received by the program from account owners pursuant to the participating trust agreement and interest and investment income earned by the trust account.

(2) The assets of the trust consist of investments and earnings on investments of funds received by the program as deposits to accounts and amounts transferred to the trust from accounts established prior to [the effective date of this act] pursuant to subsection (3).

(3) In accordance with the instructions of the account owner, the trustee shall invest funds deposited in each participating trust in permitted investment products as provided in this chapter. The trustee or a financial institution acting as an agent of the trustee shall pay or apply funds from each participating trust for qualified withdrawals, nonqualified withdrawals, penalties, and withholdings.

(4) (a) After [the effective date of this act] and before the mandatory transfer date specified in subsection (4)(b), each account owner must be provided with notice of the creation of the family education savings trust, the participating trust agreement, and documents describing the options and actions available to the account owner. An account owner may execute a participating trust agreement and have funds that are held by financial institutions in accounts established prior to [the effective date of this act] transferred to the trust and to a participating trust corresponding to the transferor's account. Until a voluntary transfer occurs pursuant to this subsection (4)(a) or a mandatory transfer occurs pursuant to subsection (4)(b), accounts established prior to [the effective date of this act] remain valid and are governed by this chapter as it read prior to [the effective date of this act].

(b) On December 31, 2005, or at a later date set by the board to protect account owners from possible adverse consequences, all remaining funds or investment products that are not transferred pursuant to subsection (4)(a) and that are held by financial institutions in accounts established pursuant to this chapter prior to [the effective date of this act] must be transferred to the trust. The funds or investment products must be placed in a participating trust corresponding to the account and each account owner whose account is transferred is considered to have consented to and be bound by a participating trust agreement and to the transfer of funds or investment products held in the account to a new participating trust.

Section 2. Temporary savings account program. (1) If the board offers an investment product of certificates of deposit or bank savings accounts insured by the federal deposit insurance corporation, the board may provide for the holding of those investment products by a financial institution as trust

accounts for the account owner without being part of the participating trust arrangement for the trust.

(2) Certificates of deposit and bank savings accounts not held as part of the trust are to be held as trust accounts under conditions set by the board based on, as applicable, conditions required for participating trust accounts under this chapter. The provisions of this chapter that apply to reporting, holding, management, and other administrative and tax consequences of a participating trust account of the family savings trust apply to trust accounts under this section.

(3) If trust accounts have been established under subsection (2) and the board determines that it would be in the best interest of the program for those accounts to become part of the family education savings trust, the board may merge the trust accounts established under subsection (2) into the trust. The board shall establish a transfer date. The board shall give at least 90 days' notice to owners of trust accounts established under subsection (2) of the intent to merge and a description of the options available to an account owner upon merger. Each owner of a trust account established under subsection (2) may execute a participating trust agreement and have the title to the owner's trust account that is held by a financial institution transferred to the trust and to a participating trust corresponding to an account for the account owner. On the transfer date, all accounts not transferred by account owners must be transferred by the board to the trust and placed in participating trusts corresponding to accounts and each owner whose account has been transferred is considered to have consented to and be bound by the participating trust agreement and to the transfer of the account.

(3) The district court may affirm, reverse, or amend any appealed order or judgment and may direct the proper order or judgment to be entered or direct that a new trial or further proceeding be had in the court from which the appeal was taken.

(4) Unless the supreme court establishes rules for appeal from a justice's ~~court established as a~~ court of record to the district court, the Montana Uniform Municipal Court Rules of Appeal to District Court, codified in Title 25, chapter 30, apply to appeals to district court from the justice's ~~court established as a~~ court of record."

Section 7. Section 3-10-116, MCA, is amended to read:

"3-10-116. Disqualification of justice of peace for justice's ~~court established as court of record~~ — judge pro tempore. When a justice of the peace for a justice's ~~court established as a~~ court of record has been disqualified or is sick or unable to act, the justice shall call in another justice of the peace for a justice's ~~court established as a~~ court of record, a municipal court judge, a retired justice of the peace for a justice's ~~court established as a~~ court of record, a retired municipal court judge, or an attorney of the county in which the court is located to act as a judge pro tempore. (3) ~~Except as provided in subsection (4), each~~ *Each* justice of the peace shall attend the training sessions provided for in subsection (2). The court may order new or amended pleadings to be filed. Each party has the benefit of all legal objections made in the justice's or city court.

(2) When the action is tried anew on appeal, the trial must be conducted in all respects as other trials in the district court. The provisions of this code as to trials in the district courts are applicable to trials on appeal in the district court.

Be it enacted by the Legislature of the State of Montana:

Section 1. Production tax rates imposed on bentonite production.

(1) The production of bentonite is taxed as provided in this section. The tax is distributed as provided in [section 10].

(2) (a) Except as provided in subsection (3), the tax on bentonite is on the gross yield of bentonite produced, measured in tons before crushing and drying, by the owner or operator within the exterior boundaries of an elementary school district. The tax is computed according to the following annual production schedule:

(i) on the first 80,000 tons produced in excess of the amount exempted in subsection (3), \$1.56 a ton;

(ii) on the next 150,000 tons produced, \$1.50 a ton;

(iii) on the next 250,000 tons produced, \$1.40 a ton;

(iv) on the next 500,000 tons produced, \$1.25 a ton;

(v) on production in excess of 1 million tons, \$1 a ton.

(b) For tax years beginning after December 31, 2009, the dollar amounts referred to in the schedule in subsections (2)(a)(i) through (2)(a)(v) must be adjusted by the department by multiplying each dollar amount by the quotient of the PCE for the first quarter of the year previous to the tax year for which the

tax is being calculated, divided by the PCE for the first quarter of the 2009 tax year.

(c) For the purposes of this section:

(i) "PCE" has the meaning provided in 15-23-515; and

(ii) "ton" means 2,000 pounds.

(3) The first 20,000 tons produced in a calendar year are exempt from taxation.

Section 2. Semiannual payment of tax — statement — authority of department. (1) (a) The bentonite production tax imposed under [section 1] and the tax on royalties under [section 3] must be paid in semiannual installments for the semiannual periods ending, respectively, June 30 and December 31 of each year, and the amount of the tax for each semiannual period must be paid to the department within 45 days after the end of each semiannual period. The owner or operator of the bentonite mine shall pay the production tax and the tax on royalty interests.

(b) Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner must be deducted from any settlements under the lease or leases or division of proceeds orders or contracts.

(2) The owner or operator shall complete on forms prescribed by the department a statement showing:

(a) the name and address of the owner or lessee or operator of the mine, together with the names and addresses of any persons owning or claiming any royalty interest in the mineral product of the mine or the proceeds derived from the sale of products, and the amount or amounts paid or yielded as royalty to each of the persons during the period covered by the statement;

(b) the description and location of the mine or mines;

(c) the number of tons of bentonite extracted, produced, and treated or sold from the mine during the period covered by the statement;

(d) the amount and character of the bentonite and the yield of the bentonite from the mine before crushing and drying, measured in tons, yielded to the person engaged in mining and to each royalty holder, if any, during the period covered by the statement; and

(e) the gross yield of value in dollars and cents.

(3) The statement must be signed by the individual or the president, vice president, treasurer, assistant treasurer, or authorized agent of the association, corporation, joint-stock company, or syndicate making the statement.

(4) The statement must be accompanied by the tax due.

(5) The tax collected under this section must be deposited in the state special revenue fund for distribution as provided in [section 10].

(6) For the purpose of determining compliance with the provisions of [sections 1 through 11], the department is authorized to examine or cause to be examined any books, papers, records, or memoranda relevant to making a determination of the amount of tax due, whether the books, papers, records, or memoranda are the property of or in the possession of the person filing the return or another person. In determining compliance, the department may use statistical sampling and other sampling techniques consistent with generally accepted auditing standards. The department may also:

- (a) require the attendance of a person having knowledge or information relevant to a statement;
- (b) compel the production of books, papers, records, or memoranda by the person required to attend;
- (c) implement the provisions of 15-1-703 if the department determines that the collection of the tax is or may be jeopardized because of delay;
- (d) take testimony on matters material to the determination; and
- (e) administer oaths or affirmations.

Section 3. Taxation of royalties. All royalty amounts paid or apportioned in kind to royalty owners for which the statement is made under [section 2] are taxed at 15% of the amount paid or apportioned in kind to the royalty owner and are paid as provided in [section 2].

Section 4. Examination of statement — adjustments — delivery of notices and demands. (1) If the department determines that the amount of tax due is different from the amount reported, the amount of tax computed on the basis of the examination conducted pursuant to [section 2] constitutes the tax to be paid.

(2) If the tax due exceeds the amount of tax reported as due on the taxpayer's statement, the excess must be paid to the department within 30 days after notice of the amount and demand for payment are mailed or delivered to the person making the statement unless the taxpayer files a timely objection as provided in 15-1-211. If the amount of the tax found due by the department is less than that reported as due on the statement and has been paid, the excess must be credited or, if no tax liability exists or is likely to exist, refunded to the person making the statement.

(3) The notice and demand provided for in this section must contain a statement of the computation of the tax and interest and must be:

- (a) sent by mail to the taxpayer at the address given in the taxpayer's statement, if any, or to the taxpayer's last-known address; or
- (b) served personally upon the taxpayer.

(4) A taxpayer filing an objection to the demand for payment is subject to and governed by the uniform tax review procedure provided in 15-1-211.

Section 5. Penalties and interest for violation. (1) (a) A person who fails to file a statement as required by [section 2] must be assessed a penalty as provided in 15-1-216. The department may waive the penalty as provided in 15-1-206.

(b) A person who fails to file the statement required by [section 2] and to pay the tax before the due date must be assessed a penalty and interest as provided in 15-1-216. The department may waive any penalty pursuant to 15-1-206.

(2) A person who purposely fails to pay the tax when due must be assessed an additional penalty as provided in 15-1-216(1)(d).

Section 6. Authority to collect delinquent taxes. (1) (a) The department shall collect taxes that are delinquent as determined under [sections 1 through 11].

(b) If a tax imposed by [sections 1 through 11] or any portion of the tax is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

(2) In addition to any other remedy, in order to collect delinquent taxes after the time for appeal has expired, the department may direct the offset of tax refunds or other funds that are due to the taxpayer from the state, except wages subject to the provisions of 25-13-614 and retirement benefits.

(3) As provided in 15-1-705, the taxpayer has the right to a review on the tax liability prior to any offset by the department.

(4) The department may file a claim for state funds on behalf of the taxpayer if a claim is required before funds are available for offset.

Section 7. Interest on deficiency — penalty. (1) Interest accrues on unpaid or delinquent taxes as provided in 15-1-216. The interest must be computed from the date on which the statement and tax were originally due.

(2) If the payment of a tax deficiency is not made within 60 days after it is due and payable and if the deficiency is due to negligence on the part of the taxpayer but without fraud, the penalty imposed by 15-1-216(1)(c) must be added to the amount of the deficiency.

Section 8. Limitations. (1) Except in the case of a person who purposely or knowingly, as those terms are defined in 45-2-101, files a false or fraudulent statement violating the provisions of [sections 1 through 11], a deficiency may not be assessed or collected with respect to a tax period for which a statement is filed unless the notice of additional tax proposed to be assessed is mailed to or personally served upon the taxpayer within 5 years from the date on which the statement was filed. For purposes of this section, a statement filed before the last day prescribed for filing is considered to be filed on the last day.

(2) If, before the expiration of the 5-year period prescribed in subsection (1) for assessment of the tax, the taxpayer consents in writing to an assessment after expiration of the 5-year period, a deficiency may be assessed at any time prior to the expiration of the period consented to.

Section 9. Credit or refund for overpayment — refund from county — interest on overpayment. (1) If the department determines that the amount of tax, penalty, or interest due for any semiannual period is less than the amount paid, the amount of the overpayment must be credited against any tax, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) (a) The amount of an overpayment credited against any tax, penalty, or interest due for any tax period or any refund or portion of a refund, which has not been distributed pursuant to [section 10], must be withheld from the current distribution made pursuant to [section 10].

(b) If the amount of the refund reduces the amount of tax previously distributed pursuant to [section 10] and if the current distribution, if any, is insufficient to offset the refund, then the department shall demand the amount of the refund from the county to which the tax was originally distributed. The county treasurer shall remit the amount demanded within 30 days of the receipt of notice from the department.

(3) Except as provided in subsection (4), interest must be allowed on overpayments at the same rate as is charged on unpaid taxes provided in 15-1-216 beginning from the due date of the statement or from the date of overpayment, whichever date is later, to the date on which the department approves refunding or crediting of the overpayment.

(4) (a) Interest may not accrue during any period in which the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is refunded within 6 months from the date on which the statement is due or from the date on which the statement is filed, whichever is later; or

(ii) if the amount of interest is less than \$1.

Section 10. Distribution of taxes. (1) (a) For each semiannual period, the department shall determine the amount of tax, late payment interest, and penalties collected under [sections 1 through 11] from bentonite mines that produced bentonite before January 1, 2005. The tax is distributed as provided in subsections (2) through (12).

(b) For each semiannual period, the department shall determine the amount of tax, late payment interest, and penalties collected under [sections 1 through 11] from bentonite mines that first began producing bentonite after December 31, 2004. The tax is distributed as provided in subsection (13).

Section 8. Capitol land grant revenue. The appropriation of up to \$500,000 in capitol land grant revenue to the department of administration for

the capitol annex or alternatives feasibility study is the last priority for use of these funds during the 2007 biennium and is dependent upon the availability of revenue. To the extent that capitol land grant revenue is not sufficient to fund this project, the balance of the appropriation may come from reversions in the long-range building program account made during the 2006-2007 biennium. If necessary, this project may be phased in as these funds become available.

A financial plan may not be approved by the director if:

(1) the level of funding provided under the financial plan deviates substantially from the funding level provided in [sections 2 through 6] for that project; or

The department of environmental quality shall review capital projects authorized in [sections 2 through 6] for potential inclusion in the state building energy conservation program under Title 90, chapter 4, part 6. When a review shows that a capital project will result in energy improvements, that project must be submitted to the energy conservation program for funding consideration. Funding provided under the energy conservation program guidelines must be used to offset or add to the authorized funding for the project, and the amount will be dependent on the annual utility savings resulting from the facility improvement. Agencies must be notified of potential funding after the review.

Section 12. University buildings — operation and maintenance. (1) The 59th legislature finds that the operation and maintenance of portions of new building space that supports academic missions of the university system should be funded with current unrestricted university funds. The funding of current unrestricted university funds is shared between state general fund, tuition, and other minor sources.

(2) The office of budget and program planning, the architecture and engineering division of the department of administration, the legislative fiscal division, and the Montana university system are directed to come to an agreement and to recommend to the 60th legislature the portions of new building space that support academic missions of the university system and funding allocations between the general fund and tuition. If the legislative audit

division conducts a performance audit of the university system building program, then the office of budget and program planning, the architecture and engineering division of the department of administration, the legislative fiscal division, and the Montana university system shall take the results of the audit into consideration in making a recommendation.

(3) If the university system chooses to build nonacademic buildings, the operation and maintenance costs for the buildings must be funded from nonstate and nontuition sources.

(b) Any money received from federal sources must be deposited in the federal special revenue fund to the credit of the department.

(c) All interest earned on money from the following sources must be placed in the state special revenue fund to the credit of the department:

(6) Money received from the collection of license drawing applications is not subject to the deposit requirements of 17-6-105. The department shall deposit license drawing application money within a reasonable time after receipt.

The total amount approved for the project from all sources is \$1,179,374.

(4) (a) The 56th legislature authorizes four department of corrections' capital construction projects in the 2001 biennium. Funding for the projects is contained in House Bill No. 14 and subsection (1) of this section. The total project cost and the authorized funding for each project are as follows:

(i) \$9,375,000 for the women's prison expansion in Billings, funded by \$2,900,000 of general obligation bond proceeds authorized in House Bill No. 14 and by \$6,475,000 of federal funds appropriated in subsection (1) of this section;

AN ACT ELIMINATING THE REQUIREMENT TO REGISTER A MONTANA DISTRICT COURT ORDER WITH THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES PRIOR TO COMMENCING THE ADMINISTRATIVE MODIFICATION PROCESS; CLARIFYING THE CRITERIA FOR REVIEW IN THE ABSENCE OF A SUBSTANTIAL CHANGE OF CIRCUMSTANCES; CLARIFYING THE REMEDY IF A PARTY REFUSES TO PRODUCE THE REQUESTED FINANCIAL INFORMATION; ELIMINATING A MANDATORY MEDIATION SESSION AND CERTAIN SERVICE OF PROCESS REQUIREMENTS; AMENDING SECTIONS 40-4-204, 40-5-226, 40-5-234, 40-5-248, 40-5-271, 40-5-272, 40-5-273, 40-5-277, AND 40-6-116, MCA; REPEALING SECTION 40-5-276, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-204, MCA, is amended to read:

"40-4-204. Child support — orders to address health insurance — withholding of child support. (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

- (a) the financial resources of the child;
- (b) the financial resources of the parents;
- (c) the standard of living that the child would have enjoyed had the marriage not been dissolved;
- (d) the physical and emotional condition of the child and the child's educational and medical needs;
- (e) the age of the child;
- (f) the cost of day care for the child;

(g) any parenting plan that is ordered or decided upon; and

(h) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of the defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or that it is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for that finding. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(d) Child support obligations established under this section are subject to the registration and processing provisions of *Title 40*, chapter 5, part 9.

(4) Each temporary or final district court judgment, decree, or order establishing a child support obligation under this title and each modification of a final order for child support must include a medical support order as provided for in Title 40, chapter 5, part 8.

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(c) If a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or

biweekly basis, corresponding to the obligor's regular pay period. When an order is annualized and withheld on a weekly or biweekly basis under this section, the support withheld from the obligor may be retained by the obligee when it exceeds the obligor's monthly support obligation if the excess support is a result of annualized withholding.

(d) If an obligor is exempted from paying support through income withholding, the support order must include a requirement that whenever the case is receiving services under Title IV-D of the Social Security Act, support payments must be paid through the department of public health and human services as provided in 40-5-909.

(6) (a) Each district court judgment, decree, or order that establishes paternity or establishes or modifies a child support obligation must include a provision requiring the parties to promptly file with the court and to update, as necessary, information on:

(i) the party's identity, residential and mailing addresses, telephone number, [social security number,] and driver's license number;

(ii) the name, address, and telephone number of the party's employer; and

(iii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or health benefit plan, the policy identification number, the names of the persons covered, and any other pertinent information regarding coverage or, if the child is not covered, information as to the availability of coverage for the child through the party's employer.

(b) The court shall keep the information provided under subsection (6)(a) confidential except that the information may be provided to the department of public health and human services for use in administering Title IV-D of the Social Security Act.

(c) The order must also require that in any subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of the party, the district court or the department of public health and human services, if the department is providing services under Title IV-D of the Social Security Act, may consider due process requirements for notice and service of process met with respect to the party upon delivery of written notice by regular mail to the most recent address of the party or the party's employer's address reported to the court.

(7) A judgment, decree, or order establishing a child support obligation under this part may be modified or adjusted as provided in 40-4-208 or, if the department of public health and human services is providing services under Title IV-D of the Social Security Act, may be modified or adjusted by the department as provided for in 40-5-271 through 40-5-273, ~~and 40-5-276 through 40-5-277, and 40-5-278.~~

(8) (a) A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support obligation to be paid, without need for further court order:

(i) to the person with whom the child resides by legal order;

(ii) if the person with whom the child legally resides voluntarily or involuntarily relinquishes physical care and control of the child to another person, organization, or agency, to the person, organization, or agency to whom physical custody has been relinquished;

(iii) if any other person, organization, or agency is entitled by law, assignment, or similar reason to receive or collect the child support obligation, to the person, organization, or agency having the right to receive or collect the payment; or

(iv) to the court for the benefit of the minor child.

(b) When the department of public health and human services is providing services under Title IV-D of the Social Security Act, payment of support must be made through the department for distribution to the person, organization, or agency entitled to the payment.

(c) A judgment, decree, or order that omits the provision required by subsection (8)(a) is subject to the requirements of subsection (8)(a) without need for an amendment to the judgment, decree, or order or for any further action by the court.

(9) A judgment, decree, or order that establishes or modifies a child support obligation must include a provision that if a parent or guardian is the obligee under a child support order and is obligated to pay a contribution for the same child under 41-3-438, 41-5-1304, or 41-5-1512, the parent or guardian assigns and transfers to the department of public health and human services all rights that the parent or guardian may have to child support that are not otherwise assigned under 53-2-613. (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)”

Section 2. Section 40-5-226, MCA, is amended to read:

“40-5-226. Administrative hearing — nature — place — time — determinations — failure to appear — entry of final decision and order.

(1) The administrative hearing is defined as a “contested case”.

(2) If a hearing is requested, it must initially be conducted by teleconference methods and is subject to the Montana Administrative Procedure Act. At the request of a party or upon a showing that the party’s case was substantially prejudiced by the lack of an in-person hearing, the hearings officer shall grant a de novo in-person hearing.

(3) The hearings officer shall determine the liability and responsibility, if any, of the parent or parents under the notice and shall enter a final decision and order in accordance with the determination. The order may award support from the date of:

(a) the child’s birth if paternity was established under 40-5-231 through 40-5-238 or under Title 40, chapter 6, part 1, subject to the limitation in 40-6-108(3)(b);

(b) the parties’ separation if support is initially established under 40-5-225; or

(c) notice to the parties of a support modification request under 40-5-273.

(4) (a) Except as provided in subsection (4)(b), if the parent or parents fail to appear at the hearing or to timely file a request for a hearing, the hearings officer, upon a showing of valid service, shall enter a default decision and order declaring the amount stated in the notice to be final.

(b) In a multiple party proceeding under 40-5-225, if one party files a timely request for hearing, the matter must be set for hearing. Notice of the hearing must be served on the parties. If a party refuses to appear for the hearing or participate in the proceedings, the hearings officer shall determine child

support and medical support orders based on the notice, information available to the department, and evidence provided at the hearing by the appearing parties. A party's refusal to appear is a consent to entry of child and medical support orders consistent with the hearings officer's determination. However, the default order may not be for more than the support requested in the notice unless the hearings officer finds that the evidence requires a larger amount.

(5) In a hearing to determine financial responsibility, whether temporary or final, and in any proceeding to modify support under 40-5-272, 40-5-273, ~~and 40-5-276 through 40-5-277~~, and 40-5-278, the monthly support responsibility must be determined in accordance with the evidence presented and with reference to the uniform child support guidelines adopted by the department under 40-5-209. The hearings officer is not limited to the amounts stated in the notice. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the order is entered upon the parties' consent. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the hearings officer finds by clear and convincing evidence that the application of the guidelines is unjust to the child or to any of the parties or is inappropriate in a particular case. If the hearings officer finds that the guideline amount is unjust or inappropriate in a particular case, the hearings officer shall state the reasons for finding that the application of the guidelines is unjust to the child or a party or is inappropriate in that particular case. Similar findings must also be made in a case in which the parties have agreed to a support amount that varies from the guideline amount. The hearings officer may vary the application of the guidelines to limit the obligor's liability for past support to the proportion of expenses already incurred that the hearings officer considers just. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(6) In a hearing to enforce a support order or to establish paternity under this chapter, the department shall send a copy of the notice of hearing to the obligee by regular mail addressed to the obligee's last-known address. The obligee may attend and observe the hearing as a nonparty. This subsection does not limit participation of an obligee who is a party to the proceedings or who is called as a witness to testify.

(7) (a) Within 60 days after the hearing has been concluded, any posthearing briefs are received, and all the evidence submitted, except for good cause, the hearings officer shall enter a final decision and order. The determination of the hearings officer constitutes a final agency decision, subject to judicial review under 40-5-253 and the provisions of the Montana Administrative Procedure Act. A copy of the final decision must be delivered or mailed to each party, each party's attorney, and the obligee if the obligee is not a party.

(b) A child support obligation established under this section is subject to the registration and processing provisions of part 9 of this chapter.

(8) A support order entered under this part must contain a statement that the order is subject to review and modification by the department upon the request of the department or a party under 40-5-272, 40-5-273, ~~and 40-5-276 through 40-5-277~~, and 40-5-278 when the department is providing services under IV-D for the enforcement of the order.

(9) A support debt determined pursuant to this section is subject to collection action without further necessity of action by the hearings officer.

(10) A child support obligation determined under this part by reason of the obligor's failure to request a hearing under this part or failure to appear at a scheduled hearing may be vacated, upon the motion of an obligor, by the hearings officer within the time provided and upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure. When issuing a support order, the department shall consider whether any of the exceptions to immediate income withholding found in 40-5-411 apply, and, if an exception is applicable, the department shall include the exception in the support order.

(11) (a) Unless the hearings officer makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, each order establishing a child support obligation, whether temporary or final, and each modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearings officer.

(b) If an obligor is excepted from paying support through income withholding, the support order must include a requirement that whenever a party to the case is receiving IV-D services, support payments must be paid through the department as provided in 40-5-909.

(12) (a) If the department establishes paternity or establishes or modifies a child support obligation, the department's order must include a provision requiring each party other than the department to promptly file with the department and to update, as necessary, information on:

- (i) identity of the party;
- [(ii) social security number;]
- (iii) residential and mailing addresses;
- (iv) telephone number;
- (v) driver's license number;
- (vi) name, address, and telephone number of employer; and
- (vii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or health benefit plan, the policy identification number, the name of the persons covered, and any other pertinent information regarding coverage or, if the child is not covered, information as to the availability of coverage for the child through the obligor's and obligee's employer.

(b) The order must further direct that in a subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of the party, the department's due process requirements for notice and service of process are met with respect to the party upon delivery of written notice by regular mail to the most recent address of the party or the party's employer's address reported to the department.

(c) The department shall keep the information provided under subsection (12)(a) confidential except as necessary for purposes of Title IV-D of the Social Security Act.

(13) The hearings officer may:

(a) compel obedience to the hearings officer's orders, judgments, and process and to subpoenas and orders issued by the department, including income-withholding orders issued pursuant to 40-5-415;

(b) compel the attendance of witnesses at administrative hearings;

(c) compel obedience of subpoenas for paternity blood tests;

(d) compel the production of accounts, books, documents, and other evidence;

(e) punish for civil contempt. Contempt authority does not prevent the department from proceeding in accordance with the provisions of 2-4-104.

(f) compel the production of information requested by the department or a IV-D agency of another state under 40-5-443.

(14) A contempt occurs whenever:

(a) a person acts in disobedience of any lawful order, judgment, or process of the hearings officer or of the department;

(b) a person compelled by subpoena to appear and testify at an administrative hearing or to appear for genetic paternity tests fails to do so;

(c) a person compelled by subpoena duces tecum to produce evidence at an administrative hearing fails to do so;

(d) an obligor or obligee subject to a discovery order issued by the hearings officer fails to comply with discovery requests;

(e) a person or entity compelled by administrative subpoena from the department or another IV-D agency to produce financial information or other information needed to establish paternity or to establish, modify, or enforce a support order fails to do so;

(f) a payor under an order to withhold issued pursuant to 40-5-415 fails to comply with the provisions of the order. In the case of a payor under an income-withholding order, a separate contempt occurs each time that income is required to be withheld and paid to the department and the payor fails to take the required action.

(g) a payor or labor union fails to provide information to the department or another IV-D agency when requested under 40-5-443[; or]

[(h) a financial institution uses information provided by the department pursuant to 40-5-924 for any other purpose without the authorization of the department].

(15) Before initiating a contempt proceeding, the department shall give the alleged contemnor notice by personal service or certified mail of the alleged infraction and a reasonable opportunity to comply with the law and to cure the alleged infraction. In order to initiate a contempt proceeding, an affidavit of the facts constituting a contempt must be submitted to the hearings officer, who shall review it to determine whether there is cause to believe that a contempt has been committed. If cause is found, the hearings officer shall issue a citation requiring the alleged contemnor to appear and show cause why the alleged contemnor should not be determined to be in contempt and required to pay a penalty of not more than \$500 for each count of contempt. The citation, along with a copy of the affidavit, must be served upon the alleged contemnor either by personal service or by certified mail. All other interested persons may be served a copy of the citation by first-class mail.

(16) At the time and date set for hearing, the hearings officer shall proceed to hear witnesses and take evidence regarding the alleged contempt and any defenses to the contempt. If the alleged contemnor fails to appear for the hearing, the hearing may proceed in the alleged contemnor's absence. If the hearings officer finds the alleged contemnor in contempt, the hearings officer may impose a penalty of not more than \$500 for each count found. The hearings officer's decision constitutes a final agency decision, subject to judicial review under 40-5-253 and subject to the provisions of Title 2, chapter 4.

(17) An amount imposed as a penalty may be collected by any remedy available to the department for the enforcement of child support obligations, including warrant for distraint pursuant to 40-5-247, income withholding pursuant to Title 40, chapter 5, part 4, and state debt offset, pursuant to Title 17, chapter 4, part 1. The department may retain any penalties collected under this section to offset the costs of administrative hearings conducted under this chapter.

(18) The penalties charged and collected under this section must be paid into the state treasury to the credit of the child support enforcement division special revenue fund and must be accompanied by a detailed statement of the amounts collected. (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)”

Section 3. Section 40-5-234, MCA, is amended to read:

“40-5-234. Paternity blood tests — use of expert’s affidavit — effect of test results — records — presumption. (1) The department shall appoint an expert who is qualified in examining genetic markers to conduct any paternity blood test required by 40-5-233.

(2) An affidavit documenting the chain of custody of any blood specimen is admissible to establish the chain of custody.

(3) If the scientific evidence resulting from a paternity blood test:

(a) conclusively shows that the alleged father could not have been the natural father, the question of paternity must be resolved accordingly. A finding under this subsection is sufficient to overcome a presumption created by 40-6-105.

(b) shows a 95% or higher statistical probability of paternity, the alleged father is presumed to be the natural father of the child. This presumption may be rebutted in an appropriate action in district court by a preponderance of the evidence.

(c) does not exclude the alleged father and shows less than a 95% statistical probability of paternity, the test results may be weighed in conjunction with other evidence to establish paternity.

(4) The department may enter an order of nonpaternity based on a blood test exclusion and may order the department of public health and human services to prepare an amended or substitute birth certificate.

(5) The department may enter in the support order registry established in ~~40-5-271~~ 40-5-906 a written finding of any paternity presumption created by paternity blood test results.

(6) A presumption of paternity established under this section is a sufficient basis for establishing a support order.”

Section 4. Section 40-5-248, MCA, is amended to read:

“40-5-248. Lien against real and personal property — effect of lien — interest — warrant for distraint. (1) There is a support lien on the real and personal property of an obligor:

(a) when the department has entered a final decision in a contested case under this chapter that finds the obligor owes a sum certain debt either to the department or to an obligee, or both; or

(b) upon registration under ~~40-5-271~~ 40-5-906 of a support order that includes finding that the obligor owes a sum certain amount of delinquent support.

(2) A support lien is for the amount required to satisfy:

(a) the sum certain debt shown in a final decision in a contested case under this chapter or the sum certain support debt included in any support order registered under ~~40-5-271~~ 40-5-906;

(b) interest claimed under this section; and

(c) any fees that may be due under 40-5-210.

(3) A support lien has the priority of a secured creditor from the date the lien is perfected as provided by this section; however, the lien is subordinate to:

(a) any prior perfected lien or security interest;

(b) a mortgage, the proceeds of which are used by an obligor to purchase real property; or

(c) any perfected purchase money security interest, as described in 30-9A-301.

(4) Support liens remain in effect until the delinquency upon which the lien is based is satisfied or until the applicable statute of limitations expires, whichever occurs first.

(5) The lien applies to all real and personal property owned by the obligor if it can be located in the state. The lien applies to all real and personal property that the obligor can afterward acquire. Except as provided in subsections (5)(a) and (5)(b), the department may not impose a lien under this section upon a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1.

(a) The department may impose a lien under this section upon a self-sufficiency trust or upon the assets of a self-sufficiency trust established pursuant to Title 53, chapter 18, part 1, if the department is required by federal law to recover or collect from the trust or its assets as a condition of receiving federal financial participation for the child support enforcement program or for temporary assistance for needy families, as defined in 53-4-201.

(b) To the extent otherwise permitted by this section, the department is not precluded from asserting a claim or imposing a lien upon real or personal property prior to transfer of the property to the trust. If the department imposes a lien upon property prior to transfer to a self-sufficiency trust, any transfer of the property to the trust is subject to the lien.

(6) The department shall keep a record of support liens asserted under this section in the registry of support orders established by ~~40-5-271~~ 40-5-906.

(7) A support lien is perfected:

(a) as to real property, upon filing a notice of support lien with the clerk of the district court in the county or counties in which the real property is or may be located at the time of filing or at any time in the future;

(b) as to motor vehicles or other items for which a certificate of title is issued by the department of justice, upon filing a notice of support lien with the department of justice in accordance with the provisions of Titles 23 and 61;

(c) as to all other personal property, upon filing a notice of support lien in the place required to perfect a security interest under 30-9A-301. The county clerk and recorder or the secretary of state, as appropriate, shall cause the notice of support lien to be marked, held, and indexed as if the notice of support lien were a financing statement within the meaning of the Uniform Commercial Code.

(8) A buyer, in the ordinary course of business, who buys an obligor's personal property for value and who buys in good faith and without knowledge of the support lien takes the property free of the support lien.

(9) (a) The department may charge interest on the support lien at the rate of 1% per month.

(b) Interest accrues at the close of the business day on the last day of each month and is calculated by multiplying the unpaid balance of the lien, including prior accrued interest existing at the end of the day, by the applicable rate of interest.

(c) A provision of this section may not be construed to require the department to maintain interest balance due accounts. The department may waive interest if waiver would facilitate the collection of the debt.

(d) Interest under this subsection (9) is in addition to and not in substitution for any other interest accrued or accruing under any other provision of law.

(10) (a) Upon receiving payment in full of the amount of the lien plus interest and fees, if any, the department shall take all necessary steps to release the support lien.

(b) Upon receiving partial payment of the support lien or if the department determines that a release or partial release of the lien will facilitate the collection of support arrearages, the department may release or partially release the support lien. The department may release the support lien if it determines that the lien is unenforceable.

(11) A support lien under this section is in addition to any other lien created by law.

(12) A support lien under this section may not be discharged in bankruptcy.

(13) Support liens provided for by this section may be enforced or collected through the warrant for distraint provided for by 40-5-247."

Section 5. Section 40-5-271, MCA, is amended to read:

"40-5-271. Registration of support orders. (1) The department may, for the purpose of review and modification proceedings under 40-5-272 and 40-5-273, register support orders issued by ~~a district court of this state or by~~ a court or administrative agency of another state. Registration of the order under this section does not confer jurisdiction for any purpose other than for the review and modification process.

(2) When the department conducts review and modification proceedings, the department shall give the parties notice by personal service or certified mail and opportunity to contest registration of the order. *The notice may be included in*

the notice issued under 40-5-273. A party seeking to vacate the registered order has the burden of proving that the court or agency issuing the order:

- (a) did not have jurisdiction to enter the order;
- (b) did not have personal jurisdiction over the party; or
- (c) did not give the party reasonable notice and opportunity to be heard before the order was entered.

(3) (a) As an alternative to any other registration process or remedy available for the enforcement of a support order issued by a court or agency in another state, the department may register the support order under this subsection (3).

(b) Registration under this subsection (3) is only for the purpose of enforcement and does not confer jurisdiction for any other purpose such as visitation, custody, or paternity disputes.

(c) If an order is registered for enforcement under this subsection (3), the department shall notify the parties to the order of the registration. A copy of the registered order must be included with the notice. The notice must inform the parties:

- (i) of the amount of any alleged arrearage as of the date of the notice;
- (ii) that a party may request a hearing to vacate the registration or to assert defense to any alleged arrearage for any reason set out in subsection (3)(e);
- (iii) that a hearing to contest the validity or enforcement of the order must be requested within 20 days after service of the notice; and
- (iv) that failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearage and will preclude further contest of the order with respect to any matter that could have been asserted at the hearing.

(d) A party seeking to contest the validity or enforcement of a registered order shall request a hearing within 20 days after service of the notice of registration. If a party fails to contest the validity or enforcement of the registered order in a timely manner, the order is confirmed by operation of law. If a party timely requests a hearing to contest the validity or enforcement of the order, the department shall schedule the matter for hearing.

(e) A party contesting the validity or enforcement of a registered order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

- (i) the court or agency issuing the order did not have subject matter jurisdiction to enter the order or lacked personal jurisdiction over the contesting party;
- (ii) the court or agency issuing the order did not give the party reasonable notice and opportunity to be heard before the order was entered;
- (iii) the order was obtained by fraud;
- (iv) the issuing court or agency has stayed enforcement of the order pending appeal;
- (v) the order has been vacated, suspended, or modified by a later order;
- (vi) there is a defense under the law of this state to the remedy sought; or
- (vii) the statute of limitations precludes enforcement of some or all of the arrearages.

(f) If the contesting party does not establish a defense under subsection (3)(e) to the validity or enforcement of the order, the department shall issue an order confirming the order. Confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of the registration. A confirmed order is enforceable as of the date of confirmation in the same manner as an order issued by the department or a district court of this state.

(g) In a proceeding for arrears, the statute of limitations under the laws of this state or of the issuing state, whichever is longer, applies.

(h) Hearings under this subsection (3) are subject to the provisions of the Montana Administrative Procedure Act and must initially be conducted by teleconferencing methods. At the request of a party, the hearings officer shall, at the close of a teleconference hearing, grant a de novo in-person hearing."

Section 6. Section 40-5-272, MCA, is amended to read:

"40-5-272. Application for review of child support orders. (1) Upon the application of the department, the obligor, or the obligee, a support order ~~filed with the support order registry~~ *issued by a district court of this state or by a court or administrative agency of another state or a previously issued administrative support order of this state* may be reviewed by the department to determine whether the support order should be modified in accordance with the guidelines.

(2) Jurisdiction to conduct the review and to issue a modifying order under 40-5-273, ~~and 40-5-276 through 40-5-277, and 40-5-278~~ is authorized when:

- (a) the obligor and the obligee reside in this state; or
- (b) jurisdiction can be obtained as provided under 40-5-231.

(3) Jurisdiction to review a child support order under this section does not confer jurisdiction for any other purpose, such as custody or visitation disputes.

(4) Criteria constituting sufficient grounds for review of a child support order include:

(a) a substantial change in circumstances as defined by administrative rules;

(b) *the need to provide for the child's health care needs, regardless of the availability of health insurance coverage to the obligor's child through the obligor's employment or other group insurance; or*

(c) a lapse of 36 months from the date that:

(i) the order was entered ~~or last reviewed;~~

(ii) *an administrative hearing was granted under 40-5-277; or*

(iii) *an administrative order was issued denying a modification because of the applicant's failure to meet one of the criteria described in this subsection (4); or*

(d) *a change in custody of the child.*

(5) *A party may withdraw the party's request for modification prior to the issuance of the notice described in 40-5-273. After the issuance of the notice, if a party withdraws a request for modification, the nonrequesting party may continue the modification action by filing with the department a written request to continue.*

~~(5)~~(6) The department shall make available procedures and forms that allow the obligor or the obligee to complete the review process without legal counsel.

(6)(7) To the extent that they are consistent with this section, the provisions of 40-5-145, 40-5-149, and 40-5-150 apply to this section.”

Section 7. Section 40-5-273, MCA, is amended to read:

“40-5-273. Administrative Notice of review of child support orders — order for production of information. (1) Upon receipt of a review application setting forth facts meeting any of the criteria for review of a child support order established in 40-5-272, a notice ~~that an~~ of administrative review ~~will be conducted~~ and an order for the production of financial information, *if appropriate*, must be served either personally or by certified mail on the obligor, the obligee, and any other party entitled to notice. If service is by certified mail, the department must receive a return receipt signed by the person to whom the notice was mailed for the service to be effective. Service of the notice is considered to be effective if, in the absence of a return receipt, the person to whom the notice was mailed requests a hearing or appears at the administrative review *hearing*. The notice must include ~~the following information as an exception to 2-4-601 a statement:~~

Section 8. Section 40-5-277, MCA, is amended to read:

"40-5-277. Administrative review hearing after review — final order — court approval of order. (1) Upon receipt of a timely request for hearing from a party ~~to a review session~~, the department shall schedule an administrative hearing. The hearing is a contested case as defined in 2-4-102 and must initially be conducted by teleconferencing methods. At the request of a party or upon a showing that the party's case was substantially prejudiced by the lack of an in-person hearing, the department shall grant a de novo in-person hearing. The hearing is subject to Title 2, chapter 4, and 40-5-253, except as otherwise provided in 40-5-272, 40-5-273, ~~and 40-5-276 through 40-5-277, and 40-5-278.~~

~~(2) The administrative hearing following a review session is limited to resolution of contested facts identified by the parties or the department during the review session.~~

~~(3) If additional discovery is requested by a party, the hearings officer may issue subpoenas ordering the department to produce unprotected information and ordering other parties to produce information in their possession about the obligor and the obligee that may be reasonably necessary for application of the guidelines.~~

~~(4)(2)~~ In addition to the powers and duties provided by other law, to ensure the equitable determination of a support obligation, during a review hearing the department shall:

(a) question witnesses in a nonadversarial manner to elicit full disclosure of all pertinent facts in dispute;

(b) hear evidence submitted by the parties and rule on its admissibility; and

(c) apply the guidelines to the facts agreed upon and to those determined at the hearing on disputed matters.

~~(5) On the basis of evidence presented on the contested facts at the administrative hearing and the agreed facts determined in the review session, the department may:~~

~~(a) adopt its own recommendation;~~

~~(b) determine a support obligation in accordance with the guidelines and issue a modifying order; or~~

~~(c) terminate the review.~~

(3) The hearings officer shall determine the liability and responsibility, if any, of the parent or parents under the notice. The monthly support obligation must be determined with reference to the child support guidelines adopted by the department under 40-5-209. The hearings officer is not limited to the amounts stated in the notice. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the order is entered upon the parties' consent. A verified representation of a defaulting parent's income and financial condition, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable award unless the hearings officer finds by clear and convincing evidence that the application of the guidelines is unjust to the child or to any of the parties or is inappropriate in a particular case. If the hearings officer finds that the guideline amount is unjust or inappropriate in a particular case, the hearings officer shall state the reasons for finding that the application is unjust or inappropriate. Similar findings must also be made in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

~~(6)~~(4) If the department determines that the difference between the existing support order and the amount determined under the guidelines is negligible under rules issued by the department, the modified support order may not change the amount of the support obligation. Regardless of the amount of the support order, the department may determine that an order for the provision of health insurance is appropriate.

~~(7)~~(5) The department shall consider whether or not health insurance for the child is available and make an appropriate order in accordance with part 8 of this chapter for the provision of the child's health insurance.

~~(8)~~(6) In addition to complying with other requirements of law, the modified support order must include the following notices and warnings:

(a) that the parties keep the department informed of the name and address of the obligor's current employer and information on health insurance available to the parties through employment or other group insurance; and

(b) that the modified order is subject to future administrative review and modification by the department upon the request of the department or a party

under ~~40-5-271 through 40-5-273 and 40-5-276 through 40-5-278~~ *this part* when the department is providing services under Title IV-D of the Social Security Act.

(9)(7) Except as provided in subsection ~~(10) (8)~~, an order entered under this section:

(a) is a final agency decision and is subject to judicial review pursuant to the Montana Administrative Procedure Act; and

(b) must notify the parties that the order is subject to judicial review under Title 2, chapter 4, part 7, and 40-5-253.

~~(10)(8) (a) An administrative modified support order issued under 40-5-276 or this section that modifies a support order entered by a Montana court or a court of another jurisdiction or a court of another jurisdiction is not effective as a final order until the modified order is filed with and approved by the court that entered the order, if that order was entered by a Montana district court. If the order was entered by a court of another jurisdiction, the order must be filed with and approved by a Montana district court that is an appropriate court under the Montana laws or rules of court governing jurisdiction and venue in civil proceedings, if that order was entered by a Montana district court. If the order was entered by a court of another jurisdiction, the order must be filed with and approved by a Montana district court that is an appropriate court under the Montana laws or rules of court governing jurisdiction and venue in civil proceedings. The department shall file the proposed modified order with the appropriate court under the Montana laws or rules of court governing jurisdiction and venue in civil proceedings and shall serve the order on the parties and their counsel of record in the administrative and court proceedings personally or by certified mail, return receipt requested by mail or personal service in accordance with Rule 5 of the Montana Rules of Civil Procedure. Service is complete upon signing of the return receipt mailing to the last-known address of the parties and counsel of record.~~

(b) A party may file a written objection to an administrative modified support order proposed by the department under this section with the court within 20 days after service of a copy of the order on the party. The court shall set a date for a hearing on the objection to the proposed order. If an objection is not filed, the court may without further notice enter its order.

(c) The court may adopt an administrative modified support order proposed under ~~40-5-276~~ or this section, modify it, reject it, or remand it to the department with instructions for further hearing. Service of the court order must be in accordance with Rule 5 of the Montana Rules of Civil Procedure. If the court modifies a proposed administrative modified support order proposed under ~~40-5-276~~ or this section without a hearing, a party may file an objection to the court's modification within 10 days of service of the court's order on the party. If an objection is filed, the court shall set a date for hearing the objection and shall enter its final order after the hearing."

Section 9. Section 40-6-116, MCA, is amended to read:

"40-6-116. Judgment or order. (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) (a) The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.

(c) The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) (a) Support judgments or orders ordinarily must be for periodic payments, which may vary in amount.

(b) In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

(c) The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court considers just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

- (a) the needs of the child, including medical needs;
- (b) the standard of living and circumstances of the parents;
- (c) the relative financial means of the parents;
- (d) the earning ability of the parents;
- (e) the need and capacity of the child for education, including higher education;
- (f) the age of the child;
- (g) the financial resources and the earning ability of the child;
- (h) the responsibility of the parents for the support of others;
- (i) the value of services contributed by the custodial parent;
- (j) the cost of day care for the child; and
- (k) any custody arrangement that is ordered or decided upon.

(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of public health and human services pursuant to 40-5-209. The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court finds that the guideline amount is unjust or inappropriate in a particular case, it shall state its reasons for finding that the application of the standards and guidelines is unjust to the child or a party or is inappropriate in that particular case. Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(d) Child support obligations established under this section are subject to the registration and processing provisions of *Title 40*, chapter 5, part 9.

(7) The judgment or order, whether temporary or final, concerning child support and each modification of a judgment or order for child support must include a medical support order as defined in 40-5-804.

(8) (a) Unless an exception is found under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation made under 40-6-118 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the exception or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period.

(c) If an obligor is excepted from paying support through income withholding, the support order must include as part of the order a requirement that whenever the case is receiving services under Title IV-D of the Social Security Act, support payments must be paid through the department of public health and human services as provided in 40-5-909.

(9) (a) If the district court establishes paternity or establishes or modifies a child support obligation, the judgment, decree, or order must include a provision requiring the parties to promptly file with the court and to update, as necessary, information on:

- (i) identity of the party;
- [(ii) social security number;]
- (iii) residential and mailing addresses;
- (iv) telephone number;
- (v) driver's license number;
- (vi) name, address, and telephone number of the party's employer; and
- (vii) if the child is covered by a health or medical insurance plan, the name of the insurance carrier or health benefit plan, the policy identification number, the name of the persons covered, and any other pertinent information regarding coverage or, if the child is not covered, information as to the availability of coverage for the child through the party's employer.

(b) The order must further direct that in any subsequent child support enforcement action, upon sufficient showing that diligent effort has been made to ascertain the location of the party, the district court or the department of public health and human services, if the department is providing services under Title IV-D of the Social Security Act, may consider the due process requirements for notice and service of process to be met with respect to the party upon delivery of written notice by regular mail to the most recent address of the party or the party's employer's address reported to the court.

(10) A judgment, decree, or order establishing a child support obligation under this part may be modified or adjusted as provided by 40-4-208 or, if the department of public health and human services is providing services under Title IV-D of the Social Security Act, may be modified or adjusted, by the department as provided for in 40-5-271 through 40-5-273, ~~and 40-5-276 through 40-5-277, and 40-5-278.~~

[(11) The social security number of a person subject to a paternity determination under this part must be recorded in the records relating to the matter. The recordkeeper shall keep the social security number from this source confidential, except that the number may be provided to the department of public health and human services for use in administering Title IV-D of the Social Security Act.] (Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)”

Section 10. Repealer. Section 40-5-276, MCA, is repealed.

(b) is an amputee above the wrist or ankle; or

(c) is certified by a licensed physician to be unable to walk, unassisted, 600 yards over rough and broken ground while carrying 15 pounds within 1 hour and to be unable to handle and maneuver up to 25 pounds.

(2) "Construction management contract" means a contract in which the contractor acts as the public owner's construction manager and provides leadership and administration for the project, from planning and design, in cooperation with the designers and the project owners, to project startup and construction completion. (3) "Contractor" has the meaning provided in 18-4-123.

(4) "Design-build contract" means a contract in which the designer-builder assumes the responsibility and the risk for architectural or engineering design and construction delivery under a single contract with the owner.

(6) "Governing body" means the legislative authority of:

(a) a municipality, county, or consolidated city-county established pursuant to Title 7, chapter 1, 2, or 3;

(2) Prior to awarding an alternative project delivery contract, the state agency or the governing body shall determine that the proposal meets at least two of the sets of criteria described in subsections (2)(a) through (2)(c) and the provisions of subsection (3). To make the determination, the state agency or the governing body shall make a detailed written finding that:

governing body may consider in making its findings include, but are not limited to:

(i) operational and financial data that show significant savings or increased opportunities for generating revenue as a result of early project completion;

(ii) demonstrable public benefits that result from less time for construction; or

(iii) less or a shorter duration of disruption to the public facility.

(b) by using an alternative project delivery contract, the design process will contribute to significant cost savings. (c) the project presents significant technical complexities that necessitate the use of an alternative delivery project contract.

(3) The state agency or the governing body shall make a detailed written finding that using an alternative project delivery contract will not:

(a) encourage favoritism or bias in awarding the contract; or

(b) substantially diminish competition for the contract.

Section 3. Alternative project delivery contract — award criteria.

(1) (a) Whenever a state agency or a governing body determines, pursuant to [section 2], that an alternative project delivery contract is justifiable, the state agency or the governing body shall publish a request for qualifications.

(b) After evaluating the responses to the request for qualifications, a request for proposals must be sent to each respondent that meets the qualification criteria specified in the request for qualifications. The request for proposals must clearly describe the project, the state agency's or the governing body's needs with respect to the project, the requirements for submitting a proposal, criteria that will be used to evaluate proposals, and any other factors, including any weighting, that will be used to award the alternative project delivery contract.

(2) The state agency's or the governing body's decision to award an alternative project delivery contract must be based, at a minimum, on:

(a) the applicant's:

(i) history and experience with projects similar to the project under consideration;

(ii) financial health;

(iii) staff or workforce that is proposed to be committed to the project;

(iv) approach to the project; and

(v) project costs; and

(b) any additional criteria or factors that reflect the project's characteristics, complexities, or goals.

(d) review and approve all change orders; and

(e) accept the building when completed according to accepted plans and specifications.

(2) The department may delegate on a project-by-project basis any powers and duties under subsection (1) to other state agencies, including units of the Montana university system, upon terms and conditions specified by the department.

(4) The department need not require the provisions of Montana law relating to advertising, bidding, or supervision when proposed construction costs are \$75,000 or less. However, with respect to a project having a proposed cost of \$75,000 or less but more than \$25,000, the agency awarding the contract shall procure at least three informal bids from contractors registered in Montana, if reasonably available.

(5) For the construction of buildings owned or to be owned by a school district, the department shall, upon request, provide inspection to ensure compliance with the plans and specifications for the construction of the buildings. “Construction” includes construction, repair, alteration, equipping, and furnishing during construction, repair, or alteration. These services must be provided at a cost to be contracted for between the department and the school district, with the receipts to be deposited in the department’s construction regulation account in a state special revenue fund.

(6) It is the intent of the legislature that student housing and other facilities constructed under the authority of the regents of the university system are subject to the provisions of subsections (1) through (3).

(7) The department of military affairs may act as the contracting agency for buildings constructed under the authority of 18-2-102(2)(d). (3) Except for district needs that must be met because of an unforeseen emergency, as defined in 20-3-322(5), or as provided in subsection (4) of this section, whenever the estimated cost of any building, furnishing, repairing, or other work for the benefit of the district or purchasing of supplies for the district exceeds the sum of \$25,000, the work done or the purchase made must be by contract. ~~Each~~ *Except as provided in [sections 1 through 3], each* contract must be let to the lowest responsible bidder after advertisement for bids.
